Workshop: October 24, 2016 At 5pm In The City Council Room

Salute To Flag

- A. Approval Of Minutes: October 13, 2016.

Next Meeting: Thursday, November 10, 2016 (W/ Monday, November 7, 2016 Caravan & Workshop)

August 5, 2016

Honorable Joanne Yepsen, Mayor
City of Saratoga Springs
City Hall
474 Broadway
Saratoga Springs, NY 12866

Dear Mayor Yepsen:

RE: SPA-HOUSING ORDINANCE

We are pleased to submit to the City Council the attached zoning amendment that would create “The Saratoga Places for All (SPA) Housing Ordinance”.

We request that at the August 16, 2016 City Council meeting, you vote to determine that this zoning amendment has “merit for review” and that it be forward to the City and County Planning Boards for the required advisory opinions.

This is new ordinance is based on the draft ordinance developed in 2006 by the City’s Inclusionary Zoning Ordinance Development (IZOD) Committee headed by Monte Franke. This Committee held 30 meetings over 14 months to develop this ordinance. Working off of ordinances from similar sized communities, the Committee uniquely tailored that ordinance to Saratoga Springs. However, in 2007, that ordinance did not make it to the Council table for a vote.

We believe now is the time for the City Council to reconsider this ordinance. It will result in a program that will guarantee more diverse housing opportunities for Saratogians – especially for middle income households. In the last 10 years, housing costs have increased and remain out of reach for many Saratogians. For years there has been much talk of the need for affordable housing – and this ordinance can be part of the effort to make Saratoga Springs more livable for all income groups.

The ordinance would require developers of housing developments of 10 or more units to set aside up to 20% of the units as affordable in sale or rental to households of modest income. Developers are given up to a 20% density bonus, or right to build more units on the same site, to offset the cost of providing these affordable units. This ordinance takes advantage of market forces and development capacity to produce affordable units that are integrated into housing throughout the community. There are no State or Federal subsidies or actions in this program. There are manageable administrative costs to the City.

Sustainable Saratoga is interested in bringing this ordinance back to City Council because we think it is a good housing program for Saratoga Springs. This ordinance would add an important missing element in our community's overall housing effort. It deserves to have community discussion and consideration.

Our website www.sustainablesaratoga.org contains more information about this ordinance and the housing needs of the community. We will be transmitting this information to you under separate cover.

Sincerely,

Harold J. Moran

Harry Moran
Chair

[FOR OFFICE USE]

(Application #)

(Date received)

PETITION FOR: ZONING AMENDMENT

(Rev: 1/2016)

1. Name of Petitioner: Sustainable Saratoga

2. Type of Amendment (Map or Text):

Map Amendment:

Site Location: _____ Tax Parcel #: _____

Current Zoning: _____ Proposed Zoning: _____

Reason for amendment: _____

Text Amendment:

Section to be amended: Article 4.4

Proposed wording of text amendment (attach additional sheets if necessary):

See attached text

Reason for amendment: _____

To achieve more diverse and affordable housing within the city

3. Professional Representing Applicant (if any):

Name: _____ Phone: _____

Address: _____ Email: _____

Identify primary contact person: Applicant Owner Agent

4. Does any City officer, employee or family member thereof have a financial interest (as defined by General Municipal Law Section 809) in this application? YES NO . IF YES, a statement disclosing the name, residence, nature and extent of this interest must be filed with this application.

Please check the following to affirm information is included with submission.

Environmental Assessment Form - All petitions must include a completed SEQR Short or Long Form. SEQR forms can be completed at <http://www.dec.ny.gov/permits/6191.html>.

Petition Fee: \$700.00 plus \$100/acre Total \$ Request waiver due to Public Benefit
A check for the total amount payable to: "Commissioner of Finance" must accompany this petition.

Submit **10 copies, and one electronic copy (PDF)** of complete petition and all attachments.

Location map (Map Amendment): Submit (4) large scale 24" x 36", and (10) 11"x17" copies.

All completed petitions are to be submitted to **the Office of the Mayor for consideration.**

I, the undersigned owner or purchaser under contract for the property, hereby request zoning amendment approval by the City Council for the above petition. I agree to meet all requirements under Section 240-10.0 of the Zoning Ordinance for the City of Saratoga Springs.

Furthermore, I hereby authorize members of the City Council, Planning Board and designated City staff to enter the property associated with this petition for purposes of conducting any necessary site inspections relating to this petition.

Proposed SPA Housing Zoning Ordinance (August 2016)

This proposed zoning amendment is nearly identical to the Inclusionary Zoning Ordinance amendment proposed in 2006

Proposed Amendments to the Zoning Ordinance of the City of Saratoga Springs

ARTICLE 4.4 – INCLUSIONARY ZONING

240-4.4.1 LEGISLATIVE FINDINGS

- A. The City Council of the City of Saratoga Springs finds that:
- (1) Over the last decade, rising housing prices and rents have made it increasingly difficult for long-term City residents and workers to afford to live in the City, and may ultimately displace long-term residents who contribute so much to the City. Lack of access to decent affordable housing has a direct negative impact upon the health, safety and welfare of the residents of the City.
 - (2) Economic diversity is essential to the health of Saratoga Springs. A sound local economy requires a stable workforce at all wage levels. City businesses and employers are finding it more difficult to attract and retain employees, especially lower wage workers that have to live further from the City and endure longer commutes to work. This has the potential to harm the economic vitality of the City.
 - (3) Developers are in a unique position to produce needed units for working households at a reduced cost, provided the City grants them the ability to provide additional units over and above those currently permitted by zoning. Inclusionary zoning is a market-based response that achieves affordable housing by reducing or eliminating land cost through increased density.
 - (4) Inclusionary zoning can be enacted without discouraging development or negatively affecting community character. Inclusionary zoning approaches have been used successfully in communities nationwide to provide worker housing. Inclusionary housing policies can ensure an equitable distribution of affordable housing opportunities throughout all neighborhoods and zones of the City without excessive burden to any single site or area.
- B. The City has reviewed inclusionary zoning ordinances and inclusionary housing studies from around the country and adapted provisions that are appropriate to the needs and opportunities that exist in this City, has consulted with the development community and other stakeholders, and has designed an approach that is sensitive to the interests and concerns of this community.

240-4.4.2 PURPOSE

Now, therefore, the City Council of the City of Saratoga Springs, in accordance with the powers and authority vested in it by General City Law section 20 (24), 20 (25), and 81-d, hereby enacts this article in the best interests of the people of Saratoga Springs. The purposes of this article are to:

- (1) Utilize market forces to produce homebuyer and rental housing units that are affordable to working households in the City through reasonable density bonuses and affordable unit pricing without undue financial burden.
- (2) Encourage the development of housing affordable to a broad range of households with varying income levels, and mitigate the market forces excluding housing that meets the needs of all economic groups within the City.
- (3) Promote the City's goal of increasing the workforce housing stock in a uniform and predictable manner and in proportion to the overall increase in new housing units.
- (4) Ensure the availability of workforce housing throughout the community and equitably share the responsibility for workforce housing across all neighborhoods.
- (5) Mitigate environmental and other impacts that accompany new residential development by reducing traffic, transit and related air quality impacts, promoting a housing balance and reducing the demands placed on transportation infrastructure in the region.
- (6) Prevent overcrowding and deterioration of the limited supply of workforce housing and, thereby, promote public health, safety and general welfare.
- (7) Provide for efficient administration in the approval, implementation and monitoring of projects.

240-4.4.3 DEFINITIONS

As used in this article, the following terms shall have the following meanings:

AFFORDABLE RENT: Monthly rent that does not exceed one-twelfth of thirty-five percent (35%) of the maximum annual income for a household earning fifty percent (50%) of City Median Income (Low Income) or eighty percent (80%) of City Median Income (Moderate Income).

AFFORDABLE OWNERSHIP COST: A sales price that results in a monthly housing cost (including mortgage, insurance, property taxes and home association costs, if any) that does not exceed one-twelfth of thirty-five percent (35%) of the maximum annual income for a household earning eighty percent (80%) of City Median Income (Moderate Income) or one hundred percent (100%) of City Median Income (Middle Income).

CITY MEDIAN INCOME: The median household income as established by HUD for the Albany-Schenectady-Troy Metropolitan Statistical Area, adjusted by the City Office of Planning and Economic Development for the percentage difference between the City Median Income and the MSA Median Income based on the decennial Census, or other method established by the Office of Planning and Economic Development for determining the Median Income of the City on an annual basis.

CITY: The City of Saratoga Springs.

COVERED PROJECT: Any project or projects that meet(s) the criteria of article 240-IIA.4A "Covered Projects."

DEVELOPER: Any person, firm, partnership, association, joint venture, corporation, or any entity or combination of entities with an identity of at least 10% proprietary interest, which seeks City approvals for all or part of a Covered Project or Projects.

HIGH COST PROJECT: A residential development in which the addition of the Inclusionary Units will result in higher incremental construction costs directly allocable to the Inclusionary Units. These additional costs may include, but are not limited to, addition of stories, extension of elevators, additional structural support, additional garaged parking spaces, upgraded exterior materials including masonry and stone veneer, required handicapped accessibility modifications, the substantial rehabilitation of unique historic structures or features, or unusual changes or additional requirements imposed by regulatory authorities.

HOUSEHOLD: One person living alone or two or more persons sharing residency whose income is considered for housing payments.

HUD: The U.S. Department of Housing and Urban Development.

INCLUSIONARY HOUSING PLAN: A plan submitted by a Developer to provide compliance with this article.

INCLUSIONARY HOUSING AGREEMENT: A written agreement between a Developer and the City, as provided herein, to be recorded and that would run with the land.

INCLUSIONARY UNIT: A dwelling unit that must be offered at Affordable Rent or available at an Affordable Ownership Cost to Income Eligible Households, and is regulated with regard to selling price or rent level, marketing and initial occupancy, and continued requirements pertaining to resale or rents and occupancy for the minimum compliance period, as provided herein.

INCOME ELIGIBLE HOUSEHOLD: For an Inclusionary Unit for rent, a Household earning less than fifty percent (50%) of City Median Income (Low Income) or eighty percent (80%) of City Median Income (Moderate Income), as provided in article 240-IIA.6. For an Inclusionary Unit for sale, a Household earning less than eighty percent (80%) of City Median Income (Moderate Income) or one hundred percent (100%) of City Median Income (Middle Income), as provided in article 240-IIA.6.

MARKET UNIT: A dwelling unit in a Covered Project that is not an Inclusionary Unit.
SEQR: New York State Environmental Quality Review.

SUBSTANTIAL REHABILITATION: A cost of rehabilitation that exceeds 50% of the market value of the building based on the quotient of the structure's current assessed value as indicated in the City's Assessment Records divided by the city's Equalization Rate.

240-4.4.4 COVERED PROJECTS AND EXEMPT PROJECTS

A. Covered Projects

Except as otherwise provided herein, this article shall apply to all building permit requests pertaining to the following projects:

- (1) Any project of ten (10) or more new additional residential dwelling units that are produced through construction, substantial rehabilitation of existing structures, or adaptive reuse or conversion of a nonresidential use to a residential use.
- (2) Multiple developments or projects by a Developer occurring on contiguous parcels or in substantial proximity to one another shall be considered in toto and shall be Covered Projects.
- (3) Any project of less than 10 new residential units that, at the sole discretion of the Planning Board, may be permitted for voluntary inclusion as a Covered Project under this Article of the Zoning Ordinance. If approved, all requirements for Covered Projects shall apply.

B. Exempt Projects

This article shall not apply to all building permit requests pertaining to the following projects:

- (1) Mobile homes.
- (2) Any project that is developed by an educational institution for the exclusive residential use and occupancy by that institution's students.
- (3) Any project that produces affordable units equal to, or in excess of, the requirements contained in this article.
- (4) Any project for which building permit applications were properly filed before the date of enactment of this Article.
- (5) Any project for which a final Planning Board decision of approval (final PUD site plan, final site plan, or final subdivision approval) was issued before the date of enactment of this Article.

C. Temporary Suspension of Inclusionary Requirements for Covered Projects

In the event that the City's Office of Planning and Economic Development determines that the Waiting List is inadequate to support the development of additional Inclusionary Units, the Planning Board may suspend the Inclusionary Unit requirements for a specific Covered Project. In that event, no Density Bonus under 240-4.4.5 is provided.

240-4.4.5 DENSITY BONUS

To assist developers in meeting the requirements of this article, all Covered Projects shall be entitled to a density increase of no more than 20% of the number of units that the Covered Project is allowed under existing zoning or a lesser base number of units as originally proposed by the developer, as permitted subsequent to SEQR analysis or as may be established by the Planning Board. When determination of the number of units for a density bonus results in a fractional unit, any fraction of .5 or over shall be one additional unit, and any fraction below .5 will be rounded down. Notwithstanding the above, no provisions herein shall be construed as limiting the discretion of the Planning Board to conduct reviews of Covered Projects and to issue any decisions within the scope of its statutory authority.

240-4.4.6 REQUIREMENTS OF INCLUSIONARY UNITS

All Covered Projects shall meet the requirements for Inclusionary Units as specified in this section. The percentage of Inclusionary Units shall be calculated with a base number, or as may be established by the Planning Board, that does not include the bonus units added to the Covered Project.

A. Inclusionary Units – Rental

For Covered Projects where units are offered for rent, the number of Inclusionary Units shall be designated as follows. When determining the number of Inclusionary Units, any fraction of .5 or over shall be one additional unit, while any fraction below .5 will be rounded down.

If Inclusionary Unit rent is affordable to:	Required number of Inclusionary Units as a percentage of the Market Units
Low Income Households (up to 50% of area median)	10%
Moderate Income Households (50% - 80% of area median)	20%

- (1) Affordable Rents. Maximum Affordable Rents for Inclusionary Units will be calculated as follows: one-twelfth of thirty-five percent (35%) of the maximum annual income for a household at the applicable income limit – either fifty percent (50%) of City Median Income (Low Income) or eighty percent (80%) of City Median Income (Moderate Income).
- (2) In calculating the Affordable Rent of Inclusionary Units, the applicable income shall be based on the following relationship between unit size and Household size:

Unit Size	Household (HH) Size for Applicable Income
Efficiency units	1 person HH
One-bedroom units	1.5 person HH
Two-bedroom units	3 person HH
Three-bedroom units	4.5 person HH
Four-bedroom units	6 person HH

- (3) The calculations of the initial rents for the Inclusionary Units shall be made by the City Office of Planning and Economic Development and shall be contained within the Inclusionary Housing Agreement for the Covered Project. The Office of Planning and Economic Development may revise these prices in the event of documented exceptional circumstances.
- (4) In the event that a Covered Project receives additional subsidies from any public source to assist the Inclusionary Units, the value of such subsidies shall be used to reduce the rents and/or income limits for the Income Eligible Households to be served by the Units, as determined by the City Office of Planning and Economic Development.

B. Inclusionary Units – For Sale

For Covered Projects where units are offered for sale via the conveyance of a deed or share for individual units, Inclusionary Units shall be designated in accordance with the following table. When determining the number of Inclusionary Units, any fraction of .5 or above shall be one additional unit, while any fraction below .5 will be rounded down.

If Inclusionary Unit sale is affordable to:	Required number of Inclusionary Units as a percentage of the Market Units
Moderate Income Households (up to 80% of area median)	15%
Middle Income Households (80% - 100% of area median)	20%

- (1) Sales Price. Sales prices will be based on calculation of the Affordable Ownership Cost, which means a sales price that results in a monthly housing cost (including mortgage principal and interest, insurance, property taxes and home association costs, if any) that does not exceed one-twelfth of thirty-five percent (35%) of the maximum annual income for the applicable income limit – eighty percent (80%) of City Median Income (Moderate Income) or one hundred percent (100%) of City Median Income (Middle Income).
- (2) With respect to Inclusionary Units offered for sale, the Affordable Ownership Cost will be calculated on the basis of:
 - (a) A down payment of no more than five percent (5%) of the purchase price; and
 - (b) An available fixed-rate thirty-year mortgage, using Fannie Mae's current interest rate, for the balance of the purchase price. (If the Developer can guarantee the availability of a fixed-rate thirty-year mortgage at a lower rate from the State of New York Mortgage Agency or other public agency for all of the Inclusionary Units in the Covered Project, a lower interest rate as provided by that agency may be used in calculating Affordable Ownership Cost.)
- (3) The calculations of the initial sales prices for the Inclusionary Units shall be made by the City Office of Planning and Economic Development and shall be contained within the Inclusionary Housing Agreement for the Covered Project. The Office of Planning and Economic Development may revise these prices prior to initial occupancy in the event of documented exceptional circumstances.
- (4) In the event that a Covered Project receives additional subsidies from any source to assist the Inclusionary Units, the value of such subsidies shall be used to reduce the sales prices and/or income limits for the Income Eligible Households to be served by the Units, as determined by the City Office of Planning and Economic Development.

- (5) In the event that an individual buyer is able to provide a higher down payment or obtain a higher mortgage loan based on fixed-rate financing at a lower rate than provided in paragraph (2)(b) above, the additional Buyer Funds may be used by the buyer to purchase additional improvements to the Inclusionary Unit. Upon approval of the Office of Planning and Economic Development, said additional improvements can be added to the base price for purposes of determining resale under Article 240-4.4.9B.

C. General Requirements for Covered Projects – Rental and For Sale Units

- (1) **Distribution**
In order to assure an adequate distribution of Inclusionary Units by household size, the bedroom mix of Inclusionary Units in any Covered Project shall reflect the same ratio as the bedroom mix of the Market Units of the Project, unless waived by the Planning Board for good cause or requested by the Office of Planning and Economic Development based on the waiting list.
- (2) **Phasing**
Inclusionary Units shall be made available for occupancy on approximately the same schedule as, or sooner than, a Covered Project's market units, except that certificates of occupancy for the last ten percent (10%) of the Market Units shall be withheld until certificates of occupancy have been issued for all of the Inclusionary Units. A schedule setting forth the phasing of the total number of units in a Covered Project, along with a schedule setting forth the phasing of the required Inclusionary Units, shall be established prior to the issuance of a building permit for any Covered Project.
- (3) **Comparability**
Inclusionary Units may differ from the Market-Rate Units in a Covered Project with regard to interior amenities and gross floor area provided that:
 - (a) These differences, excluding differences related to unit size differentials, are not apparent in the general exterior appearance of the project's units and there is compliance with all exterior site requirements of the City.
 - (b) These differences do not include the reduction of insulation, windows, heating systems, and other improvements related to the energy efficiency of the Inclusionary Units.
 - (c) The gross floor area of the Inclusionary Units is not less than the following minimum requirements, unless waived by the Planning Board for good cause: one bedroom – 700 square feet, plus 150 square feet for each additional bedroom.

D. Inclusionary Housing Agreement

All Covered Projects are required to have an Inclusionary Housing Agreement approved as part of the final PUD site plan, final site plan or final subdivision approval by the Planning Board.

E. Restrictive Covenants

All Inclusionary Units produced shall have restrictive covenants, recorded and filed to run with the land, to ensure compliance with the occupancy, sale, rent and other requirements of this article, and provide for legal remedies for the City to enforce this article. These restrictive covenants shall be contained in the Inclusionary Housing Agreement approved by the City Planning Board.

240-4.4.7 RELIEF

The section identifies methods of relief from existing regulation to accommodate the requirements of this Article.

- A. In order to accommodate the additional residential units required by this Article, the Planning Board may grant relief from the requirements set forth in the table below to the extent necessary so that the additional units are appropriately incorporated into the overall site plan. In doing so, the Planning Board must find that the resulting development is consistent with the general area and does not negatively impact the character of the surrounding neighborhoods. The intent is to provide a sufficient degree of specificity in site design and layout without unduly restricting creative and diverse solutions.

Zoning District	Requirements that may be relieved
T-6 Urban Core	Height: standard maximum height may be exceeded up to one story. The additional story shall contain no more than the number of additional units granted by the density bonus and these units shall be set back at least 10 feet from the facades of the story below
T-4 Urban Neighborhood T-5 Neighborhood Center	Height: as defined for the T-6 Urban Core district Build-to line, side and rear setbacks Parking requirements
Single-family Residential Districts (RR, SR-1, SR-2, UR-1, UR-2)	Minimum lot size, mean width, maximum lot coverage Minimum yard dimensions Minimum floor area: units shall be a minimum of 700 square feet for 1 bedroom plus 150 square feet for each additional bedroom Number of principal buildings & residences: to permit carriage house/accessory apartments and duplexes, and only to the extent to accommodate the additional units

Single- and two-family Residential Districts (UR-3, UR-4, UR-4A, UR-7, NCD-1,2,3)	Minimum lot size, mean width, maximum lot coverage, minimum permeability Minimum yard dimensions Minimum floor area: units shall be a minimum of 700 square feet for a 1 bedroom plus 150 square feet for each additional bedroom Number of principal buildings & residences – to permit carriage house/accessory apartments and duplexes, and only to the extent to accommodate the additional units
Multi-family Residential Districts (UR-5)	Minimum lot size, mean width, maximum lot coverage, minimum permeability Minimum yard dimensions Minimum floor area – units shall be a minimum of 700 square feet for 1 bedroom plus 150 square feet for each additional bedroom

- B. Reduction in Inclusionary Units
In the event the Planning Board cannot approve a full density bonus, as prescribed in Section 240-4.4.5 “Density Bonus”, the number of required Inclusionary Units shall be reduced in proportion to the ratio of proposed Inclusionary Units to the proposed density bonus (i.e., if the developer has proposed that all density bonus units be Inclusionary Units, then 100% (20%/20%) of the reduction shall be Inclusionary Units; if the developer has proposed the 15% Inclusionary Unit option, then 75% (15%/20%) of the reduction shall be Inclusionary Units; if the developer has proposed the 10% Inclusionary Unit option, then 50% of the reduction in units shall be Inclusionary Units.)
- C. High Cost Project
In the event a Developer can establish by clear and convincing financial data to the Planning Board that the Covered Project constitutes a High Cost Project, the Planning Board, in consultation with the City Office of Planning and Economic Development, may permit the Developer to offer the required Inclusionary Units to households at up to 20% above the applicable income limits and prices in 240-4.4.6.
- D. Relief from this Ordinance
If the developer requests full relief from this Article to eliminate the provision of all Inclusionary Units, relief shall be sought from the Zoning Board of Appeals through a variance.

240-4.4.8 SALE/LEASING OF INCLUSIONARY UNITS

Any Developer of a Covered Project shall adhere to the following provisions and to the provisions of the Inclusionary Housing Agreement with respect to the initial offering of Inclusionary Units for sale or rent.

- A. Ineligible Households. No Inclusionary Units may be rented or sold to any person who will not reside in that unit year-round, or to any person who is

claimed as a dependent on another person's federal or state tax return.

- B. Occupant Qualification. Occupancy of Inclusionary Units shall be by households qualified by the City.
- C. Notice of Availability. The Developer shall notify the City Office of Planning and Economic Development of the prospective availability of any Inclusionary Units at least 180 days before such Units shall be available for lease or sale in a Covered Project.
- D. Waiting List. Upon such notice, the Office of Planning and Economic Development shall provide to the Developer a list of qualified Income Eligible Households based upon the City's waiting list for Inclusionary Unit housing. Referrals will be made by the City based on priority to Income Eligible Households who are, at the time that the units are offered for sale or lease, residing or working, first, in the City and, second, in the County of Saratoga. The Developer will consider applicants in the order specified in the list, to rent or sell the Inclusionary Units, and may take into account any standard and lawful screening of applicants uniformly applied to all applicants for Inclusionary and market units. The developer shall comply with all fair housing laws. Referrals from the list will respect any conditions of occupancy, including elderly and/or handicapped occupancy, legally imposed by public financing.
- E. Release from Inclusionary Unit Restrictions. If, after the initial 180 days following the Notice of Availability, a developer is still unable to secure a qualified, Income Eligible Household for an Inclusionary Unit from the City's Waiting List, the City Office of Planning and Economic Development shall approve the release of the Inclusionary Unit restrictions and that unit may be sold or leased as a Market Unit. The excess proceeds of this sale, over and above the approved Inclusionary Unit sale price plus legitimate and reasonable carrying and sales costs of the developer, shall be repaid to the City and used to support the purposes of this Inclusionary Zoning Article.
- F. Reasonable Accommodations and Modifications. The City will operate the program and maintain the waiting lists in compliance with the Americans With Disabilities Act to ensure access to persons with disabilities.
 - (1) For homebuyer units, the City will notify the developer of referral of a household that includes a person with disabilities. The developer shall make reasonable accommodations in working with that household, and install reasonable modifications as required by the household to occupy the unit. Said reasonable modifications shall be at the expense of the household, and the sales price of the Inclusionary Unit may be adjusted to reflect the reasonable modifications.
 - (2) For rental units, when the City determines that the likely applicants for Inclusionary Units will include households with disabilities, the City will designate handicapped accessible units in the development to be reserved as Inclusionary Units as part of the Inclusionary Housing

Agreement. The developer will make reasonable accommodations to provide housing to the household containing persons with disabilities.

240-4.4.9 CONTINUED AFFORDABILITY REQUIREMENTS

A. Rental Projects

All rental Covered Projects shall comply with the following provisions, which shall be contained in an Inclusionary Housing Agreement to ensure continued affordability of Inclusionary Units.

- (1) **Minimum Affordability Period.** All Inclusionary Units shall remain affordable for a period of no less than thirty (30) years commencing from the date of initial occupancy of the units.
- (2) **Rent Increases.** Increases in the annual rent for Inclusionary Units during the minimum affordability period shall be limited to the percentage increase in the Consumer Price Index for the Albany-Schenectady-Troy Metropolitan Statistical Area. Increases above this percentage require the approval in advance and in writing from the City Office of Planning and Economic Development, which shall approve increases based on documented hardship or other exceptional conditions.
- (3) **Rental Report.** Owners of rental Inclusionary Units shall provide such information annually to the City, as determined by the City Office of Planning and Economic Development and the Inclusionary Housing Agreement, to ensure compliance with continuing occupancy and rent restrictions.
- (4) **Maintenance of Units.** Owners shall comply with all local codes and standards with respect to Inclusionary Units, and provide maintenance services to the Inclusionary Units in the same manner provided all units in the Project.
- (5) **Lease and Sublet Restrictions.** During the affordability period, the owner or occupant may not sublet an Inclusionary Unit to a Household other than an Income Eligible Household, or at a rent in excess of the Affordable Rent.
- (6) **Sale of Project.** If the Covered Project is sold during the Minimum Affordability Period, the use restrictions shall run with the land, and the new buyer will meet all restrictions of the Inclusionary Housing Agreement for the remainder of the period. The City shall charge the seller a fee to cover the costs of approving and recording the transfer.

