Mayor Kelly opened the public hearing at 6:55 p.m.

Commissioner Martin advised this is to amend chapter 225 in regards to alternate street parking on Birch Street and time limit parking in City parking lots. They will be restoring 24 hour parking in the upper deck of the Putnam Street lot with the exception of a few spaces adjacent to the west wall of the lot.

Meagan O'Carroll of Saratoga Springs stated she appreciates change the parking back to 24 hours. Until the City is able to provide a parking plan that is able to address the needs of visitors and residents she can't support this.

Pam Funicello of Saratoga Springs stated their parking was radically affected when the spots were changed to 3 hour parking. She thanked the Council for reconsidering the parking time.

Mayor Kelly closed the public hearing at 7:01 p.m.

Capital Budget Amendment – City Buildings & Facilities

Mayor Kelly opened the public hearing at 7:01 p.m.

Commissioner Scirocco advised this amendment is to cover City Hall restoration. The amount the capital budget will be increased by is \$4,226,700. This covers expenses related to City Hall renovation and restoration. Of this amount, \$1,313,988 will be provided by insurance and \$2,912,712 will be new bonding.

Mayor Kelly concluded the public hearing at 7:05 p.m. and left it open.

Commissioner Madigan stated she sent a letter to Liberty in January/February and she has not had a response. She hopes to receive a response.

CALL TO ORDER

Mayor Kelly called the meeting to order at 7:05 p.m.

PUBLIC COMMENT

Mayor Kelly said the public comment period is limited to a total of 15 minutes and individuals are limited to two minutes.

Mayor Kelly opened the public comment period at 7:06 p.m.

Jennifer Leidig of Saratoga Springs stated they requested the Council pull the piece of property out regarding the hospital from the UDO. She also read some notes from a letter from Theresa Capozzola, a member of the Comprehensive Plan Committee. Theresa Capozzola states it is clear the neighbors don't want this project and the Comprehensive Plan should be a product of the citizens.

Angelo Calbone of Saratoga Springs and CEO of the hospital stated the hospital has been evaluating the property they recently purchased for a number of years. The DA Collins family had been patient waiting for the hospital to make the purchase as they contacted the hospital and asked if they are going to purchase it be done this year otherwise they are going to move on.

Dennis Holte of Saratoga Springs stated he sent a letter to the mayor and the commissioners with video links from the Comprehensive Plan Committee. The agenda from the November 17, 2017 meeting did not mention discussion about the hospital or Morgan Street rezoning. He asked the full time deputies to look at all the agendas and tell him where it is mentioned in the agenda.

Craig Klotz of Collins Terrace stated he stands against the rezoning of parcel 1. The process has been flawed from the beginning and there has been a lack of transparency by the Comprehensive Plan Committee.

Barbara Holte submitted a letter from a neighbor that couldn't be here.

Claudia Braimer, attorney for neighbors going by the name of Saratoga Concerned Neighbors. She pointed out the Comprehensive Plan and the future land use map still says one of the options for parcel #1 is residential zoning. They are asking the Council to reject any change and leave it as residential. It is clear the hospital wants to develop the property at some point even though there is no formal application in front of the City at this time. Until the time the hospital comes forward with their plans, this parcel should remain residential.

Chris Mathiesen of Saratoga Springs stated he believes the City Council did not pay enough attention to parcel 1 when they voted on this in 2015. It is important to put the neighborhoods first and would like to see the Council bring this back for an amendment to the Comprehensive Plan.

Alice Smith of Saratoga Springs stated it was a big mistake when it was initially introduced into the Comprehensive Plan. The City council has taken a stand that this parcel cannot be separated from the Comprehensive Plan; that is not true. They are asking to revise one parcel in the City.

Matt Jones, attorney for the hospital, stated the Comprehensive Plan Committee was unanimous in recommending the change to the Comprehensive Plan. The City Council was unanimous in adopting the amendments to the Comprehensive Plan and then the Planning Board was unanimous in issuing a negative SEQRA declaration and its recommendation to the City Council for a change of zoning which would provide for a medical office building.

Mary Carr of Saratoga Springs stated it is important to remind the doctors that they are to do no harm. Building on their land is doing harm to the people, residents, and City of Saratoga Springs.

Mayor Kelly closed the public comment period at 7:24 p.m.
