Fran Ludwig, president of club house estate homeowners association stated she is asking for an updated on the Comprehensive Plan proposed amendment. One of their residents is a civil engineer and provided an evaluation (attached).

Tracey Chamberlain of Saratoga Springs stated she supports the Comprehensive Plan. She as well as the neighborhoods feel it is important to follow that plan. This proposal doesn't fall in line with the Comprehensive Plan.

Mayor Kelly concluded the public hearing at 7:01 p.m. and left it open.

Commissioner Madigan stated she heard the neighbors the first time they were here to speak on this. She did respond to the project's attorney after that meeting and has not heard back from them. She would not be supporting this project due to no response and the proposal as it is today.

Brian Harrison of Clubhouse Drive stated this is looking like a classic case of spot zoning. Someone made a proposal speculating on a piece of property and hoping they can get something outside the zoning laws. He urged they do not let this go forward.

Commissioner Scirocco stated this project has more questions than answers at this time. He is in favor of affordable housing/workforce housing in the City but not this project. He will vote no if it comes to the table.

Commissioner Franck explained the process of how to go about a zoning amendment.

CALL TO ORDER

PUBLIC COMMENT

Mayor Kelly said the public comment period is limited to a total of 15 minutes and individuals are limited to two minutes.

Bonnie Sellers of Saratoga Springs stated she looks forward to the Wesley Project that was proposed at the last City Council meeting. She hopes it turns out well for all.

Dennis Holte of 19 Collins Terrace stated the zoning proposal is for the benefit of the hospital. This has not been given enough attention. No one seems to care.

Dave Mastrianni of Saratoga Springs stated he was raised here, practiced medicine here for many years and is now the administrative head of the 250 member group. This project is a big deal to the hospital; it is a very competitive business. It will be a recruiting tool to get the best talent for the community.

Susan Armer of Saratoga Springs stated she lives behind the hospital and is employed by the hospital. She wants the Council to understand not all neighbors are against the hospital's project. Her priority along with the hospital's is to provide the best medical care to the entire community.

Mary Reickman of 16 Collins Terrace stated she supports the hospital. This is a win/win/win for everyone. The hospital can build and construct a state of the art facility and be able to attract the skill needed.

Barbara Hotay of 19 Collins Terrace stated she is not against the hospital. They do have other land to build on; such as on Myrtle Street. She asked the Council to think about the homeowners and not allow the hospital to build on that space when there are other alternatives.

Sam Brewer of Saratoga Springs asked a tax impact analysis be done regarding the homes surrounding the hospital.

Alice Smith of Saratoga Springs stated she does not have opposition to the hospital; it is a wonderful institution. They would like to see the hospital use the other parcel to expand. They also asked for that parcel to be separated from the plan.

Commissioner Madigan responded to the comment regarding the Comprehensive Committee and the sunshine laws. She explained how the Comprehensive Plan Review Committee was formed.

Mayor Kelly closed the public comment period at 7:26 p.m.