B. Homebuyer Projects

All homebuyer Inclusionary Units shall comply with resale restrictions, which shall be contained in an Inclusionary Housing Agreement with the Developer and legally recorded with each sale. Transfer to an original co-owner does not

constitute a resale for this purpose, but the transfer is subject to all restrictions of the original covenants, and any subsequent resale is subject to these provisions.

- (1) Shared Interest in Proceeds of Sale. At the time of the initial sale of the Inclusionary Unit, the City will determine the Buyer's Interest and the City's Interest based upon current Market Value determined by appraisal as if the property was unrestricted. The Buyer's Interest will be the percentage that the Buyer's Funds, including down payment and mortgage(s), constitute of the current full market value at time of initial sale. Buyer's Funds can include additional improvements as defined in Article 240-4.4.6B(5), but do not include any mortgages, subsidies or buy downs provided by the City or other public sources.

The City's Interest will be the remainder interest; that is, the Subsidy Amount (Market Value minus Buyer's Funds) divided by the Market Value at time of initial sale.

- (2) Resale Price. The resale price shall be the Buyer's Interest multiplied by the current Market Value as an unrestricted unit at time of resale. The Office of Planning and Economic Development shall determine the market value of the unit by appraisal, the cost of which is to be borne by the seller.
- (3) Notice of Intent to Sell. At any time the original Buyer wishes to offer an Inclusionary Unit for resale, the Buyer (now the Seller) must notify the City Office of Planning and Economic Development. The City (or its designee) shall provide one or more eligible buyers from the list of eligible buyers within thirty (30) days from notification. If the City declines or fails to provide an eligible buyer after 120 days from the notice to sell, the City Office of Planning and Economic Development may release the Inclusionary Unit restrictions on this unit, and the unit may be sold as an unrestricted unit, with the City recapturing its portion of the gross proceeds based on the City's Interest in Article 240-4.49B(1) above.
- (4) Transaction Fee. The City shall charge a fee to cover the costs of resale charged to the seller out of net proceeds.

240-4.4.10 ADMINISTRATION

- A. Inclusionary Housing Plan
The developer will submit a proposed Inclusionary Housing Plan to the City Office of Planning and Economic Development in advance of Planning Board review. The Office will review the proposed plan for consistency with this Article, and provide comments to the developer and to the Planning Board.
- B. Inclusionary Housing Agreement
All Covered Projects are required to have an Inclusionary Housing Agreement approved as part of the final PUD site plan, site plan or subdivision approval by

the Planning Board. The City Office of Planning and Economic Development will prepare the Inclusionary Housing Agreement. Notwithstanding any other provision of this article, no special use permit, site plan, change of use, subdivision approval, building permit or occupancy permit shall be granted for any dwelling unit in a Covered Project unless an Inclusionary Housing Agreement has been approved by the Planning Board.

C. Expedited Processing and Waiver of Fees

- (1) Expedited Approvals and Permit Review. Structures that provide the required Inclusionary Units shall receive priority for building permit review and development approvals, and multiple IZ units with identical plans will receive single plan review.
- (2) Waiver of Fees. All municipal fees associated with the development and construction of new residential units shall be waived only as they apply to the required Inclusionary Units.

D. Oversight and Enforcement

The City Office of Planning and Economic Development will monitor Covered Projects during implementation, review occupancy reports submitted by developers, and approve the transfer or re-occupancy of Inclusionary Units.

- (1) Post-Approval Administrative Actions. In the event of unforeseen and unavoidable changes in costs, the Office of Planning and Economic Development shall have the authority to adjust pricing and eligible income levels, but changes in the number of Inclusionary Units in the Inclusionary Housing Agreement will require Planning Board approval.
- (2) Certificate of Occupancy. No final certificate of occupancy shall be issued for a Covered Project unless all Inclusionary Units within the Covered Project are eligible for a certificate of occupancy, except that, with respect to Covered Projects to be constructed in phases, certificates of occupancy may be issued on a phased basis consistent with the provisions of this Article.
- (3) Enforcement. Violations of this article shall be punishable as provided by Article 240-9.2. In addition, any certificates of occupancy for Market Units in a Covered Project found to be in violation of this article may be revoked upon a finding of substantial non-compliance hereunder.

E. Annual Report and Evaluation

The City Office of Planning and Economic Development shall monitor activity under this article and shall provide an annual report on activities and costs to the City Council. In addition, the Council shall cause this Article to be evaluated every three years, or in conjunction with the Comprehensive Plan review. In accordance with the City Charter, the Mayor shall have the authority to appoint a committee that includes representation of the inclusionary zoning program administrative staff, the Planning Board, the development industry and affordable

housing experts to monitor the initial implementation of the ordinance and make recommendations.

EXEMPTION OF FEES FOR INCLUSIONARY UNITS:

In the annual resolution of the City Council, there shall be no application fees for the inclusionary units in a site plan or subdivision application, There shall be no cash-in-lieu of recreation land fee for the inclusionary units.

Sustainable Saratoga

A proposal for Saratoga Springs

The Saratoga Places for All (SPA) Housing Ordinance

A Program to Obtain More Diverse Middle-Income Housing

Sustainable Saratoga believes it is time for the City of Saratoga Springs to enact legislation that will guarantee more diverse housing opportunities – especially for middle income households. The increasing cost of land and housing has been squeezing lower and middle income residents out of the city. A diversity of housing types is needed to accommodate a diverse population and thereby secure a key element in the long-term sustainability of the community.

More than 20 local agencies are providing housing opportunities for low income households and special needs populations. But not as much is being done for the middle income groups – the workforce of the community. Over the years the City has promoted zoning incentives to encourage builders to voluntarily create a more diverse housing stock. But because developers have chosen not to participate, the effort has been largely unsuccessful. Meanwhile, home purchase prices and rental costs are higher than ever. According to the US Census 2009-2013 American Community Survey report, the median cost to buy a home in the city was \$297,900, while the median gross rent (including utilities) was \$953.

The US Department of Housing and Urban Development (HUD) defines “affordable housing” as “housing for which the occupant(s) is/are paying no more than 30 percent of his or her income for gross housing costs, including utilities.” According to the US Census’s 2009-2013 American Community Survey, in Saratoga Springs 3,738 households, comprising 33.04 percent of the total, spent more than 30 percent of their income on housing costs. The total included 24.19 percent of all homeowners, or 1,556 households, and 44.71 percent of all renters, or 2,182 households.

Sustainable Saratoga proposes that the City Council adopt an inclusionary zoning ordinance as an effective means of addressing the need to provide housing that is affordable, especially for middle-income residents. We are recommending essentially the same ordinance that was prepared in 2006 after a year-long study. The ordinance has been tailored specifically to the city’s needs, reflecting our housing and development history.

The SPA Housing Ordinance – Saratoga’s Inclusionary Zoning Ordinance

Inclusionary zoning (IZ) is a type of municipal ordinance that requires new housing projects to include a prescribed proportion of units that are affordable by people with lower to middle incomes. The developer is usually rewarded with a density bonus to compensate for providing the affordable housing. The objective of IZ is to promote income-integrated communities by ensuring that new housing projects, whether involving new construction or renovation, will contain housing for individuals and families having a mix of income levels. This type of

ordinance is called inclusionary zoning because it is the opposite of exclusionary zoning—the practice of excluding low-cost housing from a municipality through the zoning code.

Communities with Similar Ordinances

There are over 400 communities in 17 states that have some kind of inclusionary zoning housing ordinance. They range in population from 15,000 to 8,000,000. IZ ordinances work best in affluent resort communities and those with growing populations. Each community's ordinance is different. There is substantial variation in density bonuses, required percentage of affordable units, eligibility of occupants, and how long affordable units must remain affordable.

The 2006 Draft IZ Ordinance for Saratoga Springs

In 2005 the Saratoga Springs City Council formed an Inclusionary Zoning Ordinance Development (IZOD) committee to develop a draft ordinance to require workforce housing in new development projects throughout the community. The committee worked for more than a year, held 30 meetings and sought input from citizens and interest groups. After numerous public hearings and revisions, a final draft ordinance was presented to the City Council in April 2006. However, the ordinance was never brought to the Council table for a vote. Those who opposed the ordinance were concerned that:

- The estimated annual cost of \$46,500 to administer and monitor the program would be too low.
- The small geographic areas of the city where the ordinance would apply would put city developers at a disadvantage in marketing their units. It was argued that the IZ should be county-wide.
- The transect zoning districts (T-4, T-5, T-6) did not have a definable base density that was dependable and predictable.
- Developers could achieve the same affordable housing goals voluntarily.

Recent Housing Trends

Unlike many other parts of the country, the 2008 economic downturn caused only a brief pause in residential construction in Saratoga Springs. Housing prices dipped only slightly, then continued their steady climb. Since the downturn, several large multi-family residential projects have been built, adding more than 850 residential units within the city limits. Had the proposed IZ ordinance been adopted in 2006, between 75 and 150 affordable units would have been built in the succeeding 9 years.

Other Housing Diversity Programs Don't Work as Well as an IZ Ordinance

Over the past few years, Sustainable Saratoga has evaluated existing affordable housing programs as well as other approaches to housing affordability in Saratoga Springs.

- The various programs operated by the Saratoga Springs Housing Authority, the City of Saratoga Springs and some non-profit entities have been successful in meeting some of the needs of low income households.

- The voluntary affordable housing incentives offered in Articles 4.1 (Density Bonus for Affordable Senior Housing), and 4.3 (Density Bonus for Public Recreation or Affordable Housing) of the City's zoning ordinance have not resulted in the addition of affordable housing units.
- The Saratoga Workforce Housing Trust Fund was established by the City Council in 2004, with the goal of acquiring public and private funding for affordable housing projects. However, funding has been limited.
- A community housing land trust is a nonprofit, community-based organization whose mission is to provide affordable housing in perpetuity by owning land and leasing it to those who live in houses built on that land. While these organizations have been successful in many parts of the country, the capital required to create and operate one in the high-priced real estate market of Saratoga Springs is very difficult to obtain.
- Employer-funded housing programs would be hard to initiate and operate in a small community such as ours.
- Density bonuses for on-site employee housing are likely to be controversial.
- In 2014 Sustainable Saratoga developed and presented to the City an incentive program for voluntary carriage house conversions, with the goal of providing more workforce housing. Such a program could supplement the proposed IZ ordinance. However, as a volunteer program, it is likely to add relatively few affordable housing units.

Advantages and Disadvantages of an IZ Ordinance

Advantages:

- Because it is mandatory, it is more effective in creating affordable housing than programs involving incentives for voluntary action by developers.
- It is a housing program with minimal costs to City government. The City does not pay to construct and manage housing, but only has administrative costs to manage and monitor the program.
- The program is designed so that the developer's costs, including the lower sale or rental prices for IZ units, are largely offset by the density bonuses.
- It has the potential to provide the most new middle-income housing at the lowest cost to taxpayers.
- It promotes a desirable mix of housing types, including middle-income housing, in new residential developments throughout the city, and avoids segregating housing by income level.
- It provides for housing diversity within the parameters of existing zoning regulations.

Disadvantages:

- It increases the involvement of city government in the housing market.
- It allows for an increase in density over what is permitted by the zoning ordinance.
- It might make it more difficult for developers to rent or sell market-rate units to households concerned about the proximity of middle-income housing.

Sustainable Saratoga believes the advantages of the IZ ordinance far outweigh the disadvantages.

How Would the SPA Housing Ordinance Work?

Sustainable Saratoga is recommending that essentially the same IZ ordinance drafted in 2006 be re-introduced, with a new name. The extensive research done in 2006 is still valid, and the need for such an ordinance is greater than ever. It is estimated that the adoption of the ordinance would result in the construction of 20 to 30 new units of affordable housing each year, depending on the number and size of residential development projects approved.

The proposed ordinance should not be viewed as a complete solution to the city's affordable housing needs. It is a long-term program that would be effective in adding more affordable housing units as the city grows over time, without requiring substantial government funding.

Key Provisions of the SPA Housing Ordinance

- Required number of affordable units:
 - Developments with 10 or more units would either dedicate 20 percent of the units for moderate income households or 10 percent of the units for low income households. This provision would apply to units both for rent and for sale, with some variations.
 - Rental units would remain affordable for 30 years. Units offered for sale would remain affordable in perpetuity.
 - Candidates for occupancy of the affordable units would be screened and monitored by the City and selected by lottery.
- Density Bonus:
 - In exchange for providing the required proportion of affordable units, the developer could increase the density of a development project by up to 20 percent. The Planning Board could relax certain development standards during the approval process.
- Developers would commit to the affordability requirements by entering into an "inclusionary housing agreement" with the City.
- A developer would be exempted from the requirements of the IZ ordinance for unusual conditions.
- The City would create a special committee to monitor the program and make any recommendations for changing the ordinance.

Proposed SPA Housing Zoning Ordinance (August 2016)

(The following is “track change” record of how the current proposed ordinance amendment differs from the proposed 2006 draft ordinance)

Proposed Amendments to the Zoning Ordinance of the City of Saratoga Springs

ARTICLE ~~4.4~~**HA** – INCLUSIONARY ZONING

240-~~4.4~~**HA.1** LEGISLATIVE FINDINGS

A. The City Council of the City of Saratoga Springs finds that:

- (1) Over the last decade, rising housing prices and rents have made it increasingly difficult for long-term City residents and workers to afford to live in the City, and may ultimately displace long-term residents who contribute so much to the City. Lack of access to decent affordable housing has a direct negative impact upon the health, safety and welfare of the residents of the City.
- (2) Economic diversity is essential to the health of Saratoga Springs. A sound local economy requires a stable workforce at all wage levels. City businesses and employers are finding it more difficult to attract and retain employees, especially lower wage workers that have to live further from the City and endure longer commutes to work. This has the potential to harm the economic vitality of the City.
- (3) Developers are in a unique position to produce needed units for working households at a reduced cost, provided the City grants them the ability to provide additional units over and above those currently permitted by zoning. Inclusionary zoning is a market-based response that achieves affordable housing by reducing or eliminating land cost through increased density.
- (4) Inclusionary zoning can be enacted without discouraging development or negatively affecting community character. Inclusionary zoning approaches have been used successfully in communities nationwide to provide worker housing. Inclusionary housing policies can ensure an equitable distribution of affordable housing opportunities throughout all neighborhoods and zones of the City without excessive burden to any single site or area.

B. The City has reviewed inclusionary zoning ordinances and inclusionary housing studies from around the country and adapted provisions that are appropriate to the needs and opportunities that exist in this City, has consulted with the development community and other stakeholders, and has designed an approach

that is sensitive to the interests and concerns of this community.

240-4.4IIA.2 PURPOSE

Now, therefore, the City Council of the City of Saratoga Springs, in accordance with the powers and authority vested in it by General City Law section 20 (24), 20 (25), and 81-d, hereby enacts this article in the best interests of the people of Saratoga Springs. The purposes of this article are to:

- (1) Utilize market forces to produce homebuyer and rental housing units that are affordable to working households in the City through reasonable density bonuses and affordable unit pricing without undue financial burden.
- (2) Encourage the development of housing affordable to a broad range of households with varying income levels, and mitigate the market forces excluding housing that meets the needs of all economic groups within the City.
- (3) Promote the City's goal of increasing the workforce housing stock in a uniform and predictable manner and in proportion to the overall increase in new housing units.
- (4) Ensure the availability of workforce housing throughout the community and equitably share the responsibility for workforce housing across all neighborhoods.
- (5) Mitigate environmental and other impacts that accompany new residential development by reducing traffic, transit and related air quality impacts, promoting a housing balance and reducing the demands placed on transportation infrastructure in the region.
- (6) Prevent overcrowding and deterioration of the limited supply of workforce housing and, thereby, promote public health, safety and general welfare.
- (7) Provide for efficient administration in the approval, implementation and monitoring of projects.

240-4.4IIA.3 DEFINITIONS

As used in this article, the following terms shall have the following meanings:

AFFORDABLE RENT: Monthly rent that does not exceed one-twelfth of thirty-five percent (35%) of the maximum annual income for a household earning fifty percent (50%) of City Median Income (Low Income) or eighty percent (80%) of City Median Income (Moderate Income).

AFFORDABLE OWNERSHIP COST: A sales price that results in a monthly housing cost (including mortgage, insurance, property taxes and home association costs, if any) that

does not exceed one-twelfth of thirty-five percent (35%) of the maximum annual income for a household earning eighty percent (80%) of City Median Income (Moderate Income) or one hundred percent (100%) of City Median Income (Middle Income).

CITY MEDIAN INCOME: The median household income as established by HUD for the Albany-Schenectady-Troy Metropolitan Statistical Area, adjusted by the City Office of Planning and Economic Development for the percentage difference between the City Median Income and the MSA Median Income based on the decennial Census, or other method established by the Office of Planning and Economic Development for determining the Median Income of the City on an annual basis.

CITY: The City of Saratoga Springs.

COVERED PROJECT: Any project or projects that meet(s) the criteria of article 240-IIA.4A "Covered Projects."

DEVELOPER: Any person, firm, partnership, association, joint venture, corporation, or any entity or combination of entities with an identity of at least 10% proprietary interest, which seeks City approvals for all or part of a Covered Project or Projects.

HIGH COST PROJECT: A residential development in which the addition of the Inclusionary Units will result in higher incremental construction costs directly allocable to the Inclusionary Units. These additional costs may include, but are not limited to, addition of stories, extension of elevators, additional structural support, additional garaged parking spaces, upgraded exterior materials including masonry and stone veneer, required handicapped accessibility modifications, the substantial rehabilitation of unique historic structures or features, or unusual changes or additional requirements imposed by regulatory authorities.

HOUSEHOLD: One person living alone or two or more persons sharing residency whose income is considered for housing payments.

HUD: The U.S. Department of Housing and Urban Development.

INCLUSIONARY HOUSING PLAN: A plan submitted by a Developer to provide compliance with this article.

INCLUSIONARY HOUSING AGREEMENT: A written agreement between a Developer and the City, as provided herein, to be recorded and that would run with the land.

INCLUSIONARY UNIT: A dwelling unit that must be offered at Affordable Rent or available at an Affordable Ownership Cost to Income Eligible Households, and is regulated with regard to selling price or rent level, marketing and initial occupancy, and continued requirements pertaining to resale or rents and occupancy for the minimum compliance period, as provided herein.

INCOME ELIGIBLE HOUSEHOLD: For an Inclusionary Unit for rent, a Household earning less than fifty percent (50%) of City Median Income (Low Income) or eighty percent (80%) of City Median Income (Moderate Income), as provided in article 240-IIA.6. For

an Inclusionary Unit for sale, a Household earning less than eighty percent (80%) of City Median Income (Moderate Income) or one hundred percent (100%) of City Median Income (Middle Income), as provided in article 240-IIA.6.

MARKET UNIT: A dwelling unit in a Covered Project that is not an Inclusionary Unit.
SEQR: New York State Environmental Quality Review.

SUBSTANTIAL REHABILITATION: A cost of rehabilitation that exceeds 50% of the market value of the building based on the quotient of the structure's current assessed value as indicated in the City's Assessment Records divided by the city's Equalization Rate.

240-4.4IIA.4 COVERED PROJECTS AND EXEMPT PROJECTS

A. Covered Projects

Except as otherwise provided herein, this article shall apply to all building permit requests pertaining to the following projects:

- (1) Any project of ten (10) or more new additional residential dwelling units that are produced through construction, substantial rehabilitation of existing structures, or adaptive reuse or conversion of a nonresidential use to a residential use.
- (2) Multiple developments or projects by a Developer occurring on contiguous parcels or in substantial proximity to one another shall be considered in toto and shall be Covered Projects.
- (3) Any project of less than 10 new residential units that, at the sole discretion of the Planning Board, may be permitted for voluntary inclusion as a Covered Project under this Article of the Zoning Ordinance. If approved, all requirements for Covered Projects shall apply.

B. Exempt Projects

This article shall not apply to all building permit requests pertaining to the following projects:

- (1) Mobile homes.
- (2) Any project that is developed by an educational institution for the exclusive residential use and occupancy by that institution's students.
- (3) Any project that produces affordable units equal to, or in excess of, the requirements contained in this article.
- (4) Any project for which building permit applications were properly filed before the date of enactment of this Article.
- (5) Any project for which a final Planning Board decision of approval (final PUD site plan, final site plan, or final subdivision approval) was issued

before the date of enactment of this Article.

C. Temporary Suspension of Inclusionary Requirements for Covered Projects

In the event that the City's Office of Planning and Economic Development determines that the Waiting List is inadequate to support the development of additional Inclusionary Units, the Planning Board may suspend the Inclusionary Unit requirements for a specific Covered Project. In that event, no Density Bonus under 240-4.4HA.5 is provided.

240-4.4HA.5 DENSITY BONUS

To assist developers in meeting the requirements of this article, all Covered Projects shall be entitled to a density increase of no more than 20% of the number of units that the Covered Project is allowed under existing zoning or a lesser base number of units as originally proposed by the developer, as permitted subsequent to SEQR analysis or as may be established by the Planning Board. When determination of the number of units for a density bonus results in a fractional unit, any fraction of .5 or over shall be one additional unit, and any fraction below .5 will be rounded down. Notwithstanding the above, no provisions herein shall be construed as limiting the discretion of the Planning Board to conduct reviews of Covered Projects and to issue any decisions within the scope of its statutory authority.

240-4.4HA.6 REQUIREMENTS OF INCLUSIONARY UNITS

All Covered Projects shall meet the requirements for Inclusionary Units as specified in this section. The percentage of Inclusionary Units shall be calculated with a base number, or as may be established by the Planning Board, that does not include the bonus units added to the Covered Project.

A. Inclusionary Units – Rental

For Covered Projects where units are offered for rent, the number of Inclusionary Units shall be designated as follows. When determining the number of Inclusionary Units, any fraction of .5 or over shall be one additional unit, while any fraction below .5 will be rounded down.

If Inclusionary Unit rent is affordable to:	Required number of Inclusionary Units as a percentage of the Market Units
Low Income Households (up to 50% of area median)	10%
Moderate Income Households (50% - 80% of area median)	20%

--	--

- (1) Affordable Rents. Maximum Affordable Rents for Inclusionary Units will be calculated as follows: one-twelfth of thirty-five percent (35%) of the maximum annual income for a household at the applicable income limit – either fifty percent (50%) of City Median Income (Low Income) or eighty percent (80%) of City Median Income (Moderate Income).
- (2) In calculating the Affordable Rent of Inclusionary Units, the applicable income shall be based on the following relationship between unit size and Household size:

Unit Size	Household (HH) Size for Applicable Income
Efficiency units	1 person HH
One-bedroom units	1.5 person HH
Two-bedroom units	3 person HH
Three-bedroom units	4.5 person HH
Four-bedroom units	6 person HH

- (3) The calculations of the initial rents for the Inclusionary Units shall be made by the City Office of Planning and Economic Development and shall be contained within the Inclusionary Housing Agreement for the Covered Project. The Office of Planning and Economic Development may revise these prices in the event of documented exceptional circumstances.
- (4) In the event that a Covered Project receives additional subsidies from any public source to assist the Inclusionary Units, the value of such subsidies shall be used to reduce the rents and/or income limits for the Income Eligible Households to be served by the Units, as determined by the City Office of Planning and Economic Development.

B. Inclusionary Units – For Sale

For Covered Projects where units are offered for sale via the conveyance of a

deed or share for individual units, Inclusionary Units shall be designated in accordance with the following table. When determining the number of Inclusionary Units, any fraction of .5 or above shall be one additional unit, while any fraction below .5 will be rounded down.

If Inclusionary Unit sale is affordable to:	Required number of Inclusionary Units as a percentage of the Market Units
Moderate Income Households (up to 80% of area median)	15%
Middle Income Households (80% - 100% of area median)	20%

- (1) Sales Price. Sales prices will be based on calculation of the Affordable Ownership Cost, which means a sales price that results in a monthly housing cost (including mortgage principal and interest, insurance, property taxes and home association costs, if any) that does not exceed one-twelfth of thirty-five percent (35%) of the maximum annual income for the applicable income limit – eighty percent (80%) of City Median Income (Moderate Income) or one hundred percent (100%) of City Median Income (Middle Income).
- (2) With respect to Inclusionary Units offered for sale, the Affordable Ownership Cost will be calculated on the basis of:
 - (a) A down payment of no more than five percent (5%) of the purchase price; and
 - (b) An available fixed-rate thirty-year mortgage, using Fannie Mae's current interest rate, for the balance of the purchase price. (If the Developer can guarantee the availability of a fixed-rate thirty-year mortgage at a lower rate from the State of New York Mortgage Agency or other public agency for all of the Inclusionary Units in the Covered Project, a lower interest rate as provided by that agency may be used in calculating Affordable Ownership Cost.)
- (3) The calculations of the initial sales prices for the Inclusionary Units shall be made by the City Office of Planning and Economic Development and shall be contained within the Inclusionary Housing Agreement for the Covered Project. The Office of Planning and Economic Development may revise these prices prior to initial occupancy in the event of documented exceptional circumstances.

- (4) In the event that a Covered Project receives additional subsidies from any source to assist the Inclusionary Units, the value of such subsidies shall be used to reduce the sales prices and/or income limits for the Income Eligible Households to be served by the Units, as determined by the City Office of Planning and Economic Development.
- (5) In the event that an individual buyer is able to provide a higher down payment or obtain a higher mortgage loan based on fixed-rate financing at a lower rate than provided in paragraph (2)(b) above, the additional Buyer Funds may be used by the buyer to purchase additional improvements to the Inclusionary Unit. Upon approval of the Office of Planning and Economic Development, said additional improvements can be added to the base price for purposes of determining resale under Article 240-~~4.4~~4A.9B.

C. General Requirements for Covered Projects – Rental and For Sale Units

- (1) **Distribution**
In order to assure an adequate distribution of Inclusionary Units by household size, the bedroom mix of Inclusionary Units in any Covered Project shall reflect the same ratio as the bedroom mix of the Market Units of the Project, unless waived by the Planning Board for good cause or requested by the Office of Planning and Economic Development based on the waiting list.
- (2) **Phasing**
Inclusionary Units shall be made available for occupancy on approximately the same schedule as, or sooner than, a Covered Project's market units, except that certificates of occupancy for the last ten percent (10%) of the Market Units shall be withheld until certificates of occupancy have been issued for all of the Inclusionary Units. A schedule setting forth the phasing of the total number of units in a Covered Project, along with a schedule setting forth the phasing of the required Inclusionary Units, shall be established prior to the issuance of a building permit for any Covered Project.
- (3) **Comparability**
Inclusionary Units may differ from the Market-Rate Units in a Covered Project with regard to interior amenities and gross floor area provided that:
 - (a) These differences, excluding differences related to unit size differentials, are not apparent in the general exterior appearance of the project's units and there is compliance with all exterior site requirements of the City.
 - (b) These differences do not include the reduction of insulation, windows, heating systems, and other improvements related to the energy efficiency of the Inclusionary Units.

- (c) The gross floor area of the Inclusionary Units is not less than the following minimum requirements, unless waived by the Planning Board for good cause: one bedroom – 700 square feet, plus 150 square feet for each additional bedroom.

D. Inclusionary Housing Agreement

All Covered Projects are required to have an Inclusionary Housing Agreement approved as part of the final PUD site plan, final site plan or final subdivision approval by the Planning Board.

E. Restrictive Covenants

All Inclusionary Units produced shall have restrictive covenants, recorded and filed to run with the land, to ensure compliance with the occupancy, sale, rent and other requirements of this article, and provide for legal remedies for the City to enforce this article. These restrictive covenants shall be contained in the Inclusionary Housing Agreement approved by the City Planning Board.

240-4.4HA.7 RELIEF

The section identifies methods of relief from existing regulation to accommodate the requirements of this Article.

- A. In order to accommodate the additional residential units required by this Article, the Planning Board may grant relief from the requirements set forth in the table below to the extent necessary so that the additional units are appropriately incorporated into the overall site plan. In doing so, the Planning Board must find that the resulting development is consistent with the general area and does not negatively impact the character of the surrounding neighborhoods. The intent is to provide a sufficient degree of specificity in site design and layout without unduly restricting creative and diverse solutions.

Zoning District	Requirements that may be relieved
T-6 Urban Core	Height: standard maximum height may be exceeded up to one story. The additional story shall contain no more than the number of additional units granted by the density bonus and these units shall be set back at least 10 feet from the facades of the story below
T-4 Urban Neighborhood T-5 Neighborhood Center	Height: as defined for the T-6 Urban Core district Build-to line, side and rear setbacks Parking requirements
Single-family Residential Districts (RR-4, SR-1, SR-2, UR-1,	Minimum lot size, mean width, maximum lot coverage Minimum yard dimensions Minimum floor area: units shall be a minimum of 700

UR-2)	square feet for 1 bedroom plus 150 square feet for each additional bedroom Number of principal buildings & residences: to permit carriage house/accessory apartments and duplexes, and only to the extent to accommodate the additional units
Single- and two-family Residential Districts (UR-3, UR-4, UR-4A, UR-7, NCD-1,2,3)	Minimum lot size, mean width, maximum lot coverage, minimum permeability Minimum yard dimensions Minimum floor area: units shall be a minimum of 700 square feet for a 1 bedroom plus 150 square feet for each additional bedroom Number of principal buildings & residences – to permit carriage house/accessory apartments and duplexes, and only to the extent to accommodate the additional units
Multi-family Residential Districts (UR-5)	Minimum lot size, mean width, maximum lot coverage, minimum permeability Minimum yard dimensions Minimum floor area – units shall be a minimum of 700 square feet for 1 bedroom plus 150 square feet for each additional bedroom

B. Reduction in Inclusionary Units

In the event the Planning Board cannot approve a full density bonus, as prescribed in Section 240-4.4HA.5 “Density Bonus”, the number of required Inclusionary Units shall be reduced in proportion to the ratio of proposed Inclusionary Units to the proposed density bonus (i.e., if the developer has proposed that all density bonus units be Inclusionary Units, then 100% (20%/20%) of the reduction shall be Inclusionary Units; if the developer has proposed the 15% Inclusionary Unit option, then 75% (15%/20%) of the reduction shall be Inclusionary Units; if the developer has proposed the 10% Inclusionary Unit option, then 50% of the reduction in units shall be Inclusionary Units.)

C. High Cost Project

In the event a Developer can establish by clear and convincing financial data to the Planning Board that the Covered Project constitutes a High Cost Project, the Planning Board, in consultation with the City Office of Planning and Economic Development, may permit the Developer to offer the required Inclusionary Units to households at up to 20% above the applicable income limits and prices in 240-4.4HA.6.

D. Relief from this Ordinance

If the developer requests full relief from this Article to eliminate the provision of all Inclusionary Units, relief shall be sought from the Zoning Board of Appeals through a ~~use~~ variance.

240-4.4HA.8 SALE/LEASING OF INCLUSIONARY UNITS

Any Developer of a Covered Project shall adhere to the following provisions and to the

provisions of the Inclusionary Housing Agreement with respect to the initial offering of Inclusionary Units for sale or rent.

- A. Ineligible Households. No Inclusionary Units may be rented or sold to any person who will not reside in that unit year-round, or to any person who is claimed as a dependent on another person's federal or state tax return.
- B. Occupant Qualification. Occupancy of Inclusionary Units shall be by households qualified by the City.
- C. Notice of Availability. The Developer shall notify the City Office of Planning and Economic Development of the prospective availability of any Inclusionary Units at least 180 days before such Units shall be available for lease or sale in a Covered Project.
- D. Waiting List. Upon such notice, the Office of Planning and Economic Development shall provide to the Developer a list of qualified Income Eligible Households based upon the City's waiting list for Inclusionary Unit housing. Referrals will be made by the City based on priority to Income Eligible Households who are, at the time that the units are offered for sale or lease, residing or working, first, in the City and, second, in the County of Saratoga. The Developer will consider applicants in the order specified in the list, to rent or sell the Inclusionary Units, and may take into account any standard and lawful screening of applicants uniformly applied to all applicants for Inclusionary and market units. The developer shall comply with all fair housing laws. Referrals from the list will respect any conditions of occupancy, including elderly and/or handicapped occupancy, legally imposed by public financing.
- E. Release from Inclusionary Unit Restrictions. If, after the initial 180 days following the Notice of Availability, a developer is still unable to secure a qualified, Income Eligible Household for an Inclusionary Unit from the City's Waiting List, the City Office of Planning and Economic Development shall approve the release of the Inclusionary Unit restrictions and that unit may be sold or leased as a Market Unit. The excess proceeds of this sale, over and above the approved Inclusionary Unit sale price plus legitimate and reasonable carrying and sales costs of the developer, shall be repaid to the City and used to support the purposes of this Inclusionary Zoning Article.
- F. Reasonable Accommodations and Modifications. The City will operate the program and maintain the waiting lists in compliance with the Americans With Disabilities Act to ensure access to persons with disabilities.
 - (1) For homebuyer units, the City will notify the developer of referral of a household that includes a person with disabilities. The developer shall make reasonable accommodations in working with that household, and install reasonable modifications as required by the household to occupy the unit. Said reasonable modifications shall be at the expense of the household, and the sales price of the Inclusionary Unit may be adjusted to reflect the reasonable modifications.

- (2) For rental units, when the City determines that the likely applicants for Inclusionary Units will include households with disabilities, the City will designate handicapped accessible units in the development to be reserved as Inclusionary Units as part of the Inclusionary Housing Agreement. The developer will make reasonable accommodations to provide housing to the household containing persons with disabilities.

240-4.4IIA.9 CONTINUED AFFORDABILITY REQUIREMENTS

A. Rental Projects

All rental Covered Projects shall comply with the following provisions, which shall be contained in an Inclusionary Housing Agreement to ensure continued affordability of Inclusionary Units.

- (1) **Minimum Affordability Period.** All Inclusionary Units shall remain affordable for a period of no less than thirty (30) years commencing from the date of initial occupancy of the units.
- (2) **Rent Increases.** Increases in the annual rent for Inclusionary Units during the minimum affordability period shall be limited to the percentage increase in the Consumer Price Index for the Albany-Schenectady-Troy Metropolitan Statistical Area. Increases above this percentage require the approval in advance and in writing from the City Office of Planning and Economic Development, which shall approve increases based on documented hardship or other exceptional conditions.
- (3) **Rental Report.** Owners of rental Inclusionary Units shall provide such information annually to the City, as determined by the City Office of Planning and Economic Development and the Inclusionary Housing Agreement, to ensure compliance with continuing occupancy and rent restrictions.
- (4) **Maintenance of Units.** Owners shall comply with all local codes and standards with respect to Inclusionary Units, and provide maintenance services to the Inclusionary Units in the same manner provided all units in the Project.
- (5) **Lease and Sublet Restrictions.** During the affordability period, the owner or occupant may not sublet an Inclusionary Unit to a Household other than an Income Eligible Household, or at a rent in excess of the Affordable Rent.
- (6) **Sale of Project.** If the Covered Project is sold during the Minimum Affordability Period, the use restrictions shall run with the land, and the new buyer will meet all restrictions of the Inclusionary Housing Agreement for the remainder of the period. The City shall charge the seller a fee to cover the costs of approving and recording the transfer.

B. Homebuyer Projects

All homebuyer Inclusionary Units shall comply with resale restrictions, which shall be contained in an Inclusionary Housing Agreement with the Developer and legally recorded with each sale. Transfer to an original co-owner does not constitute a resale for this purpose, but the transfer is subject to all restrictions of the original covenants, and any subsequent resale is subject to these provisions.

- (1) Shared Interest in Proceeds of Sale. At the time of the initial sale of the Inclusionary Unit, the City will determine the Buyer's Interest and the City's Interest based upon current Market Value determined by appraisal as if the property was unrestricted. The Buyer's Interest will be the percentage that the Buyer's Funds, including down payment and mortgage(s), constitute of the current full market value at time of initial sale. Buyer's Funds can include additional improvements as defined in Article 240-4.4HA.6B(5), but do not include any mortgages, subsidies or buy downs provided by the City or other public sources.

The City's Interest will be the remainder interest; that is, the Subsidy Amount (Market Value minus Buyer's Funds) divided by the Market Value at time of initial sale.

- (2) Resale Price. The resale price shall be the Buyer's Interest multiplied by the current Market Value as an unrestricted unit at time of resale. The Office of Planning and Economic Development shall determine the market value of the unit by appraisal, the cost of which is to be borne by the seller.
- (3) Notice of Intent to Sell. At any time the original Buyer wishes to offer an Inclusionary Unit for resale, the Buyer (now the Seller) must notify the City Office of Planning and Economic Development. The City (or its designee) shall provide one or more eligible buyers from the list of eligible buyers within thirty (30) days from notification. If the City declines or fails to provide an eligible buyer after 120 days from the notice to sell, the City Office of Planning and Economic Development may release the Inclusionary Unit restrictions on this unit, and the unit may be sold as an unrestricted unit, with the City recapturing its portion of the gross proceeds based on the City's Interest in Article 240-4.4HA.9B(1) above.
- (4) Transaction Fee. The City shall charge a fee to cover the costs of resale charged to the seller out of net proceeds.

240-4.4HA.10 ADMINISTRATION

A. Inclusionary Housing Plan

The developer will submit a proposed Inclusionary Housing Plan to the City Office of Planning and Economic Development in advance of Planning Board review. The Office will review the proposed plan for consistency with this Article,

and provide comments to the developer and to the Planning Board.

B. Inclusionary Housing Agreement

All Covered Projects are required to have an Inclusionary Housing Agreement approved as part of the final PUD site plan, site plan or subdivision approval by the Planning Board. The City Office of Planning and Economic Development will prepare the Inclusionary Housing Agreement. Notwithstanding any other provision of this article, no special use permit, site plan, change of use, subdivision approval, building permit or occupancy permit shall be granted for any dwelling unit in a Covered Project unless an Inclusionary Housing Agreement has been approved by the Planning Board.

C. Expedited Processing and Waiver of Fees

- (1) Expedited Approvals and Permit Review. Structures that provide the required Inclusionary Units shall receive priority for building permit review and development approvals, and multiple IZ units with identical plans will receive single plan review.
- (2) Waiver of Fees. All municipal fees associated with the development and construction of new residential units shall be waived only as they apply to the required Inclusionary Units.

D. Oversight and Enforcement

The City Office of Planning and Economic Development will monitor Covered Projects during implementation, review occupancy reports submitted by developers, and approve the transfer or re-occupancy of Inclusionary Units.

- (1) Post-Approval Administrative Actions. In the event of unforeseen and unavoidable changes in costs, the Office of Planning and Economic Development shall have the authority to adjust pricing and eligible income levels, but changes in the number of Inclusionary Units in the Inclusionary Housing Agreement will require Planning Board approval.
- (2) Certificate of Occupancy. No final certificate of occupancy shall be issued for a Covered Project unless all Inclusionary Units within the Covered Project are eligible for a certificate of occupancy, except that, with respect to Covered Projects to be constructed in phases, certificates of occupancy may be issued on a phased basis consistent with the provisions of this Article.
- (3) Enforcement. Violations of this article shall be punishable as provided by Article 240-9.213. In addition, any certificates of occupancy for Market Units in a Covered Project found to be in violation of this article may be revoked upon a finding of substantial non-compliance hereunder.

E. Annual Report and Evaluation

The City Office of Planning and Economic Development shall monitor activity under this article and shall provide an annual report on activities and costs to the

City Council. In addition, the Council shall cause this Article to be evaluated every three years, or in conjunction with the Comprehensive Plan review. In accordance with the City Charter, the Mayor shall have the authority to appoint a committee that includes representation of the inclusionary zoning program administrative staff, the Planning Board, the development industry and affordable housing experts to monitor the initial implementation of the ordinance and make recommendations.

EXEMPTION OF FEES FOR INCLUSIONARY UNITS:

In the annual resolution of the City Council, there shall be no application fees for the inclusionary units in a site plan or subdivision application, There shall be no cash-in-lieu of recreation land fee for the inclusionary units.

~~3.1. Proposed Amendment Creating Article 240-13.6G Exemption for Inclusionary Units~~

To add a new subsection "G" to read as follows:

~~"Article 240-13.6G Exemption for Inclusionary Units~~

~~The above mentioned fees shall not apply to any inclusionary zoning units or units which shall have received all required approvals under Article IIA of the Zoning Ordinance entitled, "Inclusionary Zoning"."~~

~~3.2. Proposed Amendment to Subdivision Regulations, Appendix A~~

To add the following to Appendix A:

~~"Fees established in this appendix shall not apply to any inclusionary zoning units or units which shall have received all required approvals under Article IIA of the Zoning Ordinance entitled, "Inclusionary Zoning"."~~

~~3.3. Proposed Amendment to City Code Chapter 231, Section 231-48, "Application for Service; Connection Fees"~~

To add a new subsection "D" to read as follows:

~~"D. Fees established in this section shall not apply to any inclusionary zoning units or units which shall have received all required approvals under Article IIA of the Zoning Ordinance entitled, "Inclusionary Zoning"."~~

Questions & Answers: **Proposed “Saratoga Places for All” (SPA) Housing Ordinance** (August 2016)

(The following “Questions & Answers” are from the City’s 2006 Inclusionary Zoning Ordinance, updated by Sustainable Saratoga to reflect data relevant to the current SPA-Housing Ordinance proposal.)

Why is Sustainable Saratoga supporting this proposal?

- Sustainable Saratoga advocates for sustainable smart growth policies. One such policy is that the City should have adequate, diverse housing.

What is the SPA-Housing ordinance?

- SPA-Housing is an inclusionary zoning (IZ) ordinance that requires developers of larger housing (sale or rental) developments to include some affordable units to households of modest income. Developers are given a modest density bonus, or the right to build more units, to offset the costs of producing these units. The proposed ordinance for Saratoga Springs requires developments of 10 or more new units to dedicate 10 to 20 percent (depending on target income level) of the new units to be affordable in exchange for a 20 percent density bonus. Over 500 other communities in the country have enacted similar ordinances.

What does the SPA-Housing Ordinance require?

- Developments with 10 or more new RENTAL units must set aside either:
 - 20% of units for households earning under \$65,000 (less than 80% of Area Median Income – AMI, based on a 4-person household) or
 - 10% of units for households earning under \$41,000 (less than 50% of AMI, based on a 4-person household)
- Developments with 10 or more new FOR SALE units must set aside either:
 - 20% of units for households earning under \$82,000 (less than 100% of AMI, 4 persons) or
 - 15% of units for households earning under \$65,000 (less than 80% of AMI, 4 persons)
- Density bonus - In exchange for providing the Inclusionary Units, the developer may increase the total number of units in the project by up to 20%.
- As necessary and appropriate to accommodate the Inclusionary Units, the Planning Board can relax certain regulations, depending on the zoning district.
- Developers will enter into an “Inclusionary Housing Agreement” with the City to assure that the conditions of inclusionary zoning are met.

Are there any exceptions?

- The Ordinance would apply citywide to new construction, substantial rehab or conversions, except for:
 - Exclusively non-residential development
 - Developments with fewer than 10 new units (unless developer requests & City approves)
- The Planning Board can waive part or all of the Inclusionary Zoning (IZ) requirements if it determines the additional units cannot be accommodated on site without detrimental impact.
- Developers may request “relief” from IZ through the Zoning Board of Appeals.

How will the Inclusionary Units be priced?

- Maximum rents and sales prices will be determined annually based on income levels. The Ordinance provides formulas for determining what the rents or sale prices for the affordable units will be.
- For certain "high cost" construction, the developer may seek Planning Board approval to set the price to target a slightly higher income level (up to 20% higher).

How will the Inclusionary Units differ from the market-rate units?

- In order to make the units affordable, inclusionary units may be smaller in size and contain less expensive interior finishes and amenities than the market rate units.
- Exterior finishes must be comparable to the market-rate units.

How long will the Inclusionary Units remain affordable?

- Rental units must remain affordable for at least 30 years.
- For sale units will remain affordable in perpetuity, with unit owners receiving net proceeds of the sale in proportion to their original investment.
- Affordability requirements are maintained through restrictive covenants & deed restrictions.

Who will be eligible for an Inclusionary Unit?

- The City Office of Planning and Economic Development will create and maintain a waiting list of eligible candidates based on income limits (adjusted annually).
- Priority is given first to households that reside or work in the City, second priority to households that reside or work in Saratoga County.
- Developers of Inclusionary Units will use this list to rent or sell the units.
- Seasonal or part-time residents will not be eligible.
- Subletting an inclusionary unit to a non-income-eligible party is prohibited; on turnover, new occupants will be selected from the City waiting list.

How will the program be monitored to make certain it works in Saratoga Springs?

- The Mayor is authorized to appoint a committee of experts to monitor the initial implementation of the Ordinance and to make recommendations for changes.
- The Planning Board can waive the requirements for individual projects where it is determined the IZ units cannot be provided without detrimental impact.
- If the City's waiting list is exhausted, the Planning Board can suspend the requirements for projects, or release individual units to market sale (with the excess proceeds being used to support this Ordinance).
- An annual report will be provided to the Council. An evaluation is scheduled every 3 years, which is the minimum time necessary to allow initial projects to be completed and units occupied.
- The City Council has the authority to amend this or any other portion of the City's Zoning Ordinance as needed.

How many affordable units will this produce?

- Based on recent years, 15 to 30 units could be produced each year, although this could be higher or lower depending on the market and the types of projects approved. Under current market conditions, these units are likely to be mostly rental units, although over time the Ordinance may also result in the creation of owner-occupied units.

Where will these units be produced?

- Consistent with the IZ principle of “fair share”, IZ units will be produced throughout the City, in proportion to the zoning density that applies to that particular neighborhood or site. The SPA Housing program is consistent with the relative housing densities proposed in the City’s Comprehensive Plan.
- The number of IZ units that any one area receives will be determined by the amount of new housing development in that area.

Who will these units be for?

- It is envisioned that these units will serve local residents – elderly residents who can no longer keep up with the tax and maintenance burden of single family ownership, young people who grew up here and are returning to raise their families in Saratoga, and people who have jobs in the City or County and want to live closer to work. The Ordinance gives priority to households of modest income that live or work in Saratoga Springs. Based on current incomes, IZ units would serve a two-person household earning \$32,800 - \$52,500 for rental housing, and up to about \$65,600 for homeownership. For a four-person household, IZ units would serve households in the \$41,000 - \$65,000 range for rental units, and up to \$82,000 for homebuyer units. These income ranges are adjusted annually.

How will IZ be administered and what are the costs?

- The ordinance is designed to minimize the administrative impact on our small city government. The Office of Planning and Economic Development (OPED) will administer the ordinance. While some staff time is required, these are functions already performed by OPED in other city housing programs, so the added workload is incremental, not new. Based on recent development activity, OPED and the 2006 Committee concluded that the administrative functions constitute about ½ person, or about \$55,000 in the first year and about \$45,600 in subsequent years (in 2006 dollars). The City is currently reviewing these estimates.

Why do we need to do this? Is there an affordable housing crisis in Saratoga Springs?

- The US Department of Housing and Urban Development (HUD) says that housing is not affordable if the occupants of the unit are paying more than 30% of their income for housing costs (rent, mortgage, utilities, insurance, etc.).
- 25% of all homeowners in Saratoga Springs spend more than 30% of their income on housing costs. This represents 1,596 households.
- 44% of all renters in Saratoga Springs spend more than 30% of their income on housing costs. This represents 2,154 households.
- 33% of all households in Saratoga Springs spend more than 30% of their income on housing costs. This represents 3,750 households.

Why is housing so expensive in Saratoga Springs?

- The reasons are many, but essentially there is very strong demand and a limited supply. The many positive qualities of Saratoga Springs have made it a very desirable place to live for people moving to and working in the Capital District. Saratoga’s appeal as a tourist and resort area is causing more and more of its housing stock to be claimed for vacation homes and second homes. Real estate investors are drawn to Saratoga Springs as an attractive

community to invest in high-end projects. As a result of this rising demand, land costs and building costs have increased to widen the gap between housing prices and area incomes.

Isn't this a short-term problem? Won't the housing market settle down and become more affordable in the future?

- Housing markets are cyclical and do not remain static. No one can predict the future of our local housing market, or whether prices will go up or down. This ordinance is designed as a long-term strategy to gradually add units in proportion to how the community grows. If the market slows and becomes more affordable, fewer market and IZ units will be produced.

If I'm already a homeowner in Saratoga Springs, why is affordable housing my problem?

- Although you may be secure in your home, we believe that the affordable housing may still impact you as a consumer, as an employer and as a family. If working middle class people cannot find housing that is affordable, the community as a whole suffers. Workers vital to the stability and health of the community—both professional and blue-collar workers—will not be available to provide the services needed by our citizens. Businesses will not locate or expand here if they are unable to recruit a local workforce, and this can threaten our local economy. On a more personal level, you may find that it will be harder to keep your family living close by – your children may have to move away to raise families, or your parents may not be able to afford to live close by as they age and need your support.

Isn't it reasonable to expect some people to commute from less expensive outlying areas?

- Employers indicate that this housing market affects recruitment, turnover and absenteeism. Workers who can't live close to their workplace are more likely to change their workplace location in order to shorten their commutes. Also, workers with long commutes are more likely to miss work, reducing the ability of local businesses to provide quality services. With uncertainty in fuel prices, workers have even more incentive to find employment close to their homes. And ultimately, housing choices should exist for working families and the elderly.

What are the impacts of the SPA-Housing Ordinance?

- There are over 500 IZ ordinances in effect nationwide, with different provisions and different levels of success. This proposed ordinance for Saratoga Springs drew on that range of experiences to develop a modest approach that is appropriate to Saratoga Springs and that will not negatively affect the special character of our community. Some of the key concerns about potential negative impacts of the IZ ordinances are discussed below.

Will the SPA-Housing Ordinance discourage development in Saratoga?

- It should not. In some IZ communities where the IZ requirement has become a severe burden to the developer, this has been the case. However, this ordinance has been carefully designed based on financial analyses so that these additional IZ units can be provided by the developer at a price that covers the developer's costs of construction and overhead. IZ requirements apply only when units can be added to the overall development plan, so there will not be a reduction in what the developer could produce without IZ. Therefore, while developers take on some additional near-term burden in building the IZ units, there is no long-term burden or financial cost to the developer. As long as there is market demand for the production of additional housing units in Saratoga, developers should be able to continue to produce units.

Will IZ units alter the character and appearance of the entire development or the neighborhood?

- It should not. The IZ units must be the same type as the market units -- for-sale units within for-sale projects or rental units within rental projects. The IZ units will be required to blend in with the market rate units in terms of exterior design, finishes and aesthetics. Only certain development requirements listed in the ordinance, such as setbacks, are waived, and only to the extent needed to incorporate the affordable units. Where the units cannot be constructed without detrimental impact on the development and the community, the requirements can be reduced or waived by the Planning Board.

Will IZ units have an impact on traffic and other environmental issues of concern?

- All developments covered by this ordinance are put through an environmental analysis following the State Environmental Quality Review (SEQR) process. The IZ units will be part of that, and changes to the design and other mitigation will be considered as part of that process prior to Planning Board approval. In addition, the proposed ordinance itself must receive SEQR review prior to enactment.

Will the SPA-Housing Ordinance threaten Saratoga Springs' greenbelt or rural areas?

- IZ applies within the City's existing zoning to all areas of the City. Therefore, inclusionary zoning will apply in the less densely zoned areas of the city, but in concentrations which reflect the lower density of those rural zones.

Will IZ units be produced disproportionately in certain neighborhoods?

- The ordinance is developed on the core principle of fair share. IZ requirements apply to all neighborhoods and areas of the City, in direct proportion to the existing zoning requirements in that area. It is likely that the city's core area and perhaps certain neighborhoods might see more development in the future than others, so these areas might see more IZ units than other areas. However, IZ units can be produced only on the development site and not shifted to other neighborhoods.

Does this change the local review process and the roles of the Planning Board, Design Review, or Zoning Board of Appeals?

- No. All existing review processes remain in place, and all authorities of the various review boards are preserved. The boards will be required to consider the IZ requirements as one of the overall requirements of the City, but not to the exclusion of other community concerns and requirements. The Planning Board will take the lead in incorporating the IZ requirements into the overall development approval. The Planning Board is authorized to grant relief from IZ requirements, and the developer still retains the right to appeal for full relief to the Zoning Board of Appeals.

Will Saratoga's taxpayers carry the burden of producing and subsidizing these units?

- There are no direct City subsidies contemplated or required for these units. However, there are administrative costs that have been estimated in 2006 at \$46,500 per year. The City is currently reviewing these estimates. The owners of IZ units will pay property taxes comparable to other modest housing in the community.

Will SPA Housing Ordinance end up drawing households to Saratoga that will become a burden to the community?

- The first priority is for households who live or work in Saratoga Springs. The second priority is for households who live and work in Saratoga County. Households who occupy these units must be self-sufficient because there are no subsidies provided. The ordinance has a “circuit breaker” so that the Planning Board can suspend the requirements if the City has no qualified applicants on its waiting list when developments are approved, and the income restrictions can be waived for units when there are no qualified buyers.

Is the draft ordinance applying a model from Montgomery County, Maryland, or other communities that are larger, more urban, or fundamentally different than Saratoga?

- No. The 2006 Committee was advised by the Innovative Housing Institute, nationwide experts on IZ, and the key IHI consultant formerly worked in Montgomery County and shared the Montgomery County experience. However, this ordinance was not based on Montgomery County or any other community. It was drafted from scratch, drawing on the experience of a range of communities, and modified based on substantial community input. The end result is a totally unique ordinance that is unlike any other community’s ordinance and tailored to the market and conditions in Saratoga Springs.

Why was a threshold of 10 units chosen?

- A 20% bonus only begins to make sense at 10 or more units. Because of the rounding required to get full units, a 20% bonus in smaller projects could have a dramatic and visible impact on density. The 2006 Committee looked at permits drawn in recent years, and has concluded that there would not be a significant increase in inclusionary unit production if the threshold were lowered to five units. The ordinance includes a voluntary provision where smaller projects could propose inclusionary units if it made sense from design and financial standpoints.

Can developers propose to build the IZ units off site?

- No. In cases where it is determined by the Planning Board that units cannot be accommodated on site, the requirement will be waived rather than shifted off site.

Does the City have the option to purchase the affordable units or change their use?

- No. This is not allowed, due to concerns that the intent and use of the units could be changed.

Will these families be able to afford the housing costs, including maintenance, taxes and homeowner association fees?

- The 2006 Committee analyzed the affordability, and created a pricing model that includes all costs, including taxes, insurance and homeowner association fees (if applicable). Taxes are based on assessments reflecting the lower price and value of the IZ units. In certain developments with high homeowner association fees, the pricing may need to be adjusted or subsidies provided to make it affordable. Maintenance and improvement of IZ units will be encouraged and taken into account for resale pricing.

Will the IZ unit buyers be able to enjoy appreciation in their unit value when they sell?

- Yes. Homeowners will be able to sell at a price that enables them to share in market appreciation in direct proportion to their initial investment when they sell. For example, if they were able to buy the unit at 60% of its original fair market value, they will be able to receive 60% of the appreciation at time of resale. The new buyer will continue to be a priority household in the eligible income range.

Why don't we just make inclusionary zoning a voluntary program?

- It is widely accepted that voluntary inclusionary zoning programs have been largely ineffective nationwide. Saratoga Springs has incorporated voluntary incentive-based affordable housing into its zoning standards for a number of years, but this has not resulted in the construction of any affordable units. Also, if voluntary, it is likely that IZ units would not be produced throughout the City and this would result in higher concentrations of IZ units in some neighborhoods rather than others.

Wouldn't it be easier if the City just paid developers to build affordable units?

- It is the removal of land costs from the additional units, achieved through the density bonus, which permits IZ units to be offered at a more affordable price. To achieve similar pricing levels, the City would need to either build on City property, thereby concentrating these units, or provide substantial subsidies to offset the rising cost of available privately held land.

Shouldn't this be a County-wide program?

- The market pressures exist throughout the Saratoga region, but have become most focused in Saratoga Springs. While a County-wide strategy would produce more needed units, Saratoga Springs needs to address this problem whether or not other communities join in. We hope that our leadership on this issue will encourage other communities in the County to consider the benefits of creating their own inclusionary zoning programs.

Will inclusionary zoning solve all of our community's affordable housing needs?

- Inclusionary zoning is not a panacea, but it is an important tool in establishing a range of options to address affordable housing needs in Saratoga Springs. Providing these units through a private market solution allows Saratoga Springs to meet some of the need without large government subsidies and regulation by the state or Federal governments. It is a modest but truly local solution.

What if it doesn't work?

- Several features have been included in the Ordinance to enable it to be modified or suspended if it doesn't work or if there isn't sufficient demand.
 - (1) The Ordinance provides for a committee to monitor the initial implementation and to make recommendations for changes.
 - (2) There is a "circuit breaker" for the Planning Board to suspend the requirements for new developments if there is insufficient demand for the units.
 - (3) There is a provision to allow individual units to be sold at market value if eligible buyers cannot be found.
 - (4) The Ordinance requires an annual report to the Council on the IZ units produced.
 - (5) The Ordinance requires an evaluation of the Ordinance and its impact within three

- years.
- (6) And, of course, the City Council could choose to re-evaluate and change the ordinance at any point if it proves to be unsuccessful, has unintended loopholes or negatively affects the community.

Who drafted the 2006 ordinance?

- In early 2005, Mayor Michael Lenz created the Inclusionary Zoning Ordinance Development (IZOD) Committee to study the City housing issues and develop a new ordinance. The worked for over a year and in April 2006 delivered a new ordinance to the City Council. That committee consisted of Monte Franke (Chair), Sonny Bonacio, Amy Durland, Matt Gabryshak and Vilma Heramia. Eric Schreck and Nancy Ohlin also served in the earlier months on the committee.

Why didn't the City Council adopted the draft ordinance in 2006?

- We can only speculate why the City Council did not adopt the draft ordinance as recommended by the IZOD Committee. There is official record of any public discussion of the Ordinance by the City Council.
- Sustainable Saratoga believes there probably were a number of factors that contributed to the lack of action. These might have included:
 - Desire to see if the ordinance could be adopted on a regional or county-wide level;
 - Suggestions by some developers that more time could allow affordable housing to be built on a voluntary basis;
 - Concern with forecasts of an uncertain housing market;
 - A tight City budget that were projecting employee layoffs.

HOUSING DATA

SARATOGA SPRINGS, NY

Compiled by Sustainable Saratoga (August 2016)

AFFORDABLE HOUSING:

The US Department of Housing and Urban Development (HUD) defines "Affordable Housing as "housing for which the occupant(s) is/are paying no more than 30 percent of his or her income for gross housing costs, including utilities".

The US Census's 2010-2014 American Community Survey reports:

SARATOGA SPRINGS:

- 24.81% of all homeowners spend more than 30% of their income on housing costs.
 - This represents 1,596 households
- 44.14% of all renters spend more than 30% of their income on housing costs.
 - This represents 2,154 households
- 33.15% of all households spend more than 30% of their income on housing costs.
 - This represents 3,750 households

COUNTY OF SARATOGA:

- 23.60% of all homeowners spend more than 30% of their income on housing costs.
- 42.62% of all renters spend more than 30% of their income on housing costs.

DEMOGRAPHIC:

The US Census 2000:

SARATOGA SPRINGS:

- Total populations: 26,586 (26,186 in 2000)
- Number of persons per household: 2.13 (2.21 in 2000)
- Number of occupied housing units: 11,312 (10,784 in 2000)
 - Number of owner-occupied housing units: 6,431
 - Number of renter-occupied housing units: 4,881

COST OF HOUSING:

The US Census's 2010-2014 American Community Survey reports:

SARATOGA SPRINGS:

- Mean value for owner-occupied units: \$310,200
- Mean monthly gross rent for renter-occupied units: \$988

COUNTY OF SARATOGA:

- Mean value for owner-occupied units: \$230,900
- Mean monthly gross rent for renter-occupied units: \$978

City Data.com reports:

SARATOGA SPRINGS:

- Median gross rent in 2013: \$1,011.
- Mean prices in 2013:
 - *All housing units*: \$337,814;
 - Detached houses: \$327,096
 - In 5-or-more-unit structures: \$938,279
- Median house of condo value:
 - In 2013: \$297,771
 - In 2000: \$128,600

INCOMES:

The US Census's 2010-2013 American Community Survey reports:

SARATOGA SPRINGS:

- Per capita income: \$39,355
- Median household income: \$67,303

COUNTY OF SARATOGA:

- Per capita income: \$35,860
- Median household income: \$70,581

City Data.com reports:

SARATOGA SPRINGS: (zip code area)

- Estimated median household income in 2013: \$67,522

The US Department of Housing and Urban Development:

COUNTY OF SARATOGA: (no separate data available for City of Saratoga Springs)

- 2016 Median Income: \$82,000
- 2016 Median household income by household size: (see table below)

HOUSEHOLD SIZE: (persons)	HOUSEHOLD INCOME (30% of Area Median)	HOUSEHOLD INCOME (50% of Area Median)	HOUSEHOLD INCOME (80% of Area Median)	HOUSEHOLD INCOME (100% of Area Median)	HOUSEHOLD INCOME (110% of Area Median)	HOUSEHOLD INCOME (120% of Area Median)
1	\$17,250	\$ 28,700	\$ 45,950	\$57,400	\$63,150	\$68,900
2	\$19,700	\$32,800	\$52,500	\$65,600	\$72,150	\$78,700
3	\$22,150	\$36,900	\$59,050	\$73,800	\$81,200	\$88,550
4	\$24,600	\$41,000	\$65,000	\$82,000	\$90,200	\$98,400
5	\$28,450	\$44,300	\$70,850	\$88,600	\$97,450	\$106,300
6	\$32,600	\$47,600	\$76,100	\$95,200	\$104,700	\$114,250
7	\$36,750	\$50,850	\$81,350	\$101,700	\$11,850	\$122,050
8	\$40,900	\$54,150	\$86,600	\$108,300	\$119,150	\$123,000

Honorable Joanne Yepsen, Mayor
City of Saratoga Springs
City Hall
474 Broadway
Saratoga Springs, NY 12866

Dear Mayor Yepsen:

RE: SPA-HOUSING ORDINANCE

We have submitted to the City Council zoning amendment that would create “The Saratoga Places for All (SPA) Housing Ordinance”. This is a zoning text amendment that is intended to create more diverse housing opportunities citywide –especially for the middle income households.

Due to the public benefit nature of this zoning text amendment we are requesting a waiver of the application fee. We also indicated this request on the application form.

Sincerely,

Harold J. Moran

Harry Moran
Chair

September 6, 2016

Mr. Mark Torpey, Chair
Saratoga Springs Planning Board
City Hall
474 Broadway
Saratoga Springs, NY 12866

Dear Mr. Torpey:

RE: SPA HOUSING ORDINANCE – ADVISORY OPINION TO THE CITY COUNCIL

We would like to offer some supportive information as the Planning Board undertakes its advisory opinion to the City Council on Sustainable Saratoga's application to amend the Zoning Ordinance to include language that requires that development projects of 10 or more units include units deemed affordable under current HUD income guidelines.

We understand that, at a minimum, your task is to determine 1) whether the proposed revision is consistent with the Comprehensive Plan; and 2) whether the proposed revision is not contrary to the general purpose and intent of the Zoning Ordinance.

We offer the following comments on these two tasks.

CONSISTENT WITH COMPREHENSIVE PLAN:

We believe the propose SPA Housing Ordinance is completely consistent with the 2015 Comprehensive Plan.

Specifically, we believe the proposed zoning amendment is consistent with the following recommended housing actions presented within the Comprehensive Plan.

3.4-50 Encourage a range of residential opportunities that will be available to all residents to promote the social and economic diversity vital to a balanced community.

3.4-51 Actively promote affordable housing of all types and tenure throughout the City, and avoid overconcentration in any one area to reduce the potential for isolation of income groups.

- a. Promote diversity of housing types in close proximity to employment centers such as Downtown, the hospital, Skidmore College, the racetracks, etc.
- b. Encourage the development of higher density residential alternatives within the urban core including the conversion to residential use of upper floors in commercial districts.
- c. Make greater use of City-owned properties for affordable housing and consider acquiring additional properties for this purpose.

3.4-54 Rehabilitate and develop affordable housing via a "whole-site approach" with attention to site location and layout, façade design, pedestrian movement and accessibility, adequate infrastructure provision, and sensitivity to historic preservation and neighborhood context. This will also assist to revitalize and/or preserve existing neighborhoods.

- 3.4-56 Promote more effective development incentives.
 - a. Consider incentives, such as density bonuses, temporary property tax relief from building setback, and parking requirements, to encourage affordability.
 - b. Consider providing infrastructure incentives for developments with affordable units.

- 3.4-57 Address procedural items related to housing Citywide.
 - a. Review zoning, subdivision, building codes, and develop policies to actively encourage affordable housing construction or redevelopment.
 - b. Investigate appropriate opportunities for the conversion, building, and permanent residential use of building code compliant accessory buildings such as carriage houses and garages.
 - c. Promote more aggressive enforcement of housing codes and zoning regulations.

We don't believe the proposed zoning amendment is inconsistent with any of the housing policies of the 2015 Comprehensive Plan.

We also note that the proposed density bonus in the proposed zoning amendment is totally consistent with the following policy statement on page 62 of the Comprehensive Plan:

Incentive Zoning Supporting Public Purpose:

Section 81-D of the NYS General City Law sets forth the conditions under which cities can enact incentive zoning. Saratoga Springs already has density bonuses for affordable housing and publicly accessible open space in several zoning districts. This legislation requires the density incentives to be consistent with the municipality's Comprehensive Plan. Therefore, public purpose density bonuses permitted by Section 81-D would be able to exceed the residential density caps in each of the land use categories.

CONSISTENT WITH GENERAL PURPOSE AND INTENT OF ZONING ORDINANCE:

The purpose and intent of the Zoning Ordinance is set forth in Article 1.3 of the ordinance and presented below. We believe the SPA Housing Ordinance zoning amendment is consistent with, and not contrary to, the intent and purposes described below.

1.3 INTENT AND PURPOSES

A. The intent of this Chapter is to encourage appropriate and orderly physical development; promote public health, safety, and general welfare; classify, designate and regulate the location and use of buildings, structures and land for agricultural, residential, commercial, industrial or other uses in appropriate places; and to divide the City of Saratoga Springs into districts of such number, shape and areas as may be deemed best suited to carry out these regulations and provide for their enforcement.

B. The regulations and district boundaries identified in this Chapter and upon the Zoning Map are made with the following additional purposes:

1. Facilitation of efficient, economical, and adequate provision of public utilities and services;
2. Assurance of adequate sites for residential, agricultural, industrial, commercial and other appropriate uses;
3. Provision of privacy for families and the maximum protection of residential areas;
4. Prevention and reduction of traffic congestion so as to promote efficient and safe circulation of vehicles and pedestrians;

5. Gradual elimination of nonconforming uses;
6. Conservation of the taxable value of land and buildings while enhancing the appearance of the City of Saratoga Springs as a whole;
7. Encouragement of flexibility in the design and development of land;
8. Protection of the general environment in compliance with the objectives of applicable Federal and State statutory and regulatory programs;
9. Protection of the natural resources of the community including but not limited to the protection of the water resources of the City;
10. Safeguarding the heritage of the City of Saratoga Springs by preserving districts and landmarks in the City which reflect elements of its cultural, social, economic, political, artistic and architectural history;
11. Promoting the use of historic districts and landmarks for the education, pleasure and welfare of the citizens of the City.

In addition, we note that the structure of our proposed amendment is identical in substance to the draft created in 2006 by the Inclusionary Zoning Ordinance Development (IZOD) Committee. Due to the zoning ordinance reorganization that was undertaken in 2012, we have made some numbering changes to the amendment. In 2006 the inclusionary zoning amendment was proposed as Article 240-11A. With the new ordinance organization we propose this amendment as Article 240-4.4.

We appreciate the opportunity to provide these comments on this important zoning amendment.

Respectfully,

Harry Moran, Chair

Commissioner Michele Madigan
Commissioner Chris Mathiesen
Commissioner Skip Scirocco

October 6, 2016

Mr. Mark Torpey, Chair
Saratoga Springs Planning Board
City Hall
Saratoga Springs, New York 12866

Dear Mr. Torpey and Planning Board Members:

RE: SPA HOUSING ORDINANCE QUESTIONS AND ANSWERS

We understand that as a result of the discussion on the advisory opinion for the SPA Housing Ordinance at the September 8, 2016 meeting, the Planning Board has the following questions that are listed below. Our responses are presented after each question.

1. ***Is there a financial model available to show that developers will not lose money under this inclusionary zoning ordinance?***

- In 2006, local developer, and original IZOD committee member, Sonny Bonacio ran a financial model using his private construction cost information. He allowed it to be reviewed by some local independent housing experts and the City's housing consultants. Based on this data, Mr. Bonacio and the IZOD committee concluded that developers would not lose money under the ordinance and that even the IZ units would be modestly profitable.
- Sustainable Saratoga has not attempted an update on the financial model since we do not have the updated private construction costs. We have met with developers and have encouraged them to re-run the model if they suspected that the conclusion would be materially different than in 2006. We are prepared to find a housing expert to privately review for the City any new financial model that was run.
- We have no reason to believe today that developers would lose money on the IZ units if this ordinance was adopted. The basic reason that this ordinance will work is due to the density bonus, which essentially guarantees that there are no land costs for the IZ units. Therefore, those units can be offered at a lower rent or sale price than the market-priced units in a development.

2. What are some similar size communities that have IZ ordinances?

- We haven't done a comprehensive analysis of all the reported 500 communities that have some kind of IZ ordinance.
- We have seen reports that indicate the following "small communities" have some type of IZ ordinance.
 - Davidson, NC (12,000)
 - Salem, NH (28,000)
 - Princeton, NJ (28,000)
 - West Hollywood, CA (35,000)
 - Montclair, NJ (40,000)
 - Burlington, VT (42,000)
- Each IZ ordinance is different. There is a lot of variation with respect to the level of density bonuses, percentage of required to be affordable units, eligibility of occupants, duration for the subsidies, etc. So it is nearly impossible, and somewhat meaningless, to compare IZ ordinances with one another.
- The SPA Housing Ordinance was carefully developed in 2006 in response to Saratoga Springs' development process and housing market. The ordinance is unique to Saratoga Springs.

3. Are there some communities that have been successful in creating IZ units?

- Yes, there are studies that report successful IZ programs in other communities. There are also studies that point to failures and problems with IZ projects in other communities.
- The internet is full of information on inclusionary zoning. We see little value in studies or discussing these other ordinances, because the SPA Housing ordinance is uniquely designed for Saratoga Springs. One cannot effectively compare our ordinance with those different ordinances in other communities.
- But if the Planning Board would find a list of accomplishments from IZ ordinance in other communities helpful, here are a few:
 - In the first 10 years of Denver CO the IZ ordinance created 1,155 affordable units.
 - Since 1974 Montgomery County, Maryland created over 10,000 IZ units.
 - Between 1992 and 2003, over 1,200 IZ units were built in San Diego, CA.
 - Sacramento, CA has added 465 IZ units since 2000.
 - Burlington VT has created 284 IZ units since 1990.

4. What is the basic theory behind IZ ordinances? How do they vary from community to community?

- Inclusionary housing policies require developers of new market-rate real estate to provide affordable housing. It works well in communities where markets are driving up housing costs and displacing lower-income residents.
 - “For cities struggling to maintain economic integration, inclusionary housing is one of the most promising strategies to ensure that the benefits of development are shared widely.” (Lincoln Institute of Land Policy, 2015)
- A well-designed IZ ordinance is intended to generate significant affordable housing without overburdening developers or negatively impacting the pace of development.
- IZ ordinances vary considerably. But some of the general characteristics are as follows:
 - Some are mandatory, but some are not.
 - Most require developers to sell or rent 10 to 20 percent of their new residential units to middle- to-lower-income households. The target income groups vary but commonly are households making between 50% and 110% of local median income.
 - Communities give a variety of off-sets for this requirement. Most give the developer a right to build at a higher density, some waive development requirements such as parking and setbacks, others give tax abatements.
 - Most require the IZ units to be located on site in a mixed-use project. But some allow in-lieu fees or provisions for the IZ units to be moved off site.
- Most studies show that successful IZ ordinances are ones that are designed to reflect the local culture, economic conditions and housing market.

5. Briefly describe how the approval process would work on an inclusionary zoning project that comes before the Planning Board.

- By adopting the SPA Housing Ordinance, the City Council establishes the general rules and regulations for this inclusionary zoning program in Saratoga Springs. There are provisions for the City Council to annually monitor progress and to periodically make any needed adjustments or refinements in the ordinance. But the City Council has no involvement in any of the development projects that are covered by this ordinance.
- It is the City Planning Board that has full responsibility to implement the ordinance. The following is a brief “over-simplification” of how the process works.
 - During site plan review or the subdivision review process, the PB and the developer negotiate an “Inclusionary Housing Agreement” for any project that is to have 10 or more residential units.
 - The covered projects could be single family homes, apartments, condominiums, mixed-uses or any combination of any type of residential uses.

- The developer first proposes a conceptual plan what he/she would like to build that is in conformance the zoning. The PB must then “accept” this conceptual plan.
 - In all zoning districts except the transect districts, the maximum number of units per site is set by the zoning density caps and by the site analysis of the property.
 - In the transect districts the maximum number of units is set by the allowable building envelop and the site analysis.
- The developer then proposes to the PB the target income category for the IZ units and that helps determine the number of IZ units that will be set aside as affordable. That figure can be up to 20% of the total units in the zoning correct conceptual plan. The number of units set aside as IZ units then determines the number of density bonus units that the developer will receive.
- The PB and the developer then negotiate or design a site development plan that best accommodates the density bonus units on the property and what relief (setbacks, heights, parking, etc.) the developer will be granted.
- The PB and developer then agree on a final wording of Inclusionary Housing Agreement that is a legal document between the City and the developer.
- Final site plan or subdivision approval can then be granted by the PB.
- The City staff is responsible for finding and screening households that will occupy the IZ units.
 - Priority can be given to existing city residents or people who currently work in the city.
 - A lottery may be used to select eligible households to occupy the IZ units.
 - The selected households then negotiate a rental or sale price for the IZ units, utilizing the required guidelines of the ordinance.
 - The City is required to do annual monitoring of all IZ units and project to be sure the conditions of the Inclusionary Housing Agreement are being met.

6. Why shouldn't this IZ ordinance be postponed and be included in the new UDO rezoning effort?

- In March of 2016, we submitted comments to the UDO consultants and City staff indicating that we were working on resubmitting the 2006 inclusionary zoning ordinance to the City Council. We recommended that this IZ ordinance be handled separately from the UDO process because of timing and complexity.
- We were very surprised that the September 6, 2016 UDO Diagnostic Report included the possibility that an inclusionary zoning provision be restudied and included in the UDO.

- We suspect there is an inadequate budget and resources for the UDO process to restudy inclusionary zoning and we don't think that task is necessary or a good use of public funds.
- We do not recommend that the SPA Housing ordinance be postponed and folded into the UDO process.
 - There are no formal announced target dates yet for completing the UDO process. We suspect the UDO will not be completed until late 2017.
- The Saratoga Springs real estate market is very strong now. It would be a shame to keep postponing an excellent opportunity to create guaranteed affordable/workforce housing in this community. For the last 10 years, we feel that the City has “wasted” an opportunity but action now will still make a difference.

7. Why aren't all the questions answered in the SEQRA short form that was submitted with the application?

- On August 5, 2016 Sustainable Saratoga submitted to the City a SEQRA Short Environmental Assessment Form with Part I – Project Information completed.
 - The Planning Board has noted that questions #3 through # 21 had no “yes” or “no” boxes checked and they want know why we did not provide those answers. All those questions relate to site specific issues. Since our zoning amendment is a text amendment only and is not specific to any one site in the City, we felt that these questions were all “not applicable”. Therefore, we did not answer them.
 - The City required us to provide a digital copy of this form that is downloaded from the NYS DEC website. The form does not allow one to enter “not applicable”.
- We note that the City needs to complete Part II and maybe Part III of the SEQRA Long Form for this zoning amendment.
 - In 2006, the City staff drafted a detailed Part II and Part III of the SEQRA Long Form. This data may need to be updated and placed in the new version of the SEQRA Forms.
 - The Saratoga County Planning Board has implied that the City may have to undertake a generic environmental impact statement (EIS) because this amendment involves a density bonus for a public purpose. We believe a generic EIS is not necessary unless the City Council determines the zoning amendment will have significant adverse impacts.

8. What are the true costs to the City of administering this ordinance?

- In 2006, the IZOD committee, working with the City staff, developed a projection of administrative costs. They created a detailed spread sheet with tasks and assigned person-hours to each task. They then totaled all the hours and assigned an annual cost to those hours. They included costs for employee benefits and City overhead.

- The 2006 estimates were: \$55,000 for the first year (for startup) and \$46,500 for sequent years.
- In 2006, developer Sonny Bonacio suggested that the project cost estimate might be too low and that he was concerned that the program wouldn't succeed and that developers would lose valuable time and money if the program was not adequately staffed.
 - The IZOD Committee chair Monte Franke (a national housing consultant) did review the numbers for a second time and did not recommend any further revisions in the Committee's original estimates.
- On May 5, 2016, Sustainable Saratoga met with Mayor Yepsen and recommended that the Mayor's department take another look at the 2006 estimate to determine if they were still valid or needed to be revised. The Mayor told us that her staff would take care of this.
 - We are unsure of the current status of this review.
 - Sustainable Saratoga can NOT produce these cost estimates. The estimates have to come from the City.
- Some communities assign their own staff to administer the program. Some contract out the administrative tasks to other entities.
- Some communities with IZ programs fund the administrative costs with: general budget expenditures; federal housing block grant funds; new local inclusionary housing fee revenues collected from developers or IZ unit tenants/homebuyers; or, from a percentage of unit resale fees

9. *What is the maximum rental or sale price in today's dollars for an IZ unit?*

- In 2006 the IZOD Committee and City staff worked with a formula to project these costs. They were as follows:
 - Based on current (2006) income levels, the maximum sale prices are approximately:
 - \$140,500-\$180,00 for 1 bedroom units
 - \$180,000-\$299,500 for 3 bedroom units
 - Based on current (2006) income levels, the maximum rents are approximately (per month):
 - \$800-\$1,280 for 1 bedroom units
 - \$1,000-\$1,600 for 3-bedroom unit
- Sustainable Saratoga does not have access to the formula or the data that goes into the formula. So, we can't update these figures, but we believe that the City Planning staff should be able to accomplish this task with the resources they have at their disposal.

10. *Is the SPA Housing Ordinance compatible with the 2015 Comprehensive Plan and the general purpose and intent of the Zoning Ordinance?*

- On September 2, 2016 Sustainable Saratoga submitted a separate letter that specifically addressed the two tasks that the Planning Board must address in their advisory opinion to the City Council.

- At a minimum, the Planning Board must determine 1) whether the proposed revision is consistent with the Comprehensive Plan; and 2) whether the proposed revision is not contrary to the general purpose and intent of the Zoning Ordinance.
- Consistent with 2015 Comprehensive Plan:
 - Our letter reference 5 specific policies in the Comp Plan that we believe are consistent with the SPA Housing Ordinance.
 - Our letter also references a specific policy of the Comp Plan that supports development density increases for a public purpose. In this case the public purpose is affordable housing.
- Not contrary to general purpose and intent of the Zoning Ordinance:
 - Our letter presents the two major purpose and intent of the Zoning Ordinance and we conclude our SPA Housing Ordinance is not contrary to of either of those.

We look forward to discussing this issue further with the Planning Board at the October 13, 2016 meeting during the advisory opinion review of the SPA Housing Ordinance.

Respectfully,

Harry Moran
Chair

October 11, 2016

SUPPLEMENTAL MATERIAL FOR PLANNING BOARD:
SPA HOUSING ORDINANCE

The following is a more detailed response to question #5 in Sustainable Saratoga's October 6, 2016 letter to the Saratoga Springs Planning Board. The added text is presented in red.

5. Briefly describe how the approval process would work on an inclusionary zoning project that comes before the Planning Board.

- By adopting the SPA Housing Ordinance, the City Council establishes the general rules and regulations for this inclusionary zoning program in Saratoga Springs. There are provisions for the City Council to annually monitor progress and to periodically make any needed adjustments or refinements in the ordinance. But the City Council would have no involvement in any of the development projects that are covered by this ordinance.
- It is the City Planning Board that has full control and responsibility in the implementation of the ordinance. The following is a brief “over-simplification” of how the process works.
 - During site plan review or the subdivision review process, the PB and the developer negotiate an “Inclusionary Housing Agreement” for any project that is to have 10 or more residential units.
 - The covered projects could be single family homes, apartments, condominiums, mixed-uses or any combination of any type of residential uses.
 - The developer first proposes a conceptual plan of what he/she would like to build that is in conformance with the zoning. The PB would then “accept” this conceptual plan.
 - In all zoning districts except the transect districts, the maximum number of units per site is set by the zoning density caps and by the site analysis of the property.
 - In the RR and SR-1 districts a conservation subdivision is required. So once the conservation analysis is completed and reviewed by the PB, the base density of 1 unit per 2 acres of developable land is determined. That base density is the starting point for the density bonus under the IZ ordinance.

- In all other single-family, two-family and multi-family residential zoning districts, the ordinance specifies the minimum lot size for each residential unit.
 - In the transect district the maximum number of units is set by the allowable building envelope and the site analysis.
 - Density in the T-4, T-5 and T-6 district is set by the allowable building envelope. Mixed types of land uses are encouraged in all transect zones and non-residential uses are required on the first floor in the T-6 district.
 - The developer first proposes what mix of residential or non-residential uses can fit into the allowable building envelope determined by the site analysis. For example, the developer and the PB may agree that a site can have a maximum development capacity of 30,000 sq ft of non-residential use and 20 residential units. Those 20 units become the base residential density or starting point for the density bonus under the IZ ordinance.
- The developer then proposes to the PB the target income category for the IZ units and that helps determine the number of IZ units that will be set aside as affordable. That figure can be up to 20% of the total units in the zoning correct conceptual plan. The number of units set aside as IZ units then determine the number of density bonus units that the developer will receive.
 - **RENTAL UNITS:** The IZ ordinance states that if the developer wants to target their IZ units to “low income household” (up to 50% of AMI), they only have to designate 10% of the total units as affordable. If the developer wants to target “moderate income households” (50%-80% of AMI), the developer has to provide 20% of the total units as affordable.
 - **FOR SALE UNITS:** The IZ ordinance says that if the developer wants to target their IZ units to “moderate income households” (up to 80% of AMI), they only have to provide 15% of the total units as affordable. If the developer wants to target “middle income households” (80%-100% of AMI), they have to provide 20% of the total units as affordable.
 - The number of units the developer decides to provide as IZ units determines the number of density bonus units. So on each development project the percentage of IZ units and the percentage of bonus units will be somewhere between 10% and 20%.
- The PB and the developer then negotiate or design a site development plan that best accommodates the density bonus units on the property and what relief (setbacks, heights, parking, etc.) the developer will be granted.

- The IHA includes all the enforcement requirements (restricted covenants, legal remedies, etc.) to implement the ordinance.
 - Final site plan or subdivision approval can then be granted by the PB.
- The City staff is responsible for finding and screening households that will occupy the IZ units.
 - Priority can be given to existing city residents or people who currently work in the city.
 - A lottery may be use to select eligible households to occupy the IZ units.
 - The selected households then negotiate a rental or sale price for the IZ units, utilizing the required guidelines of the ordinance.
 - The City is required to do annual monitoring of all IZ units and project to be sure the conditions of the Inclusionary Housing Agreement are being met.

RE: SCPB Referral Review#16-162-Text Zoning Amendment-Inclusionary Zoning

A zoning amendment to require that in residential developments of 10 or more units 20% of the units (for sale or rent) be dedicated as affordable to households of moderate or low income with the provision of a density bonus of 20% to the developer.

Received from the City of Saratoga Springs City Council on August 26, 2016.

Reviewed by the Saratoga County Planning Board on September 15, 2016.

Decision: Incomplete Application

Comments:

APPLICATION/NEED

On August 5, 2016 a letter from Mr. Harry Moran, Director of Sustainable Saratoga (SS), was submitted to Mayor Yepsen requesting City Council acceptance for further review the application by SS for a zoning amendment titled "The Saratoga Places for All (SPA) Housing Ordinance." On August 16th the City Council did vote to refer the proposed zoning amendment to both the city and county planning boards for their respective reviews and recommendations. The referral was received by the Saratoga County Planning Board (SCPB) on Aug. 26 and reviewed at its monthly meeting of September 15th. We note that at the present time the proposed legislation has not yet been heard as part of a public hearing held by the City Council, nor has review and a lead agency determination been made under SEQRA. The SCPB agrees that as noted in Sustainable Saratoga's August 6 letter, the efforts made in both 2006 and 2016 to provide "a good housing program for Saratoga Springs" are laudable and desirable, deserving of a detailed community discussion and consideration. We find, however, and cite below, that material to assist in a complete review of the proposed legislation was not part of the referral submitted and ask that such material be provided (or counsel's determination that it is not required) for the SCPB to take final action at its October 20th meeting. Perhaps once the city council holds its public hearing there will

50 WEST HIGH STREET
BALLSTON SPA, NY 12020

(518) 884-4705 PHONE
(518) 884-4780 FAX

be a clearer understanding of the material submitted to date and a further submission of supplemental (if necessary) material.

Just because a standard zoning ordinance exists there is no guarantee or surety provided (or implied) that there will be actual development of any property, much less in the manner prescribed or hoped for. If a municipality determines that it needs or desires to have a specific type of development, it can only zone to allow that use (or uses) and then allow market conditions to work – the question then becomes whether a developer will find it economically feasible to develop a certain property in the way that the zoning ordinance defines. That is why the city has again pursued a means by which a developer may be permitted to exceed standard zoning restrictions in exchange for meeting a community need, the provision of some type of affordable housing within a plan of development. Incentive zoning can be used to encourage developers to provide community amenities that cannot be required. It is notable that court decisions have recognized that affordable housing can only be built by providing incentives to private enterprise and that some municipalities have been mandated in some court decisions to use incentives and the elimination of costly regulatory requirements as means of setting aside an established percentage of all new housing units as affordable.

We recognize the need for the city council to look beyond standard zoning - to Incentive Zoning, as proposed then (2006) and now – for a means of implementing the development of some type of affordable housing within Saratoga Springs. In different sections of the draft ordinance and correspondence this has been noted as workforce housing, moderate-income, and low-income housing. Legislative action, therefore, has been spearheaded by an advocacy group, Sustainable Saratoga – Advocate. Educate. Act. Legislation has been proposed to guarantee more diverse housing opportunities. SS has reintroduced a 2006 study and the then-proposed ordinance which provide for a density bonus along with a mandate to include an amount of affordable housing. Anecdotally, commentary has referenced the city’s high cost of land for development, the resulting high cost of housing, and the need for housing that meets the needs of lower to middle-income households.

The amendment for inclusionary zoning proposes consideration of developments (for sale or rentals) of 10 or more dwelling units within which 20% of the units are dedicated for moderate-income households (or 10 % of rental units are dedicated toward low-income households). A developer “could” increase the density of a development project by “up to” 20% through this set aside provision. Without such legislated economic incentive and agreements a municipality is not able to require a builder/developer to provide public amenities as a condition of gaining his/her development approval. Zoning restrictions could not be exceeded. But, through such an amendment a developer can be offered a bonus in greater density above what the zoning otherwise permits and the community will benefit by obtaining an amenity it sees as necessary and desirable for its citizens.

In order for this legislation to be considered a completed draft for review we note that:

- It should be determined (documented in study and review) that the amenity to be received (affordable housing) is needed and useful.
 - Is there an analysis of the number of existing housing units that are classified as occupied by low-income and moderate-income (and workforce housing?) households?
 - Is there a definitive number of such units that need to be built over the next 10 or 20 years to fill the gap between existing affordable housing units and what is needed? Has it been

- determined in numbers what that latter need (the number of affordable housing units) is?
 - Has there been a citywide build-out analysis (presently or as an update of 2006 data) of lands in districts where residential development is permitted in order to determine the possible number of dwelling units that could be built, and
 - Under the provisions of the proposed ordinance, has that analysis determined the number of affordable housing units (by bonuses) that could then be built?
- The amenity must be effective in addressing an issue, meeting a need or solving a problem. Is the approval of/construction of affordable housing units through the use of density bonuses the only option being considered to address the issue?
- As determined by a financial analysis, the incentive must be sufficient to make it worthwhile for private enterprise to provide the housing type sought by the municipality. Has there been such an analysis by the city with all stakeholders?
- Therefore, we believe that the study that precedes this legislation must provide a cost-benefit analysis
 - Financial modeling data and development costs as input from architects, residential developers and builders (as noted by the chairman of the city's Inclusionary Zoning Ordinance Committee in 2005: "We just need to plug in the numbers," and "those numbers we can't pull out of the air. They have to be based on the hard science...").
- Concurrence needs to be obtained from stakeholders (municipal and private businesses) that the proposed legislation is favorable enough to serve as an inducement.
 - Developer can and will provide the community's desired but uneconomic amenity,
 - Developer will receive a definitive density bonus (not a subjective "up to" percent or a statement that density "could be increased" to...
 - No economic windfall received through the bonus
 - City land use board will provide for a full 20% density bonus
- The bonus in density must be carefully designed (and reviewed under SEQR and in accord with City Law section 81) to ensure that the municipality will not overload public services or adversely impact adjacent municipal services such as:
 - Water - supply
 - Sewer – capacity issues,
 - Street system – maintain flow of through traffic, no increase in need for signalization, signage, or on-street parking, and no intersection degradation in LOS ratings
 - Parking – potential for increased parking need, particularly in Transect Zones
 - Need for paid parking or garages?
 - Schools – Districts may be impacted, but have no land use decision-making ability
 - Fire and police protection – need for new or expanded locations? Limits to areas of service? Time for response?
 - Emergency services – same as above

The applicant has stated that the SEQR review conducted for the 2006 legislation is sufficient for consideration of the legislation proposed in 2016. For our record and

final review of the legislation we would like a determination from the city council (assuming lead agency status will be with the council) that it is satisfied with what is on record from 2006 and that there is no need to undertake a new review.

Additionally, we note that the referral submitted to SCPB is for the proposed amendment to the zoning ordinance. Does the city council believe that there should or should not have also been submitted for consideration (as part of that referral) an amendment to the 2015 Comprehensive Plan, or is only the zoning amendment being considered?

The "Purpose" section of the legislation makes repeated reference to workforce housing rather than the affordable housing (low-income, moderate-income) referenced in the materials supplementing the application/referral. It appears that the legislation carries over the terminology from 2006 committees and proposed legislation. Which housing type is it that the present amendment is addressing, if they are different in any manner?

In reference to the quantification questions raised above, for our clarification we ask that the applicant please identify what is being/should be quantified as the housing needs for the respective income levels. It is cited that the city has a goal of increasing the workforce housing stock – what is the present number of "workforce" housing units in the city and, then, what are the number of units available, occupied, needed? Also stated is that there is a "limited supply of workforce housing" but we ask where is this quantified?

Michael Valentine, Senior Planner
Authorized Agent for Saratoga County

DISCLAIMER: Recommendations made by the Saratoga County Planning Board on referrals and subdivisions are based upon the receipt and review of a "full statement of such proposed action" provided directly to SCPB by the municipal referring agency as stated under General Municipal Law section 239. A determination of action is rendered by the SCPB based upon the completeness and accuracy of information presented by its staff. The SCPB cannot be accountable for a decision rendered through incomplete or inaccurate information received as part of the complete statement.

RE: Affordable Housing Task Force

Dear Mayor Yepsen:

The Saratoga Builders Association, Inc. (SBA) is a non-profit, specialized professional trade association representing the entire building industry. Our members include home builders, developers, remodelers, suppliers, sub- contractors, financial institutions, architects, engineers, realtors, attorneys and other industry professionals. The SBA is committed to the continued growth, prosperity and quality of life in Saratoga County, including the City of Saratoga Springs.

As an organization, we offer our members opportunities to work together, learn and share information. We are also committed to supporting a diverse, quality housing stock for our region. Our members are currently involved with two Habitat for Humanity projects in Saratoga Springs. Additionally, proceeds from our *Showcase of Homes* benefit Rebuilding Together Saratoga County and Northern Saratoga Habitat for Humanity.

The SBA recognizes the issue of affordable housing is complex and will require a creative approach. We encourage you and the City Council to engage partners, such as the SBA, as you work to address it. The establishment of the Affordable Housing Task Force (Task Force) has once again started the affordable housing discussion in the City. The SBA would welcome an open dialogue with the City Council and the Task Force to discuss challenges and realistic, implementable approaches for addressing this very important issue.

Specifically, the SBA is interested in understanding if the Task Force has identified areas within the City to focus more affordable and diverse housing (through zoning, incentives, or other mechanisms). We would request that information be provided to the SBA and other partners. That important information could be shared with our members to assist in facilitating the City's goals of a more affordable and diverse housing stock.

Our members are the very professionals that construct or support the construction of quality housing that contributes to the high quality of life in Saratoga County. As such, we have the understanding and knowledge to approach this issue in a practical and realistic manner. Again, we encourage the City Council and the Task Force to engage industry partners to assist in tackling this issue in the City of Saratoga Springs. Further, we would also welcome the opportunity for a representative from the SBA to join the Task Force to ensure ongoing communication and coordination.

Should you have any information to share on the Task Force's efforts to date or wish to include the SBA in discussions about affordable housing solutions, please do not hesitate to contact me. We look forward to hearing from you.

Sincerely,

August 29, 2016

Honorable Mayor Joanne Yepsen
City Hall – 474 Broadway
Saratoga Springs, NY 12866

Dear Mayor Yepsen:

You indicated in your comments at the August 16th City Council meeting that the Saratoga Builders Association (SBA) was “in favor of moving forward with this type of ordinance,” referring to the proposed SPA Zoning Amendment presented by Sustainable Saratoga to be sent to City and County Planning Boards for advisory opinions.

To be clear, this is not the case, and is in no way what our letter indicated. In fact, the central point of our letter was a request that the SBA be invited to the table to help draft an effective ordinance. The fact that an entire ordinance amendment has been drafted and presented with little or no input from the builder/developer/finance community was exactly the situation our letter was seeking to avoid.

The process of creating affordable housing through incentive mechanisms is challenging and complex. Expecting an arbitrary collection of requirements, density bonus, and fee alterations will work because they appear to have “worked in another community” or because work done 10 years ago is “still valid” is preposterous and unrealistic.

As has too often been the case, broad politically charged ideas are playing a poor substitute for the real work that would be required to bring about meaningful change.

We have the tools to conduct a factual analysis - to look at the revenue impact of various requirement levels of affordable housing and competently show what the required offset would need to be to maintain a viable, financeable project. We have the expertise to produce feasibility studies and schematic pro-formas that can be discussed with and vetted by our local financial institutions. We have the experience to engage in an honest discussion about the vehement NIMBY attitudes we encounter in the neighborhoods in which we develop and how the City will act to mitigate the delays and expenses associated with countering them.

To be forced, by uninformed regulation, to build a product that is not financeable, does not result in more housing options, it results in no housing options.

We look forward to working with the other members of the task force to explore how the City and our members can work together to create a broader housing mix in our city.

Sincerely,

A handwritten signature in blue ink, appearing to read "Barry Potoker", is written over the typed name and title.

Barry Potoker

ENGINEERING AMERICA CO.

76 WASHINGTON ST. SARATOGA SPRINGS, NY 12866

TRANSMITTAL SHEET

TO: Tim Wales, City Engineer	FROM: Tonya Yasenchak
COMPANY: City of Saratoga Springs	DATE: August 18, 2016
FAX NUMBER:	TOTAL NO. OF PAGES INCLUDING COVER: 1 Site Plan Application + \$500 App. Fee
PHONE NUMBER:	SENDER'S REFERENCE NUMBER:
RE: Lynch's Tavern: The Ice House #70 & 72 Putnam St., Saratoga Springs	YOUR REFERENCE NUMBER:

URGENT FOR REVIEW PLEASE COMMENT PLEASE REPLY AS REQUESTED

Tim Wales,

Engineering America Co. has been retained to represent the Ice House owner as he proposes a permanent tent installation at 70-72 Putnam St. in Saratoga Springs, NY. The Building Dept. and Planning Dept. has requested that a modified site plan be reviewed by the City Planning Board. The following items address required items for the Site Plan:

Stormwater Management:

- No site construction or excavation is being proposed beyond the installation of the tent supports. There are 12 supports, resulting in a maximum disturbance of 24 sq.ft.
 - The tent is proposed to be installed in a location which is currently paved and impermeable. The impermeable surface of the site will not be changed in anyway due to the proposed tent.
 - The tent currently has a temporary permit. The new proposed location will not change the existing drainage patterns on the site.
 - A previously approved catch basin exists on site. The stormwater conditions, volume, drainage and management will not be effected by the proposed tent.
-
-

Project Cost Estimate:

- The tent currently exists and will be relocated on a permanent basis in a slightly different location to allow for 5' separation between the tent & the property lines. No costs exist with the tent itself.
- Twelve (12) new permanent supports will be installed for the tent structure. The installation cost per support is approx. \$150 per = \$1800 cost.
- The on-site brick patio will be repaired with existing bricks to be removed for the new supports.
- There is no work proposed within the City Right of Way for sidewalks or landscaping as these elements already exist & are in good repair.

Please contact my office with any questions or if additional information is required.

Thank you for your time and cooperation.

Tonya Yasenchak, PE
Enc.

City of Saratoga Springs Complete Streets Checklist

Saratoga Springs Complete Street Policy Vision (May 2012)

The City of Saratoga Springs Complete Streets Policy will encourage the development of a complete streets network throughout the City to create a more balanced transportation system. The Policy shall be consistent with and assist in achieving the goals and recommendations set forth in the City's Comprehensive Plan and other policy documents. The Policy shall ensure new and updated public and private projects are planned, designed, maintained and operated to enable safer, comfortable and convenient travel to the greatest extent possible for users of all abilities including pedestrians, bicyclists, motorists and transit riders.

This checklist is intended to assist the City in achieving its vision for complete streets.

Project Name: The Ice House - Permanent Tent **Date:** 8/17/2016

Project Location / Limits: 70 & 72 Putnam St., Saratoga Springs, NY

Project Description: Installation of permanent tent structure to replace temporary tent structure

Instructions: For each box checked, please provide a brief description for how the item is addressed, not addressed, or not applicable and include supporting documentation.

Street Classification (identify street or streets within the project area)

SITE PLAN REVIEW SUBMITTAL CHECKLIST

Project Name: THE ICE HOUSE - PERMANENT TENT

Listed below are the minimum submittal requirements for site plan review as set forth in The City of Saratoga Springs' Zoning Ordinance Appendix B. The Planning Board reserves the right to request additional information, as necessary, to support an application. The Board also reserves the right to reject the application if these minimum requirements are not met. Please complete the checklist below and provide with your submission.

REQUIRED ITEMS: *3 hard copies and 1 digital copy of ALL materials are required.

CHECK EACH ITEM	
<input checked="" type="checkbox"/>	1. Completed Site Plan Application (3 hard copies - *1 w/original signature - and 1 digital) and Fee
<input checked="" type="checkbox"/>	2. SEQR Environmental Assessment Form- short or long form as required by action.
<input checked="" type="checkbox"/>	3. Set of plans including: (3) large scale plans (sheets must be 24" x 36", drawn to a scale of not more than 1"=50 feet). One digital version of all submittal items (pdf) shall be provided.
<input checked="" type="checkbox"/>	4. Basic or Full Storm Water Pollution Prevention Plan as required per City Code Chapter 242. <i>ENGINEERING LETTER</i>
<input type="checkbox"/> N/A	5. Copy of signed DPW water connection agreement for all projects involving new water connections to the City system <i>(NOT APPLICABLE) - EXISTING & UNCHANGED</i>
<input type="checkbox"/> N/A	6. Engineering Report for Water and Sanitary <i>NOT-APPLICABLE - EXISTING & UNCHANGED</i>
<input checked="" type="checkbox"/>	7. Complete Streets Checklist
<input type="checkbox"/> N/A	8. Project Cost Estimate-Quantities of work items and estimate of costs <i>- ALL COSTS ARE ASSOCIATED WITH TENT INSTALLATION & NOT SITE.</i>

REQUIRED ITEMS ON SITE PLAN, AS APPLICABLE:

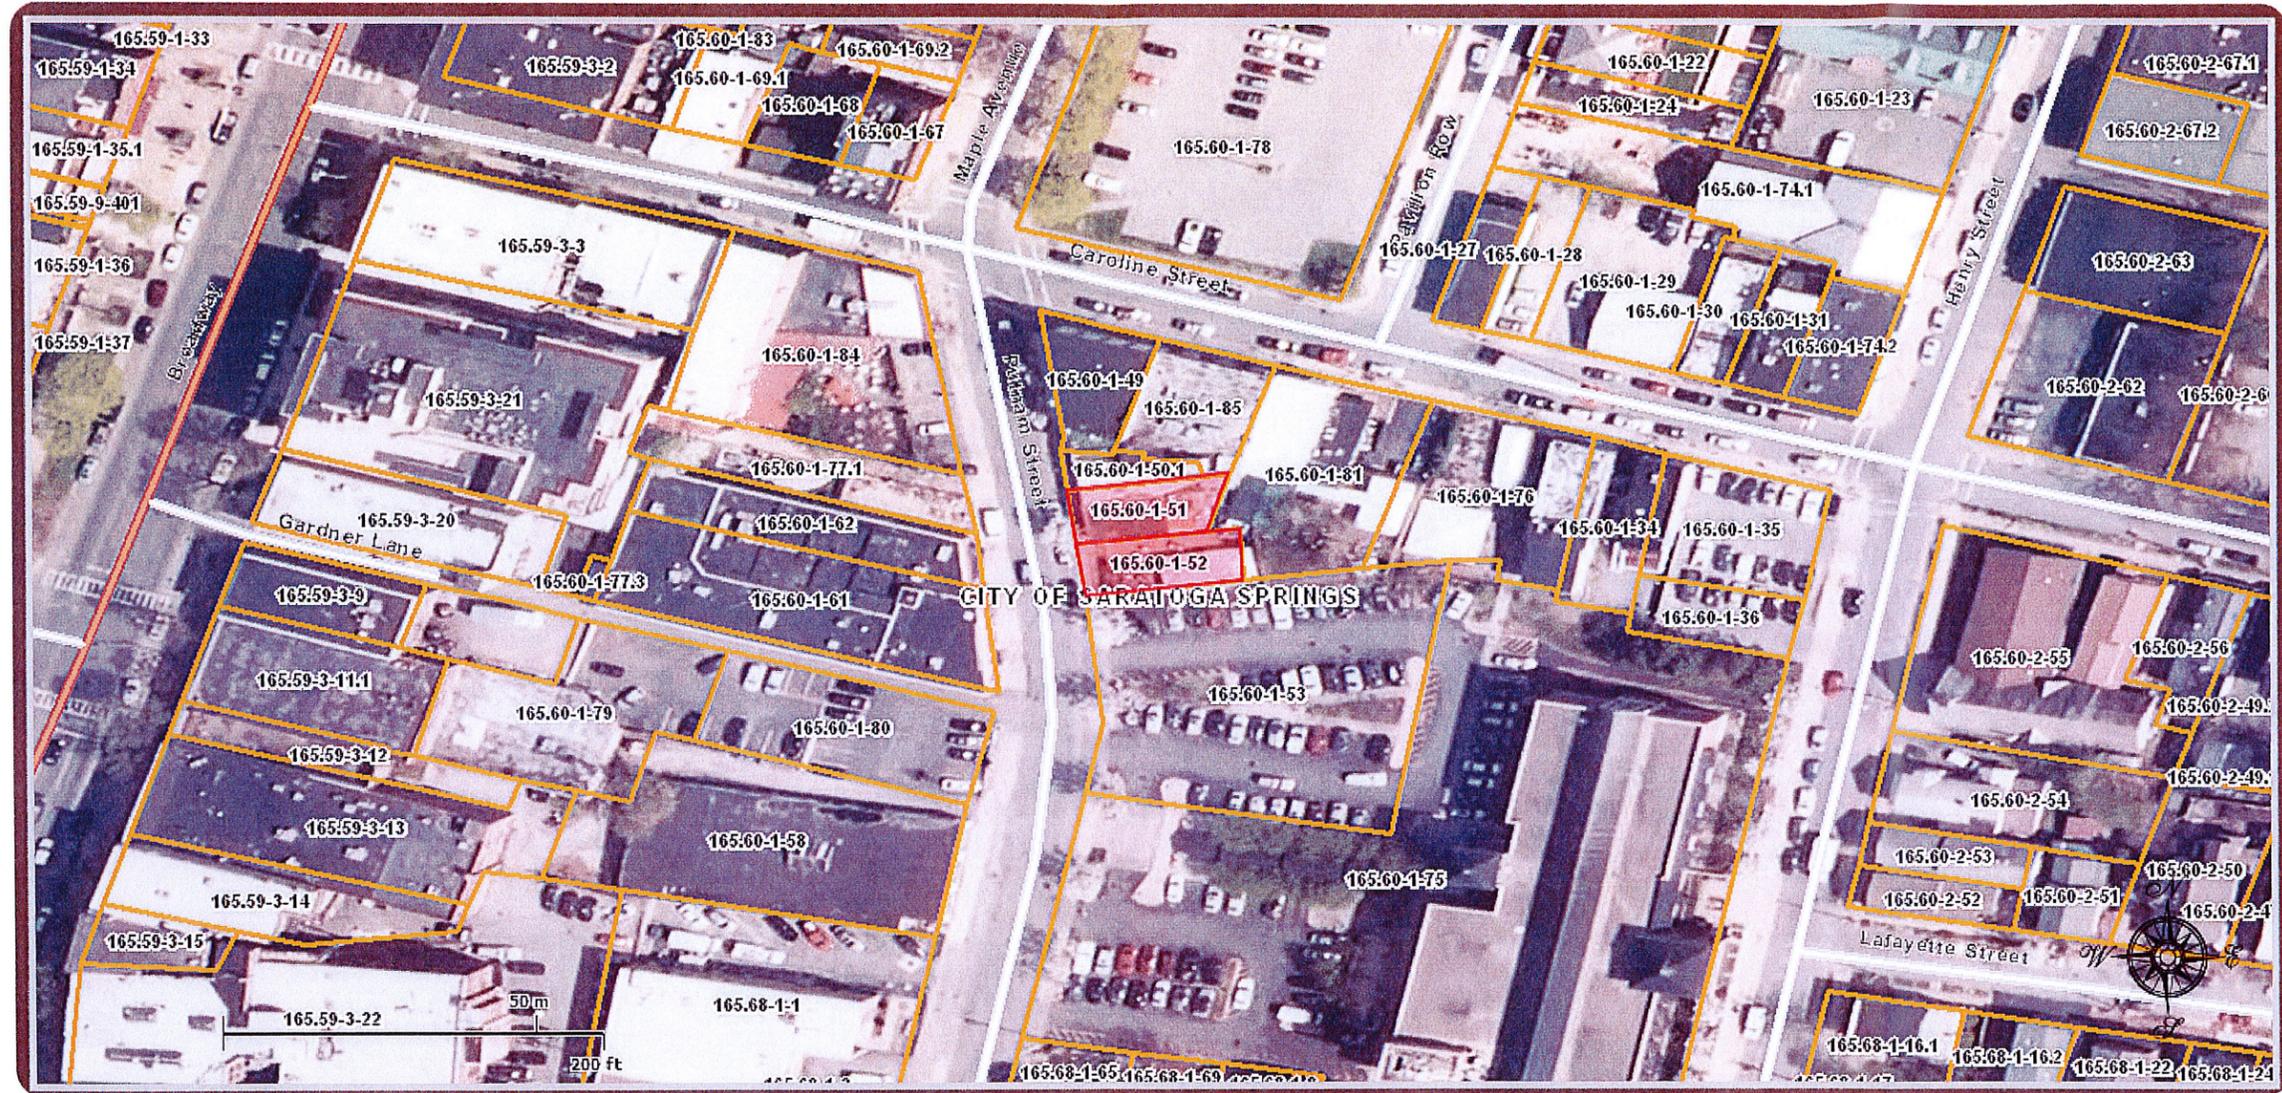

<input checked="" type="checkbox"/>	1. Property line survey prepared by a licensed land surveyor. Site plan must reference such survey with all corners set and marked on plan. A copy of the original property survey must also be included.
<input checked="" type="checkbox"/>	2. North arrow and map scale
<input checked="" type="checkbox"/>	3. Parcel tax map number
<input type="checkbox"/>	4. Site location map
<input type="checkbox"/>	5. Site vicinity map (all features within 300 feet of property)
<input checked="" type="checkbox"/>	6. Identification of zoning district with corresponding area requirements

<input type="checkbox"/>	7. Building setback lines, either listed or shown on plans.
<input checked="" type="checkbox"/>	8. Title block with project name; name and address of applicant; and name and address of property owner (if different)
<input type="checkbox"/> NA	9. Topography data tied to NGVD 1929 datum
<input checked="" type="checkbox"/>	10. Name of all adjacent property owners
<input checked="" type="checkbox"/>	11. Parcel street address (existing and any proposed postal addresses)
Yes No N/A <input checked="" type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	12. Identification of all existing or proposed easements, covenants or legal rights-of-way on this property
<input checked="" type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	13. References to all prior variances or special use permits
<input type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/>	14. Existing and proposed contours and spot grades (at 2 foot intervals)
<input type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/>	15. Identification of all spoil or borrow areas
<input type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/>	16. Identification of all watercourses, designated State wetlands, buffers, Federal wetlands, floodplains, rock outcroppings, etc.
<input checked="" type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	17. Location of proposed storage
<input checked="" type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	18. Identification of all existing or proposed sidewalks or pedestrian paths (show type, size and condition of existing sidewalks)
<input type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/>	19. Location, design specifications and construction material for all <u>proposed</u> site improvements (drains, culverts, retaining walls, berms, fences, etc.)
<input type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/>	20. Location and distance to fire hydrant
<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	21. Location, size, and material of all existing and proposed utility services
<input type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/>	22. Parking lot layout plan and identification of all loading areas (number all spaces)
<input type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/>	23. Parking demand calculations
<input type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/>	24. Identification of parking spaces and access points for physically impaired persons
<input checked="" type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	25. Location and screening plan for dumpster or recycling bins
<input checked="" type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	26. Location, design, type of construction and materials, proposed use and exterior dimensions of all buildings (existing and proposed) on site
<input type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/>	27. Identification of storage of any potentially hazardous materials
<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	28. Planting plan identifying quantity, species and size of all proposed new plant materials. Label existing plant material to be retained or removed.
<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	29. Lighting plan showing type, location and intensity of all existing and proposed exterior lighting fixtures
<input type="checkbox"/> <input type="checkbox"/> <input checked="" type="checkbox"/>	30. Erosion and sediment control plan – including designated concrete truck washout area

Re: Congress Plaza Site Plan—Request for a Site Plan Amendment and Extension of the Cash Escrow Account/Letter of Credit

Dear Chair and members of the City of Saratoga Planning Board, City Engineer and City Attorney:

The redevelopment of Congress Plaza is substantially complete and DCG Development Company has worked hard with the assistance of its site engineers and contractors and the oversight of City representatives to carefully adhere to the approved site plan and to strive to improve the project at every opportunity. DCG has just been made aware through conversations with its close neighbors the City Senior Center, of some additional improvements that could be achieved in the event the Planning Board is willing to consider a minor site plan amendment. The currently approved site plan for Congress Plaza envisions site access to South Federal Street through the project. This site access which would be a travel way for vehicles in and out of the Plaza is a concern to the City Senior Center. The City Senior Center residents currently walk to the Plaza through what will become the vehicle travel way.

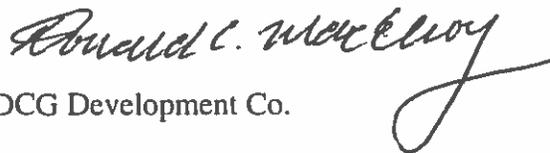

DCG has carefully examined this situation and requested its traffic engineers, Creighton Manning also to look at the site plan in light of the City Senior Center concerns. Both DCG and CME agree that modifying the site plan so that the access is limited to pedestrian and bicycle traffic only would be an improvement over the existing site plan. Please see the attached drawing prepared to show this change. In addition to the limitation to pedestrian and bicycle traffic only and also at the request of the City Senior Center a number of additional parking spaces devoted exclusively to their use could be added along with the proposed additional amenities such as a new handicapped ramp and crosswalk, additional landscaping, attractive fencing and an outdoor dining area. DCG has shared the proposed improvements with the City Senior Center and they prefer the proposed plan and appreciate the dedicated parking.

DCG believes that the access point is unnecessary for traffic flow into and out of Congress Plaza and is willing to forgo the access point as a vehicular one and would prefer to accommodate the suggestions of the City Senior Center. It is worth noting that the plaza was operated from many years with a grocery store, a use which typically generates more traffic, without the additional access point.

Attached for your consideration is the completed City form requesting a site plan amendment accompanied by a check for \$500.00; the completed City form requesting an extension of the escrow account/letter of credit accompanied by a check for \$400.00 (in response to the City Attorney's letter of July 26, 2016); the drawing showing the requested site plan amendment; and a letter from Creighton Manning Associates.

DCG is close to completing the redevelopment of Congress Plaza and would respectfully request an opportunity to appear before the City Planning Board to discuss the feasibility of this proposed site plan amendment.

Very truly yours,

DCG Development Co.

Mr. Donald MacElroy
DCG Development Co.
240 Clifton Corporate Parkway
Clifton Park, NY 12065

RE: Access Review, Congress Plaza, City of Saratoga Springs, Saratoga County, New York; CM Project 112-229

Dear Mr. MacElroy:

As you are aware, Creighton Manning Engineering, LLP completed a traffic assessment for the proposed redevelopment of Congress Plaza in the City of Saratoga Springs in 2013. The proposal at that time included primary access to the site via three driveways on Congress Street and neighborhood connections to the plaza via South Franklin Street at Ash Street and via South Federal Street. To date, the redevelopment has been constructed including the addition of the Embassy Suites Hotel and all but the connection to South Federal Street are constructed and operational.

Although a site access to South Federal Street was envisioned as part of the original plans, we acknowledge your experience with cut-through traffic during construction and misuse of your lot by the public, and your subsequent efforts to eliminate this access. Our numerous site visits completed in 2015 and 2016 note that the current site driveways appear to operate acceptably and a secondary access to the southern neighborhoods is being served by the existing South Franklin Street access. It is also our understanding that prior to 2013, the initial site development plans included a supermarket, which is a higher generating retail use that would have served the surrounding neighborhoods. The largest anchor tenant at the current site includes the Embassy Suites Hotel, a hospitality use that has little interaction with the neighborhoods.

It is our understanding that in your recent conversations with Senior Center representatives, located on Williams Street adjacent to the potential South Federal Street connector, some concerns were expressed regarding the additional vehicular/pedestrian conflict area that would be created if a vehicular connection is made from South Federal Street into the site. It is also our understanding that you would be able to provide the Senior Center with some needed off-street parking on your site (in the area of the connection) if the site vehicular connection is not completed. This parking could be considered a public benefit as it would help the City Senior Center, a public service facility.

Based on Creighton Manning's experience with retail/mixed use developments and site visits, the site as currently operating with four full access driveways is adequate to serve the site traffic and the additional vehicular connection to the site is not needed from a capacity standpoint. Should the subject area be converted to parking, there would be a benefit for pedestrians and bicyclists traveling between the adjacent neighborhoods and the site or Senior Center by reducing the pedestrian/bicyclist conflicts with vehicles. The current proposal includes the addition of landscaping and an extension of the sidewalk on

Mr. Donald MacElroy
August 16, 2016
Page 2 of 2

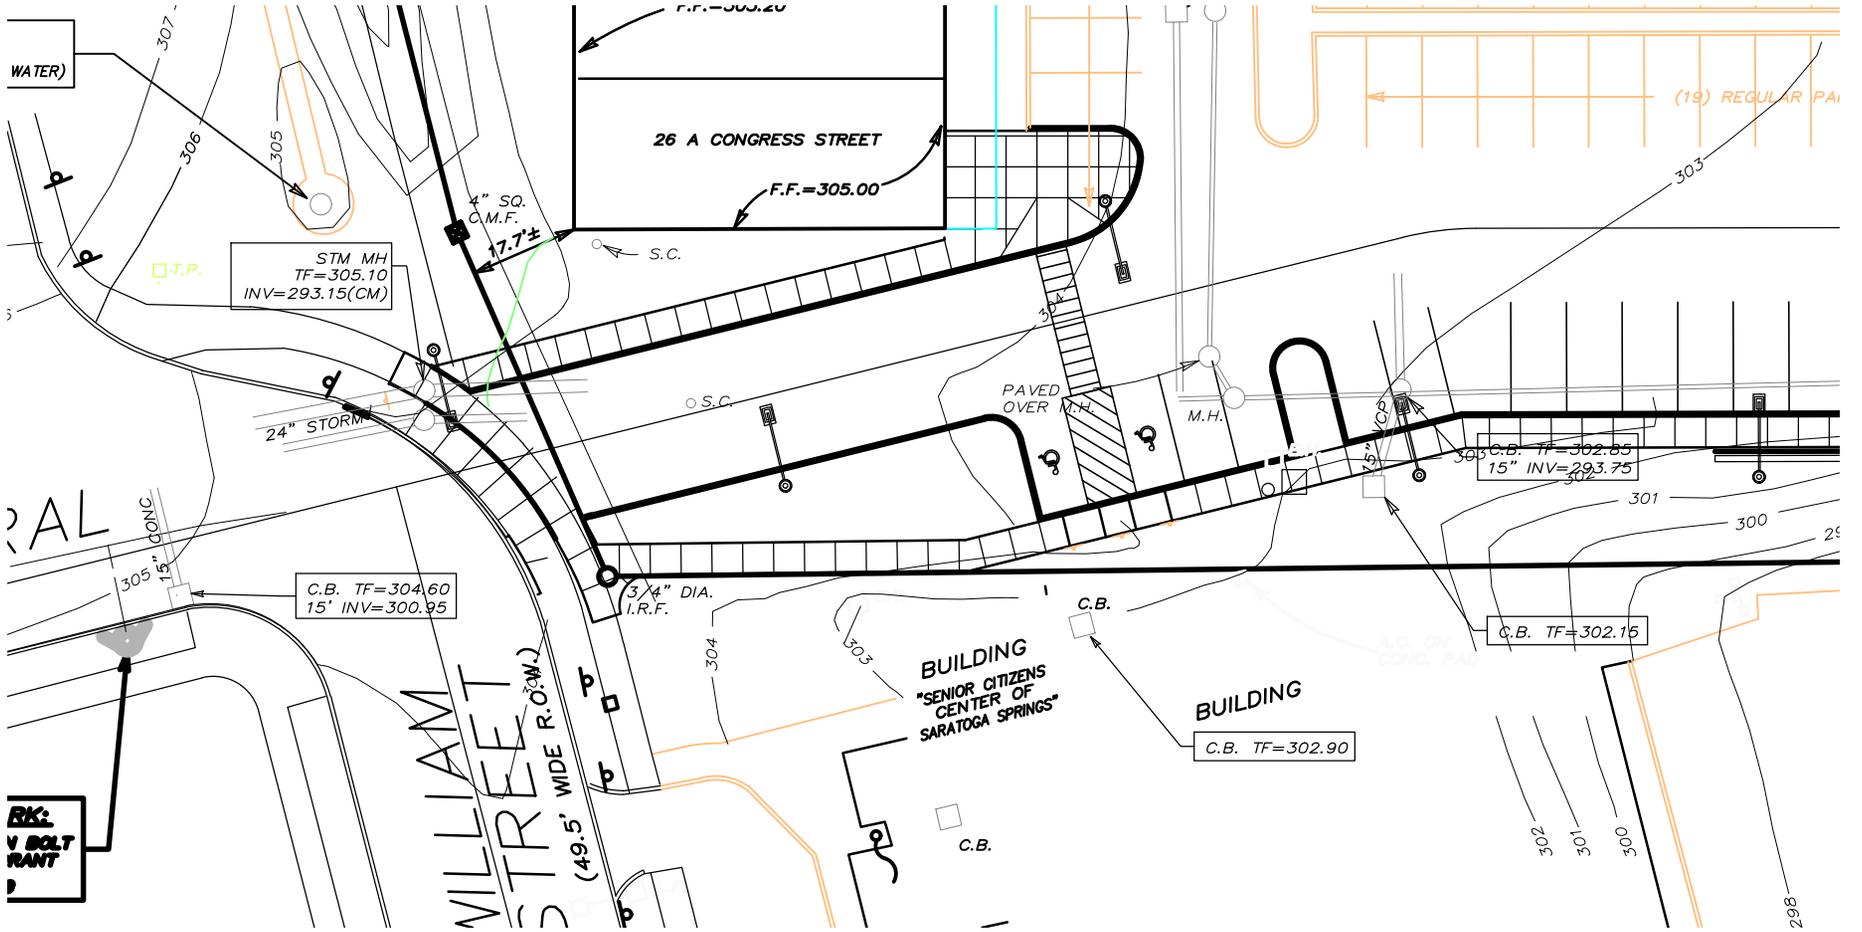

the east side of the site connecting to the existing sidewalk on South Federal Street and a bike access route to the west connecting between South Federal Street and the site.

Please feel free to call our office if you have any questions or comments regarding the above analysis.

Respectfully submitted,
Creighton Manning Engineering, LLP

Mr. Mark Torpey,
Saratoga Springs Planning Board

September 13, 2016

Re: DCG Development Co. Congress Plaza

Dear Mr Torpey,

The Saratoga Senior Center located at 5 William St adjacent to the Congress St parking lot was approached by DCG Development about the curb cut into their lot. We have been in conversations with DCG and our Board of Directors, staff and some seniors have expressed concern about the safety of pedestrians and seniors using the sidewalk in the area should the curb cut be put in. We have many members from the Stonequest housing site as well as the surrounding area who frequent the Center and walk by the Center on their way to the plaza or elsewhere. The fear is that a cut through would significantly increase traffic flow through here and put our seniors at risk. We have continuously discussed our need for parking spaces for the growing senior population who use the senior center. DCG has agreed to donate/designate 5 parking spaces to the Center if the curb cut is eliminated. Thus we are in support of their proposal of additional parking donated to the Senior Center without a curb cut into the parking lot.

Thank you for considering our position on this matter.

Respectfully,

Lois Celeste
Executive Director
Senior Citizens Center of Saratoga Springs
5 William St
Saratoga Springs, NY 12866

Embassy Suites by Hilton Saratoga Springs
86 Congress St.
Saratoga Springs, NY 12866

Concerning the opening of Congress Plaza to the corner of William St. and S. Federal St.

The Embassy Suites holds the position that opening the south east corner of Congress Plaza's parking lot will invite potentially dangerous traffic into the shopping plaza, will take away much needed parking for the Plaza tenants, and doesn't present a need for a new traffic path in this area.

Our concern exists currently with having a proper amount of parking to affectively handle the needs for the Plaza. Being newly renovated and almost at 100% occupancy, the plaza has come back to life and the number of shoppers has increased considerably in the last two years. With the current number of parking slips and an additional 60+ slips behind the hotel, the need for the plaza to retain the parking it has is imperative.

The Embassy Suites believes that the beautified street presence of the Congress Plaza has helped to increase commerce and removing the much needed parking that supports these businesses to be a tremendous mistake. Secondly, inviting 30 to 40mph traffic into a peaceful shopping area will be a deterrent to these businesses and their prosperity.

The Embassy Suites respectfully requests the opening remain closed for the safety and prosperity of the shoppers and the businesses of the Plaza.

Daniel Fortier
General Manager
Embassy Suites by Hilton Saratoga Springs

(Application #)

(Date received)

APPLICATION FOR: SUBDIVISION APPROVAL

(Rev: 07/2016)

*****Application Check List - All submissions must include completed application check list and all required items.**

Project Name: 21 Park Place Subdivision

Property Address/Location: 21 Park Place; Corner of Park Pl. & Regent St.

Tax Parcel #: 165.84-1-1 Zoning District: UR-4
(for example: 165.52-4-37)

Total Acres: 0.726 acres Land to be Subdivided Into: 2 Lots

	<u>APPLICANT(S)*</u>	<u>OWNER(S) (If not applicant)</u>	<u>ATTORNEY/AGENT</u>
Name	<u>David Guarino / Linda Haner</u>	<u>(same)</u>	<u>Agent: Engineering America Co.</u>
Address	<u>[REDACTED]</u>	<u>[REDACTED]</u>	<u>76 Washington St.</u> <u>Saratoga Springs, NY 12866</u>
Phone	<u>[REDACTED]</u>	<u>[REDACTED]</u>	<u>[REDACTED]</u>
Email	<u>[REDACTED]</u>	<u>[REDACTED]</u>	<u>[REDACTED]</u>

Identify primary contact person: Applicant Owner Agent

* An applicant must be the property owner, lessee, or one with an option to lease or purchase the property in question.

Application Fee: A check for the total amount below payable to: "Commissioner of Finance" MUST accompany this application.

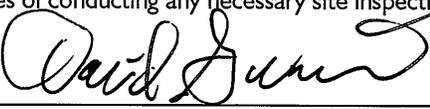

- Sketch Plan - \$400
- Preliminary Subdivision Plat Approval
 - 1-20 Lots \$400
 - 21-50 Lots \$600
 - 51+ Lots \$1,000
- Final Subdivision Plat Approval
 - Residential - \$1,000 plus \$100/lot \$ 1200.00
 - Non-Residential - \$1,500/lot \$ _____
- Final Approval Modification
 - Residential- \$250 \$ _____
 - Non-Residential- \$500 \$ _____

Submission Deadline - Check City's website (www.saratoga-springs.org) for application deadlines and meeting dates.

Does any City officer, Does any City officer, employee or family member thereof have a financial interest (as defined by General Municipal Law Section 809) in this application? YES _____ NO . If YES, a statement disclosing the name, residence, nature and extent of this interest must be filed with this application.

I, the undersigned owner or purchaser under contract for the property, hereby request Subdivision consideration by the Planning Board for the identified property above. I agree to meet all requirements under the Subdivision Regulations for the City of Saratoga Springs.

Furthermore, I hereby authorize members of the Planning Board and designated City staff to enter the property associated with this application for purposes of conducting any necessary site inspections relating to this application.

Applicant Signature:  Date: 9-23-16

If applicant is not current owner, owner must also sign.

Owner Signature: _____ Date: _____

 (Date received)

Rev.05/2016

PRELIMINARY/ FINAL SUBDIVISION APPROVAL REQUIRED SUBMITTAL CHECKLIST

1. Project Name: _____

2. Checklist Prepared By: _____ Date: _____

Listed below are the minimum submittal requirements as set forth in The City of Saratoga Springs' Subdivision Regulations. The Planning Board reserves the right to request additional information, as necessary, to support an application. The Board also reserves the right to reject the application if these minimum requirements are not met. Please complete the checklist below and provide with your submission.

REQUIRED ITEMS: *3 hard copies and 1 digital copy of ALL materials are required.

CHECK EACH ITEM	
<input type="checkbox"/>	1. Completed Subdivision Application (3 hard copies - *1 w/original signature - and 1 digital) and Fee
<input type="checkbox"/>	2. SEQR Environmental Assessment Form- short or long form as required by action.
<input type="checkbox"/>	3. Set of plans including: (3) large scale plans (sheets <u>must be</u> 24" x 36", drawn to a scale of not more than 1"=50 feet). One digital version of all submittal items (pdf) shall be provided.
<input type="checkbox"/>	4. Basic or Full Storm Water Pollution Prevention Plan as required per City Code Chapter 242.
<input type="checkbox"/>	5. Copy of signed DPW water connection agreement for all projects involving new water connections to the City system
<input type="checkbox"/>	6. Engineering Report for Water and Sanitary
<input type="checkbox"/>	7. Complete Streets Checklist
<input type="checkbox"/>	8. Project Cost Estimate-Quantities of work items and estimate of costs

REQUIRED ITEMS ON SUBDIVISION PLAT, AS APPLICABLE:

<input type="checkbox"/>	1. Name of Subdivision
<input type="checkbox"/>	3. Property line survey prepared by a licensed land surveyor. Subdivision plat must reference such survey with all corners set and marked on plan. Reference NGVD 1929 datum. A copy of the original property survey must also be included.
<input type="checkbox"/>	4. North arrow and map scale

<input type="checkbox"/>	5. Parcel tax map number
<input type="checkbox"/>	6. Site location map
<input type="checkbox"/>	7. Site vicinity map (all features within 300 feet of property)
<input type="checkbox"/>	8. Identification of current zoning with corresponding area requirements
<input type="checkbox"/>	9. Building setback lines, either listed or shown on plans
<input type="checkbox"/>	10. Title block with subdivision name; name and address of applicant; and name and address of property owner (if different)
<input type="checkbox"/>	11. Name, address and phone number of subdivision surveyor and/or engineer
<input type="checkbox"/>	12. Names of all adjacent property owners within 300 feet (include both sides of street)
<input type="checkbox"/>	13. Identification of size, elevations, material, and slopes of all existing and proposed utilities within 400 ft of site.
<input type="checkbox"/>	14. Parcel street address (existing and any proposed postal addresses)
Yes <input type="checkbox"/>	15. Identification of existing or proposed easements, covenants or legal rights-of-way on this property
No <input type="checkbox"/>	
N/A <input type="checkbox"/>	
<input type="checkbox"/>	16. References to all prior variances or special use permits
<input type="checkbox"/>	17. Existing and proposed contours and spot grades (at 2 foot intervals)
<input type="checkbox"/>	18. Identification of all watercourses, designated State wetlands, buffers, Federal wetlands, floodplains, rock outcroppings, etc.
<input type="checkbox"/>	19. Identification of all existing or proposed sidewalks or pedestrian paths (show type, size and condition of existing sidewalks)
<input type="checkbox"/>	20. Location, design specifications and construction material for all proposed site improvements (drains, culverts, retaining walls, berms, fences, etc.)
<input type="checkbox"/>	21. Location and distance to fire hydrant
<input type="checkbox"/>	22. Erosion and sediment control plan – including designated concrete truck washout area
<input type="checkbox"/>	23. Approximate location, dimensions and areas for proposed lots and proposed public recreational land
<input type="checkbox"/>	24. Proposal for utility systems and lateral connections
<input type="checkbox"/>	25. Location and width of proposed streets

Full Environmental Assessment Form
Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the project sponsor to verify that the information contained in Part I is accurate and complete.

A. Project and Sponsor Information.

Name of Action or Project: 21 Park Place Sub-Division		
Project Location (describe, and attach a general location map): Northeast corner of Park Place and Regent Streets, Saratoga Springs, NY		
Brief Description of Proposed Action (include purpose or need): To sub-divide .72 acre lot into two parcels. The lot with an existing 3-family house will be 19,153 sq ft, and the smaller corner lot without improvements will be 12,483 sq ft. The purpose is to create a second build able lot from the original 3/4 acre downtown lot.		
Name of Applicant/Sponsor: David Guarino and Linda Haner		Telephone: [REDACTED]
		E-Mail: [REDACTED]
Address: [REDACTED]		
City/PO: [REDACTED]	State: [REDACTED]	Zip Code: [REDACTED]
Project Contact (if not same as sponsor; give name and title/role):		Telephone:
		E-Mail:
Address:		
City/PO:	State:	Zip Code:
Property Owner (if not same as sponsor):		Telephone:
		E-Mail:
Address:		
City/PO:	State:	Zip Code:

B. Government Approvals

B. Government Approvals, Funding, or Sponsorship. ("Funding" includes grants, loans, tax relief, and any other forms of financial assistance.)		
Government Entity	If Yes: Identify Agency and Approval(s) Required	Application Date (Actual or projected)
a. City Council, Town Board, <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No or Village Board of Trustees		
b. City, Town or Village <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No Planning Board or Commission	City of Saratoga Springs Planning Board	6/23/2016
c. City Council, Town or <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No Village Zoning Board of Appeals		
d. Other local agencies <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		
e. County agencies <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	Saratoga County Planning Board	8/15/16
f. Regional agencies <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		
g. State agencies <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		
h. Federal agencies <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No		
i. Coastal Resources.		
i. Is the project site within a Coastal Area, or the waterfront area of a Designated Inland Waterway?		<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
ii. Is the project site located in a community with an approved Local Waterfront Revitalization Program?		<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
iii. Is the project site within a Coastal Erosion Hazard Area?		<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

C. Planning and Zoning

C.1. Planning and zoning actions.	
Will administrative or legislative adoption, or amendment of a plan, local law, ordinance, rule or regulation be the only approval(s) which must be granted to enable the proposed action to proceed?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
<ul style="list-style-type: none"> • If Yes, complete sections C, F and G. • If No, proceed to question C.2 and complete all remaining sections and questions in Part 1 	
C.2. Adopted land use plans.	
a. Do any municipally- adopted (city, town, village or county) comprehensive land use plan(s) include the site where the proposed action would be located?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
If Yes, does the comprehensive plan include specific recommendations for the site where the proposed action would be located?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
b. Is the site of the proposed action within any local or regional special planning district (for example: Greenway Brownfield Opportunity Area (BOA); designated State or Federal heritage area; watershed management plan; or other?)	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
If Yes, identify the plan(s): NYS Heritage Areas: Mohawk Valley Heritage Corridor, Saratoga	

c. Is the proposed action located wholly or partially within an area listed in an adopted municipal open space plan, or an adopted municipal farmland protection plan?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If Yes, identify the plan(s):	

C.3. Zoning	
a. Is the site of the proposed action located in a municipality with an adopted zoning law or ordinance. If Yes, what is the zoning classification(s) including any applicable overlay district? <u>Urban Residential 4 (UR-4)</u>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
b. Is the use permitted or allowed by a special or conditional use permit?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
c. Is a zoning change requested as part of the proposed action? If Yes, i. What is the proposed new zoning for the site? _____	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
C.4. Existing community services.	
a. In what school district is the project site located? <u>Saratoga Springs Enlarged School District</u>	
b. What police or other public protection forces serve the project site? <u>City of Saratoga Springs Police Dept</u>	
c. Which fire protection and emergency medical services serve the project site? <u>City of Saratoga Springs Fire Dept and Emergency Squad</u>	
d. What parks serve the project site? <u>Congress Park</u>	

D. Project Details

D.1. Proposed and Potential Development	
a. What is the general nature of the proposed action (e.g., residential, industrial, commercial, recreational; if mixed, include all components)? <u>Residential</u>	
b. a. Total acreage of the site of the proposed action? _____ .72 acres b. Total acreage to be physically disturbed? _____ .084 acres c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? _____ .72 acres	
c. Is the proposed action an expansion of an existing project or use? i. If Yes, what is the approximate percentage of the proposed expansion and identify the units (e.g., acres, miles, housing units, square feet)? % _____ Units: _____	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
d. Is the proposed action a subdivision, or does it include a subdivision? If Yes, i. Purpose or type of subdivision? (e.g., residential, industrial, commercial; if mixed, specify types) <u>Residential</u> ii. Is a cluster/conservation layout proposed? _____ iii. Number of lots proposed? <u>2</u> iv. Minimum and maximum proposed lot sizes? Minimum <u>12,112</u> Maximum <u>19,524</u>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
e. Will proposed action be constructed in multiple phases? i. If No, anticipated period of construction: _____ 10 months ii. If Yes: • Total number of phases anticipated _____ • Anticipated commencement date of phase 1 (including demolition) _____ month _____ year • Anticipated completion date of final phase _____ month _____ year • Generally describe connections or relationships among phases, including any contingencies where progress of one phase may determine timing or duration of future phases: _____ _____ _____	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

f. Does the project include new residential uses? Yes No
 If Yes, show numbers of units proposed.

	<u>One Family</u>	<u>Two Family</u>	<u>Three Family</u>	<u>Multiple Family (four or more)</u>
Initial Phase	_____	1	_____	_____
At completion of all phases	_____	1	_____	_____

g. Does the proposed action include new non-residential construction (including expansions)? Yes No
 If Yes,
 i. Total number of structures _____
 ii. Dimensions (in feet) of largest proposed structure: _____ height; _____ width; and _____ length
 iii. Approximate extent of building space to be heated or cooled: _____ square feet

h. Does the proposed action include construction or other activities that will result in the impoundment of any liquids, such as creation of a water supply, reservoir, pond, lake, waste lagoon or other storage? Yes No
 If Yes,
 i. Purpose of the impoundment: _____
 ii. If a water impoundment, the principal source of the water: Ground water Surface water streams Other specify: _____
 iii. If other than water, identify the type of impounded/contained liquids and their source. _____
 iv. Approximate size of the proposed impoundment. Volume: _____ million gallons; surface area: _____ acres
 v. Dimensions of the proposed dam or impounding structure: _____ height; _____ length
 vi. Construction method/materials for the proposed dam or impounding structure (e.g., earth fill, rock, wood, concrete): _____

D.2. Project Operations

a. Does the proposed action include any excavation, mining, or dredging, during construction, operations, or both? Yes No
 (Not including general site preparation, grading or installation of utilities or foundations where all excavated materials will remain onsite)
 If Yes:
 i. What is the purpose of the excavation or dredging? _____
 ii. How much material (including rock, earth, sediments, etc.) is proposed to be removed from the site?
 • Volume (specify tons or cubic yards): ~ 1000 cubic yards _____
 • Over what duration of time? 1-2 months _____
 iii. Describe nature and characteristics of materials to be excavated or dredged, and plans to use, manage or dispose of them.
 Soil remainder to be trucked to private property on Daniels Road, Town on Greenfield, NY. _____
 iv. Will there be onsite dewatering or processing of excavated materials? Yes No
 If yes, describe. _____
 v. What is the total area to be dredged or excavated? _____ .191 acres
 vi. What is the maximum area to be worked at any one time? _____ .084 acres
 vii. What would be the maximum depth of excavation or dredging? _____ 9 feet
 viii. Will the excavation require blasting? Yes No
 ix. Summarize site reclamation goals and plan: _____
 Reuse topsoil for lawns and gardens. Plant ornamental street trees. _____

b. Would the proposed action cause or result in alteration of, increase or decrease in size of, or encroachment into any existing wetland, waterbody, shoreline, beach or adjacent area? Yes No
 If Yes:
 i. Identify the wetland or waterbody which would be affected (by name, water index number, wetland map number or geographic description): _____

ii. Describe how the proposed action would affect that waterbody or wetland, e.g. excavation, fill, placement of structures, or alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in square feet or acres:

iii. Will proposed action cause or result in disturbance to bottom sediments? Yes No
If Yes, describe: _____

iv. Will proposed action cause or result in the destruction or removal of aquatic vegetation? Yes No
If Yes:

- acres of aquatic vegetation proposed to be removed: _____
- expected acreage of aquatic vegetation remaining after project completion: _____
- purpose of proposed removal (e.g. beach clearing, invasive species control, boat access): _____
- _____
- proposed method of plant removal: _____
- if chemical/herbicide treatment will be used, specify product(s): _____

v. Describe any proposed reclamation/mitigation following disturbance: _____

c. Will the proposed action use, or create a new demand for water? Yes No
If Yes:

i. Total anticipated water usage/demand per day: _____ 660 gallons/day

ii. Will the proposed action obtain water from an existing public water supply? Yes No

If Yes:

- Name of district or service area: City of Saratoga Springs
- Does the existing public water supply have capacity to serve the proposal? Yes No
- Is the project site in the existing district? Yes No
- Is expansion of the district needed? Yes No
- Do existing lines serve the project site? Yes No

iii. Will line extension within an existing district be necessary to supply the project? Yes No

If Yes:

- Describe extensions or capacity expansions proposed to serve this project: _____
- Source(s) of supply for the district: _____

iv. Is a new water supply district or service area proposed to be formed to serve the project site? Yes No

If, Yes:

- Applicant/sponsor for new district: _____
- Date application submitted or anticipated: _____
- Proposed source(s) of supply for new district: _____

v. If a public water supply will not be used, describe plans to provide water supply for the project: _____

vi. If water supply will be from wells (public or private), maximum pumping capacity: _____ gallons/minute.

d. Will the proposed action generate liquid wastes? Yes No
If Yes:

i. Total anticipated liquid waste generation per day: _____ 660 gallons/day

ii. Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe all components and approximate volumes or proportions of each): _____
sanitary/wastewater ~25%, graywater ~75%

iii. Will the proposed action use any existing public wastewater treatment facilities? Yes No

If Yes:

- Name of wastewater treatment plant to be used: Saratoga County Wastewater Treatment Plant
- Name of district: Saratoga County Sewer District
- Does the existing wastewater treatment plant have capacity to serve the project? Yes No
- Is the project site in the existing district? Yes No
- Is expansion of the district needed? Yes No

- Do existing sewer lines serve the project site? Yes No
- Will line extension within an existing district be necessary to serve the project? Yes No

 If Yes:

- Describe extensions or capacity expansions proposed to serve this project: _____

iv. Will a new wastewater (sewage) treatment district be formed to serve the project site? Yes No
 If Yes:

- Applicant/sponsor for new district: _____
- Date application submitted or anticipated: _____
- What is the receiving water for the wastewater discharge? _____

v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including specifying proposed receiving water (name and classification if surface discharge, or describe subsurface disposal plans):

vi. Describe any plans or designs to capture, recycle or reuse liquid waste: _____

e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point source (i.e. sheet flow) during construction or post construction? Yes No
 If Yes:

- i. How much impervious surface will the project create in relation to total size of project parcel?
 _____ Square feet or _____ acres (impervious surface)
 _____ Square feet or _____ acres (parcel size)
- ii. Describe types of new point sources. _____

- iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent properties, groundwater, on-site surface water or off-site surface waters)?

 - If to surface waters, identify receiving water bodies or wetlands: _____

 - Will stormwater runoff flow to adjacent properties? Yes No

iv. Does proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater? Yes No

f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations? Yes No
 If Yes, identify:

- i. Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)

- ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)

- iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)

g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit, or Federal Clean Air Act Title IV or Title V Permit? Yes No
 If Yes:

- i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet ambient air quality standards for all or some parts of the year) Yes No
- ii. In addition to emissions as calculated in the application, the project will generate:
 - _____ Tons/year (short tons) of Carbon Dioxide (CO₂)
 - _____ Tons/year (short tons) of Nitrous Oxide (N₂O)
 - _____ Tons/year (short tons) of Perfluorocarbons (PFCs)
 - _____ Tons/year (short tons) of Sulfur Hexafluoride (SF₆)
 - _____ Tons/year (short tons) of Carbon Dioxide equivalent of Hydroflourocarbons (HFCs)
 - _____ Tons/year (short tons) of Hazardous Air Pollutants (HAPs)

h. Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)? Yes No

If Yes:

i. Estimate methane generation in tons/year (metric): _____

ii. Describe any methane capture, control or elimination measures included in project design (e.g., combustion to generate heat or electricity, flaring): _____

i. Will the proposed action result in the release of air pollutants from open-air operations or processes, such as quarry or landfill operations? Yes No

If Yes: Describe operations and nature of emissions (e.g., diesel exhaust, rock particulates/dust): _____

j. Will the proposed action result in a substantial increase in traffic above present levels or generate substantial new demand for transportation facilities or services? Yes No

If Yes:

i. When is the peak traffic expected (Check all that apply): Morning Evening Weekend
 Randomly between hours of _____ to _____.

ii. For commercial activities only, projected number of semi-trailer truck trips/day: _____

iii. Parking spaces: Existing _____ Proposed _____ Net increase/decrease _____

iv. Does the proposed action include any shared use parking? Yes No

v. If the proposed action includes any modification of existing roads, creation of new roads or change in existing access, describe: _____

vi. Are public/private transportation service(s) or facilities available within ½ mile of the proposed site? Yes No

vii. Will the proposed action include access to public transportation or accommodations for use of hybrid, electric or other alternative fueled vehicles? Yes No

viii. Will the proposed action include plans for pedestrian or bicycle accommodations for connections to existing pedestrian or bicycle routes? Yes No

k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand for energy? Yes No

If Yes:

i. Estimate annual electricity demand during operation of the proposed action: _____

ii. Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid/local utility, or other): _____

iii. Will the proposed action require a new, or an upgrade to, an existing substation? Yes No

l. Hours of operation. Answer all items which apply.

<p>i. During Construction:</p> <ul style="list-style-type: none"> • Monday - Friday: _____ 8am - 6pm • Saturday: _____ 9am - 5pm • Sunday: _____ • Holidays: _____ 	<p>ii. During Operations:</p> <ul style="list-style-type: none"> • Monday - Friday: _____ • Saturday: _____ • Sunday: _____ • Holidays: _____
--	---

m. Will the proposed action produce noise that will exceed existing ambient noise levels during construction, operation, or both? Yes No
 If yes:
 i. Provide details including sources, time of day and duration:

ii. Will proposed action remove existing natural barriers that could act as a noise barrier or screen? Yes No
 Describe: _____

n.. Will the proposed action have outdoor lighting? Yes No
 If yes:
 i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures:
 Front and side door, and external garage door lights. House lights at 8 feet open direction, garage lights at 10 feet open direction. All lighting at least 50 from nearest residence.

ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen? Yes No
 Describe: _____

o. Does the proposed action have the potential to produce odors for more than one hour per day? Yes No
 If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures:

p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage? Yes No
 If Yes:
 i. Product(s) to be stored _____
 ii. Volume(s) _____ per unit time _____ (e.g., month, year)
 iii. Generally describe proposed storage facilities: _____

q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation? Yes No
 If Yes:
 i. Describe proposed treatment(s):

ii. Will the proposed action use Integrated Pest Management Practices? Yes No

r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)? Yes No
 If Yes:
 i. Describe any solid waste(s) to be generated during construction or operation of the facility:
 • Construction: _____ tons per _____ (unit of time)
 • Operation : _____ tons per _____ (unit of time)
 ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste:
 • Construction: _____

 • Operation: _____

iii. Proposed disposal methods/facilities for solid waste generated on-site:
 • Construction: _____

 • Operation: _____

s. Does the proposed action include construction or modification of a solid waste management facility? Yes No

If Yes:

i. Type of management or handling of waste proposed for the site (e.g., recycling or transfer station, composting, landfill, or other disposal activities): _____

ii. Anticipated rate of disposal/processing:

- _____ Tons/month, if transfer or other non-combustion/thermal treatment, or
- _____ Tons/hour, if combustion or thermal treatment

iii. If landfill, anticipated site life: _____ years

t. Will proposed action at the site involve the commercial generation, treatment, storage, or disposal of hazardous waste? Yes No

If Yes:

i. Name(s) of all hazardous wastes or constituents to be generated, handled or managed at facility: _____

ii. Generally describe processes or activities involving hazardous wastes or constituents: _____

iii. Specify amount to be handled or generated _____ tons/month

iv. Describe any proposals for on-site minimization, recycling or reuse of hazardous constituents: _____

v. Will any hazardous wastes be disposed at an existing offsite hazardous waste facility? Yes No

If Yes: provide name and location of facility: _____

If No: describe proposed management of any hazardous wastes which will not be sent to a hazardous waste facility: _____

E. Site and Setting of Proposed Action

E.1. Land uses on and surrounding the project site

a. Existing land uses.

i. Check all uses that occur on, adjoining and near the project site.

Urban Industrial Commercial Residential (suburban) Rural (non-farm)

Forest Agriculture Aquatic Other (specify): Urban Residential

ii. If mix of uses, generally describe: _____

b. Land uses and covertypes on the project site.

Land use or Covertype	Current Acreage	Acreage After Project Completion	Change (Acres +/-)
• Roads, buildings, and other paved or impervious surfaces	.196	.280	.084
• Forested			
• Meadows, grasslands or brushlands (non-agricultural, including abandoned agricultural)			
• Agricultural (includes active orchards, field, greenhouse etc.)			
• Surface water features (lakes, ponds, streams, rivers, etc.)			
• Wetlands (freshwater or tidal)			
• Non-vegetated (bare rock, earth or fill)			
• Other Describe: _____			

c. Is the project site presently used by members of the community for public recreation? Yes No
i. If Yes: explain: _____

d. Are there any facilities serving children, the elderly, people with disabilities (e.g., schools, hospitals, licensed day care centers, or group homes) within 1500 feet of the project site? Yes No
If Yes,
i. Identify Facilities:
Waldorf Elementary School, Beagle Children's Day School, SUNY Empire College, Presbyterian Church

e. Does the project site contain an existing dam? Yes No
If Yes:
i. Dimensions of the dam and impoundment:
• Dam height: _____ feet
• Dam length: _____ feet
• Surface area: _____ acres
• Volume impounded: _____ gallons OR acre-feet
ii. Dam's existing hazard classification: _____
iii. Provide date and summarize results of last inspection:

f. Has the project site ever been used as a municipal, commercial or industrial solid waste management facility, or does the project site adjoin property which is now, or was at one time, used as a solid waste management facility? Yes No
If Yes:
i. Has the facility been formally closed? Yes No
• If yes, cite sources/documentation: _____
ii. Describe the location of the project site relative to the boundaries of the solid waste management facility:

iii. Describe any development constraints due to the prior solid waste activities: _____

g. Have hazardous wastes been generated, treated and/or disposed of at the site, or does the project site adjoin property which is now or was at one time used to commercially treat, store and/or dispose of hazardous waste? Yes No
If Yes:
i. Describe waste(s) handled and waste management activities, including approximate time when activities occurred:

h. Potential contamination history. Has there been a reported spill at the proposed project site, or have any remedial actions been conducted at or adjacent to the proposed site? Yes No
If Yes:
i. Is any portion of the site listed on the NYSDEC Spills Incidents database or Environmental Site Remediation database? Check all that apply: Yes No
 Yes – Spills Incidents database Provide DEC ID number(s): _____
 Yes – Environmental Site Remediation database Provide DEC ID number(s): _____
 Neither database
ii. If site has been subject of RCRA corrective activities, describe control measures: _____

iii. Is the project within 2000 feet of any site in the NYSDEC Environmental Site Remediation database? Yes No
If yes, provide DEC ID number(s): _____
iv. If yes to (i), (ii) or (iii) above, describe current status of site(s):

v. Is the project site subject to an institutional control limiting property uses? Yes No

- If yes, DEC site ID number: _____
- Describe the type of institutional control (e.g., deed restriction or easement): _____
- Describe any use limitations: _____
- Describe any engineering controls: _____
- Will the project affect the institutional or engineering controls in place? Yes No
- Explain: _____

E.2. Natural Resources On or Near Project Site

a. What is the average depth to bedrock on the project site? _____ > 6 feet

b. Are there bedrock outcroppings on the project site? Yes No
 If Yes, what proportion of the site is comprised of bedrock outcroppings? _____ %

c. Predominant soil type(s) present on project site: Windsor loamy sand _____ 100 %
 _____ %
 _____ %

d. What is the average depth to the water table on the project site? Average: _____ feet

e. Drainage status of project site soils: Well Drained: _____ 100 % of site
 Moderately Well Drained: _____ % of site
 Poorly Drained _____ % of site

f. Approximate proportion of proposed action site with slopes: 0-10%: _____ 100 % of site
 10-15%: _____ % of site
 15% or greater: _____ % of site

g. Are there any unique geologic features on the project site? Yes No
 If Yes, describe: _____

h. Surface water features.

i. Does any portion of the project site contain wetlands or other waterbodies (including streams, rivers, ponds or lakes)? Yes No

ii. Do any wetlands or other waterbodies adjoin the project site? Yes No
 If Yes to either *i* or *ii*, continue. If No, skip to E.2.i.

iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by any federal, state or local agency? Yes No

iv. For each identified regulated wetland and waterbody on the project site, provide the following information:

- Streams: Name _____ Classification _____
- Lakes or Ponds: Name _____ Classification _____
- Wetlands: Name _____ Approximate Size _____
- Wetland No. (if regulated by DEC) _____

v. Are any of the above water bodies listed in the most recent compilation of NYS water quality-impaired waterbodies? Yes No
 If yes, name of impaired water body/bodies and basis for listing as impaired: _____

i. Is the project site in a designated Floodway? Yes No

j. Is the project site in the 100 year Floodplain? Yes No

k. Is the project site in the 500 year Floodplain? Yes No

l. Is the project site located over, or immediately adjoining, a primary, principal or sole source aquifer? Yes No
 If Yes:
 i. Name of aquifer: _____

<p>m. Identify the predominant wildlife species that occupy or use the project site: _____ _____ _____</p>	
<p>n. Does the project site contain a designated significant natural community? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes: <i>i.</i> Describe the habitat/community (composition, function, and basis for designation): _____ _____ <i>ii.</i> Source(s) of description or evaluation: _____ <i>iii.</i> Extent of community/habitat:</p> <ul style="list-style-type: none"> • Currently: _____ acres • Following completion of project as proposed: _____ acres • Gain or loss (indicate + or -): _____ acres 	
<p>o. Does project site contain any species of plant or animal that is listed by the federal government or NYS as endangered or threatened, or does it contain any areas identified as habitat for an endangered or threatened species? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	
<p>p. Does the project site contain any species of plant or animal that is listed by NYS as rare, or as a species of special concern? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>	
<p>q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fishing? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, give a brief description of how the proposed action may affect that use: _____ _____</p>	
E.3. Designated Public Resources On or Near Project Site	
<p>a. Is the project site, or any portion of it, located in a designated agricultural district certified pursuant to Agriculture and Markets Law, Article 25-AA, Section 303 and 304? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, provide county plus district name/number: _____</p>	
<p>b. Are agricultural lands consisting of highly productive soils present? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No <i>i.</i> If Yes: acreage(s) on project site? _____ <i>ii.</i> Source(s) of soil rating(s): _____</p>	
<p>c. Does the project site contain all or part of, or is it substantially contiguous to, a registered National Natural Landmark? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes: <i>i.</i> Nature of the natural landmark: <input type="checkbox"/> Biological Community <input type="checkbox"/> Geological Feature <i>ii.</i> Provide brief description of landmark, including values behind designation and approximate size/extent: _____ _____</p>	
<p>d. Is the project site located in or does it adjoin a state listed Critical Environmental Area? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes: <i>i.</i> CEA name: _____ <i>ii.</i> Basis for designation: _____ <i>iii.</i> Designating agency and date: _____</p>	

e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on, or has been nominated by the NYS Board of Historic Preservation for inclusion on, the State or National Register of Historic Places?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
If Yes:	
<i>i.</i> Nature of historic/archaeological resource: <input type="checkbox"/> Archaeological Site <input checked="" type="checkbox"/> Historic Building or District	
<i>ii.</i> Name: <u>Circular Street Historic District</u>	
<i>iii.</i> Brief description of attributes on which listing is based: <u>historic homes</u>	
f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
g. Have additional archaeological or historic site(s) or resources been identified on the project site?	
If Yes:	
<i>i.</i> Describe possible resource(s): _____	
<i>ii.</i> Basis for identification: _____	
h. Is the project site within five miles of any officially designated and publicly accessible federal, state, or local scenic or aesthetic resource?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
If Yes:	
<i>i.</i> Identify resource: <u>Saratoga Springs Open Space Resources 2002</u>	
<i>ii.</i> Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail or scenic byway, etc.): <u>City roadway entry corridors, State Park, farms</u>	
<i>iii.</i> Distance between project and resource: _____ <u>.5 - .5</u> miles.	
i. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCRR 666?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If Yes:	
<i>i.</i> Identify the name of the river and its designation: _____	
<i>ii.</i> Is the activity consistent with development restrictions contained in 6NYCRR Part 666?	
<input type="checkbox"/> Yes <input type="checkbox"/> No	

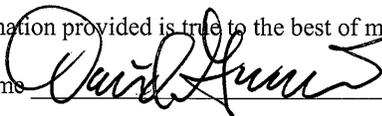

F. Additional Information

Attach any additional information which may be needed to clarify your project.

If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.

G. Verification

I certify that the information provided is true to the best of my knowledge.

Applicant/Sponsor Name  Date 9-22-16

City of Saratoga Springs Complete Streets Checklist

Saratoga Springs Complete Street Policy Vision (May 2012)

The City of Saratoga Springs Complete Streets Policy will encourage the development of a complete streets network throughout the City to create a more balanced transportation system. The Policy shall be consistent with and assist in achieving the goals and recommendations set forth in the City's Comprehensive Plan and other policy documents. The Policy shall ensure new and updated public and private projects are planned, designed, maintained and operated to enable safer, comfortable and convenient travel to the greatest extent possible for users of all abilities including pedestrians, bicyclists, motorists and transit riders.

This checklist is intended to assist the City in achieving its vision for complete streets.

Project Name: _____ **Date:** _____

Project Location / Limits: _____

Project Description: _____

Instructions: For each box checked, please provide a brief description for how the item is addressed, not addressed, or not applicable and include supporting documentation.

Street Classification (identify street or streets within the project area)

Principal arterial Minor arterial Mixed use collector Mixed use local
 Residential collector Residential local Special use street

EXISTING CONDITIONS

Item to Be Addressed/ Checklist Consideration	YES	NO	N/A	Required Description
Existing Bicycle & Pedestrian Operations				
Do bicycle and pedestrian accommodations exist? (see page 2 for examples)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Existing Transit Operations				
Do transit facilities exist within the study area, including bus and train stops/stations?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Is the project area on a transit route? (CDTA Service Routes)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Are there bicycle racks, shelters, or parking for transit riders available?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Existing Access and Mobility				
Do connective opportunities exist with schools, hospitals, senior care or community centers or persons with disabilities within project area?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Are there gaps inhibiting continuous access between schools, hospitals, senior care, or community centers or persons with disabilities within project area?"	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Project Area Context				
Are there prominent landmarks, recreation, shopping, employment center, cultural centers or other key destinations that offer opportunities to connect this site?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
Please list and/or describe planning or policy documents addressing bicyclist, pedestrian, transit, or truck/ freight use for the project area. Examples can include: City of Saratoga Springs Comprehensive Plan , City of Saratoga Springs Open Space Plan , Capital District Transportation Committee Bicycle/ Pedestrian Priority Network , City Standard Details , etc.

ENGINEERING REPORT

21 PARK PLACE SUB-DIVISION

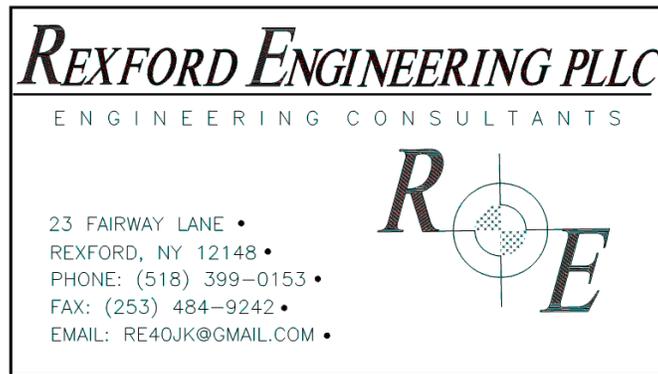

File No. 2016-1

21 PARK PLACE

SARATOGA SPRINGS, NEW YORK 12866

Applicant: David P. Guarino & Linda E. Haner

Prepared by:

September 21, 2016

Introduction:

Rexford Engineering PLLC has been retained by the applicants David P. Guarino and Linda E. Haner of 21 Park Place, Saratoga Springs, New York to provide land planning and site/civil engineering services in connection with the subdivision application for 21 Park Place, Saratoga Springs, New York 12866, tax map number 166.84-1.1. Subdivision approval will be required from the Planning Board which includes all requirements listed on the City of Saratoga's Preliminary/Final Subdivision Approval Required Submittal Checklist. This report fulfills Item 6 under the Required Items part of that checklist and accompanies Rexford Engineering PLLC drawings V1, S1, S2 and S3. V1 is the vicinity plan, S1 is the subdivision plat, S2 is the sediment and erosion control plan and S3 contains site plan details.

Description of Intended Site Development & Use:

21 Park Place is located on the corner of Park Place and Regent Street in Saratoga Springs New York. The 31,363 square foot (0.72 acre) lot has an existing building approximately 5390 square foot in living area containing three dwelling units. There is one 3 bedroom dwelling on the first floor and two 2 bedroom dwellings on the second floor. The building is accessed by two separate driveways, one from Park Place and one from Regent Street. The lot area is nearly level with a maximum elevation difference of 2-3'. The grounds are grassy with ten to eleven fully mature 24 to 36" oak trees.

The proposed subdivision of this parcel would result in dividing the single lot into two lots. The existing lot address would change from 21 Park Place to 106 Regent Street. This lot would retain the two driveways currently used for the property (one on Regent and one on Park Place). The Park Place driveway will be a shared driveway by way of an easement. The existing Park Place driveway for the proposed 106 Regent Street lot will be slightly modified to widen it to 10 feet and move the driveway closer to the eastern property line. This will maximize the new lots boundary and parking for the existing lot. The resulting 106 Regent Street lot would be 19,524 square feet (0.448 acres) in total and 54% impermeable post construction.

A second lot on the existing parcel would be created and marketed for sale. This lot is assumed to accommodate a single two family home (2 dwelling units) and a detached 2 car garage. The new lot would have an address of 21 Park Place and be 12,112 square feet (0.278 acres) in area. The 21 Park Place address would be accessible via shared driveway from Park Place. The new lot will be 34% impermeable.

Compliance with the requirements of Table 3 of the City of Saratoga Springs Zoning Ordinance is as shown on the subdivision plat, S1.

Municipal water and sewer exists along both Regent Street as well as Park Place. The new lot, being within the boundary of the current property lines of 21 Park Place would also be served by these municipal services. Natural gas and electric utilities are also available along both streets.

Water Report:

Municipal water service is currently provided by the City of Saratoga Springs. A 4" diameter water main runs along both Regent Street and Park Place. The existing residence is connected to the water main from the Regent Street side. The new lot will require a 1" diameter water service line which will tap into the 4" water main on Park Place approximately as shown on S1.

On July 14, 2015 at 10:30 a.m. North East Fire Protection Systems Incorporated performed a hydrant flow test per NFPA 291. The hydrant flow test indicated static pressures in the area of Park Place and Regent Street of 71 pounds per square inch (psi). During the flow test, the hydrant flow, running at approximately 435 gallons per minute (GPM), caused the residual pressure at the test hydrant to drop to 46 psi giving a theoretical available flow of approximately 639 GPM at 20 psi. Refer to Attachment A for the Hydrant Flow Test Report provided by Northeast Fire Protection Systems, Inc. This flow is adequate for Class B and C hydrants.

Currently, there are 7 bedrooms within the 3 dwelling units on the property. Using a standard use rate of 110 gallons per capita day^{Note1} (gpcd) the existing property can be estimated to have a total use of 770 gpd. This equates to an annual water consumption usage of 281,000 gallons.

The new lot will accommodate a two family home with conceivably 3 bedrooms per dwelling unit. In this assumption an additional 660 gpd can be expected. The total annual water consumption would increase by 241,000 gallons to 522,000 gallons (1,430 gallons per day).

The average daily demand for water to both lots is approximately 1 gpm over a 24 hour period. The maximum daily demand is 2 gpm based on twice the average. The peak hourly flow is approximately 4.2 gpm based on 4.2 times the average. Instantaneous peak demand is estimated at 40 gpm^{Note4}.

Connections and appurtenances, including mechanical joints, tees, isolation valves, thrust blocks, trenching, bedding, service connections, as well as testing and disinfection will all be specified in accordance with City of Saratoga Springs standards.

Sanitary Report:

Municipal sewer is provided along both Park Place and Regent Street. There is an 8" sanitary sewer main located on Regent Street and a 10" main located on Park Place. An existing service line connects the existing building to the sanitary sewer main on the Regent Street side. The new lot would support a two family dwelling. A two dwelling unit building would be expected to use a 4" to 6" diameter PVC service line connecting to the 10" Park Place sanitary main.

There are 7 bedrooms within the 3 dwelling units currently on the property. Using a standard sanitary sewer of 110 gallons per capita day (gpcd)^{Note1} the existing property can be estimated to have an annual sanitary flow of 281,000 gallons.

The new lot will accommodate a two family home with conceivably 3 bedrooms per dwelling unit. In this assumption an additional 660 gpd can be expected. The total wastewater flow rate would increase by 241,000 gallons to 522,000 gallons (1,430 gallons per day).

The average daily flow for wastewater to the Park Place and Regent sanitary mains for both lots is approximately 1 gpm over a 24 hour period. The estimated peak hourly flow is approximately 4.2 gpm based on 4.2 times the average.

Pipe, trenching, bedding, service connections, and testing will all be specified in accordance with City of Saratoga Springs minimum standards.

Soil Conditions:

The site soil type is Windsor loamy sand (WnA), nearly level, hydrologic soil group A. The depth to any restrictive feature is greater than 80 inches. The soil is classified as excessively drained with percolation tests resulting in infiltration rates in excess of 5 in/hr, confirmed by Falling Head testing conducted by Daniel G. Loucks P.E. Geotechnical Engineering in December of 2014.

Storm sewer catch basins exist at the intersection of Park Place and Regent Street and connect into a 12" storm sewer main. Due to the small scale of residential construction and highly draining soil the project is not expected to create significant additional stormwater flows. The addition of landscaping and small rain garden type features near downspouts will be very effective.

Sediment & Erosion Control:

A sediment and erosion control plan has been developed in order to specify minimum controls and measures to reduce sediment runoff during construction. A construction entrance has been specified to accommodate the construction of both the new lot and the expanded driveway construction of the existing lot if they happen simultaneously. A potential topsoil storage area for foundation backfill and topsoil has been identified on S2 and will be surrounded by silt fencing. In general, excavated soil for foundations that will not be retained for backfill and topsoil grading will be shipped off site daily. Concrete trucks are not allowed to wash on the premises. Sediment fencing has been specified on three sides of the project area to reduce off site erosion migration. A total of 0.12 acre will be temporarily disturbed during this residential construction.

OWNER: DAVID P. GUARINO & LINDA E. HANER
 21 PARK PLACE SUBDIVISION
 PROPOSED SUBDIVISION PLAT S1

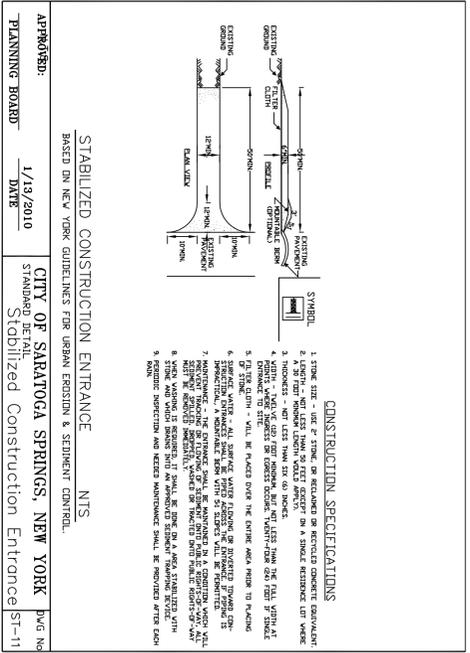

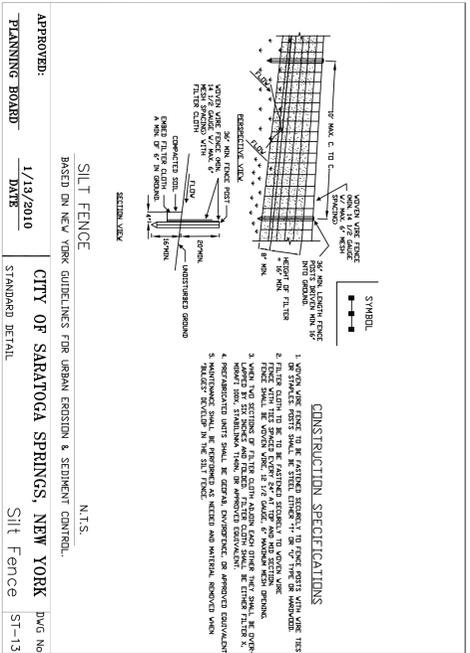

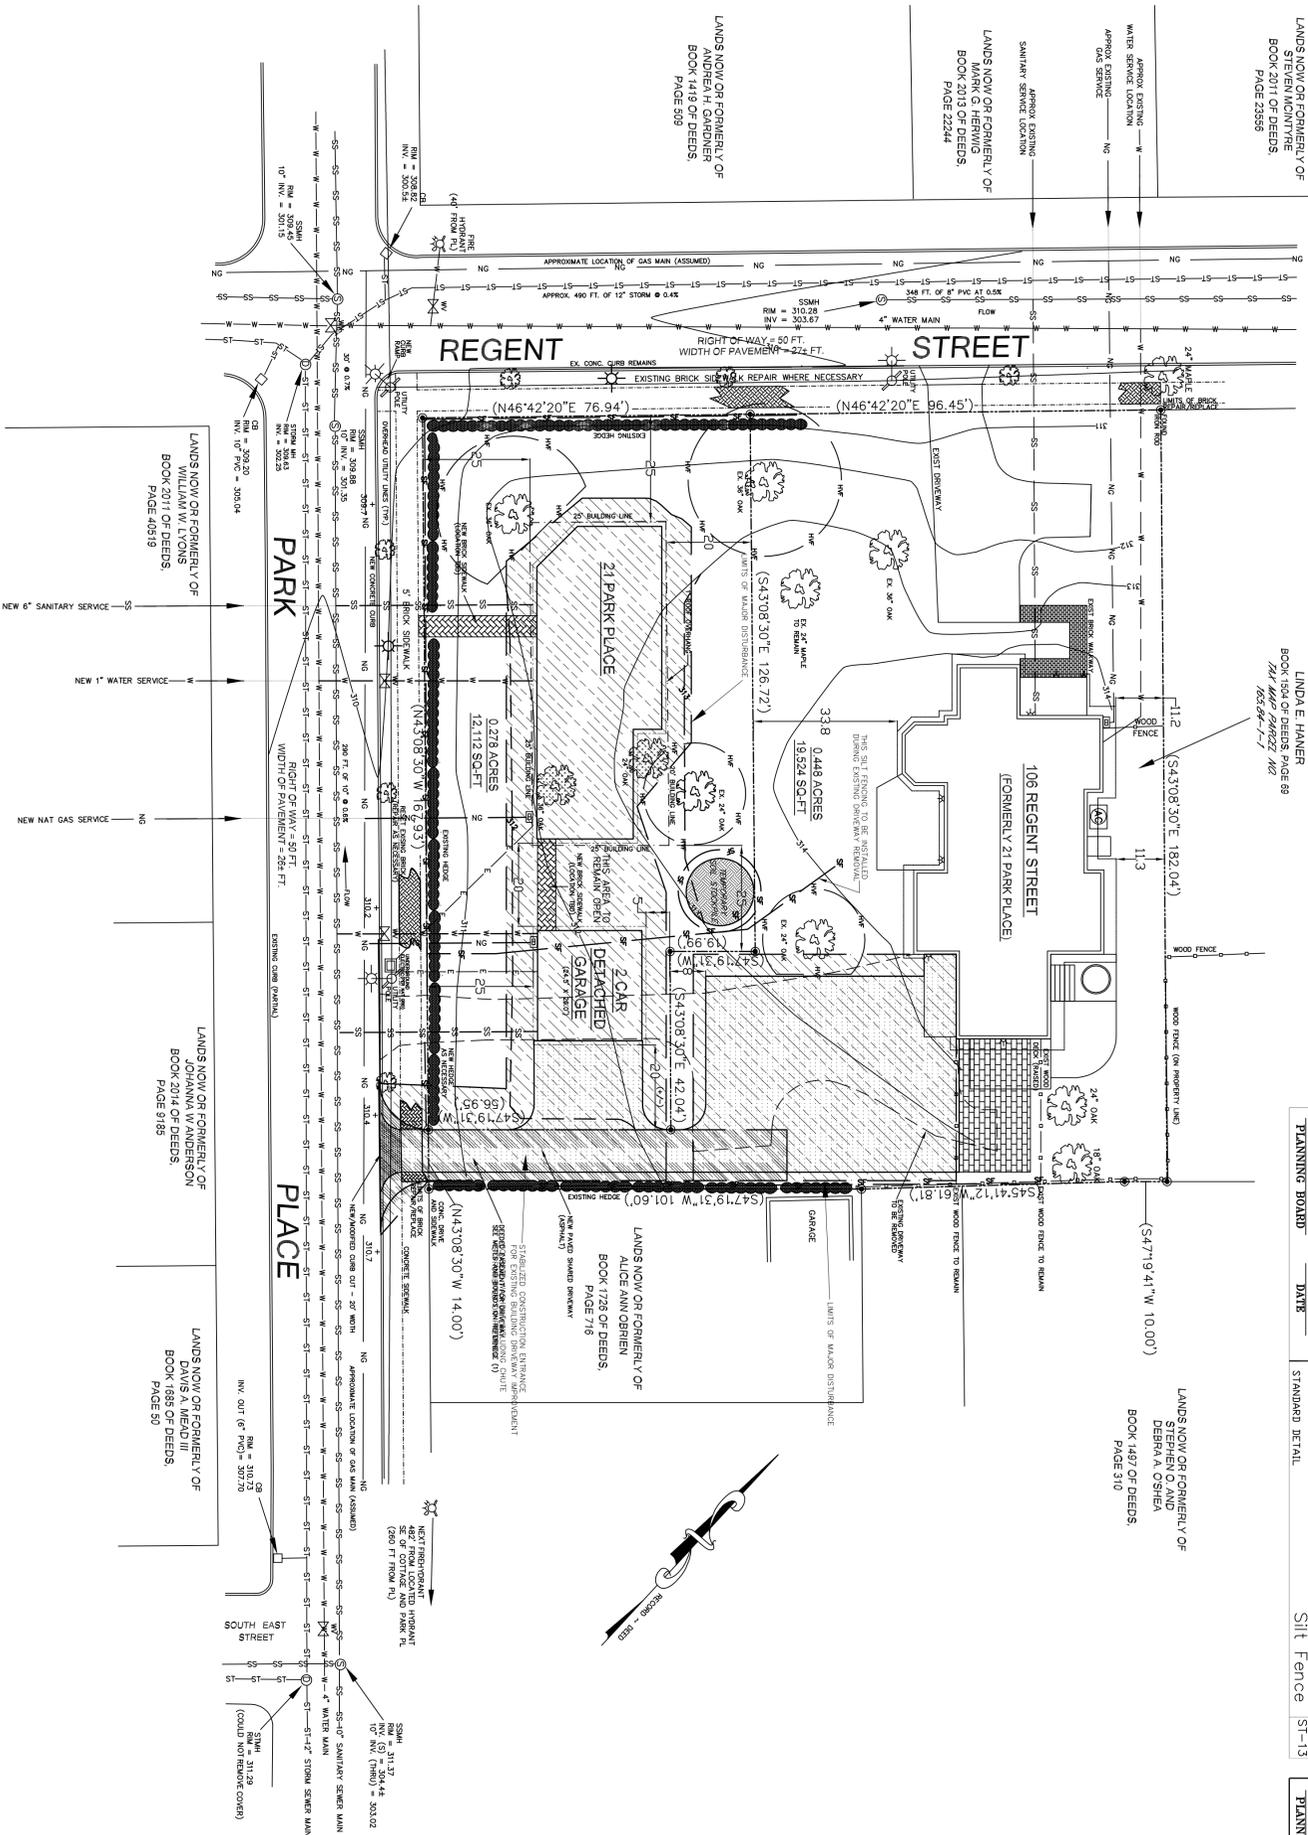

TREE PROTECTION NOTES

1. TREES WILL BE PROFESSIONALLY PRUNED PRIOR TO CONSTRUCTION, FOLLOWING ALL CERTIFIED ARBORIST INSTRUCTIONS, AND BRANCHES THAT COULD BE DAMAGED WILL BE REMOVED.
2. HIGH VISIBILITY ORANGE PROTECTIVE FENCING ON FLANGED POSTS WILL BE INSTALLED PER DETAIL ABOVE TO FORM A TREE PROTECTION ZONE. FENCE SHALL BE MAINTAINED IN GOOD CONDITION THROUGHOUT THE ENTIRETY OF THE PROJECT.
3. FENCING SHALL BE PLACED USING THE GENERALLY ACCEPTED TRUNK DIAMETER METHOD (FITE & SMILEY, 2008 "MANAGING TREES FOR CONSTRUCTION"). [MEASURE THE DIAMETER OF THE TREE 6" ABOVE THE GROUND AND MULTIPLY BY 6 TO DETERMINE THE RADIUS OF THE PROTECTIVE FENCING].

4. PLACE FENCING PER MINIMUM DIAMETER FOUND IN 3 ABOVE WHERE POSSIBLE AROUND TREES TO BE PROTECTED. WHERE CONSTRUCTION AREAS OR STRUCTURES COINCIDE WITH MINIMUM DIAMETER LOCATE FENCING AS CLOSE AS PRACTICAL TO MINIMUM DIAMETER.
5. NO VEHICLES WILL BE ALLOWED TO DRIVE IN THE TREE PROTECTION ZONE.
6. NO CHEMICALS OR MATERIALS WILL BE DUMPED IN THE TREE PROTECTION ZONE.
7. NO MATERIALS WILL BE STORED IN THE TREE PROTECTION ZONE.
8. TREATMENT OF EXPOSED ROOTS: ROOTS GREATER THAN 1-1/2" IN DIAMETER WILL BE CLEARLY CUT AND WRAPPED IN WET BURLAP. SOAKER HOSES MAY BE NEEDED TO KEEP THE BURLAP WET. BURLAP WILL BE REMOVED PRIOR TO BACKFILLING.

9. WORK WITHIN THE TREE PROTECTION ZONE WILL BE DONE MANUALLY.
10. FENCE MAY BE REMOVED OR ADJUSTED FOR DRIVEWAY, WALKWAY AND LANDSCAPING CONSTRUCTION ACTIVITIES.

- PROPOSED:**
 LIMITS OF TEMP CONSTRUCTION DISTURBANCE APPROXIMATELY 10,750 SQ-FT
 SILT FENCES: APPROXIMATELY 600 FT
 HIGH VISIBILITY FENCE: APPROXIMATELY 250 FT
 STABILIZED CONSTRUCTION ENTRANCES: APPROXIMATELY 75 FT
- NOTES:**
 1. TOPSOIL AND FILL THAT IS TO REMAIN STOCKPILED ON SITE FOR PERIODS EXCEEDING 30 DAYS SHALL BE STABILIZED BY SEEDING. PRIOR TO THE SEEDING OPERATION, THE STOCKPILED MATERIAL SHALL BE GRADED AS NEEDED AND FEASIBLE TO PERMIT THE USE OF CONVENTIONAL EQUIPMENT AND FOR SEED PREPARATION, FERTILIZATION, SEEDING, MULCH APPLICATION AND ANCHORING.
 2. ENSURE CALL BEFORE YOU DIG IS CONTACTED 72 HOURS PRIOR TO ANY EXCAVATION. TENSORS ARE TO BE MARKED PRIOR TO ANY EXCAVATION. DIG SAFELY. NEW YORK CAN BE REACHED AT 811, 1-800-962-7962 OR WWW.DIGSAFE.NY.COM.
 3. WASHING CONCRETE FROM CONSTRUCTION VEHICLES, INCLUDING CONCRETE TRUCK CHUTES, ON SITE PREMISES IS PROHIBITED.
 4. HIGH VISIBILITY FENCES TO BE ERRECTED AROUND PROTECTED TREES AT OR BEYOND THE DRIP WHERE POSSIBLE. FENCE TO REMAIN DURING MAJOR EXCAVATION OF BUILDING FOUNDATIONS. FENCE MAY BE REMOVED FOR DRIVEWAY, WALKWAY OR LANDSCAPING CONSTRUCTION. SEE DETAIL.
