

# ENHANCING UNION AVENUE

## PUBLIC MEETING

**The City of Saratoga Springs wants to hear from you!**

The City is in the planning phase of a streetscape improvement project to enhance Saratoga Springs signature street - Union Avenue between East Avenue and Circular Street.

The City is hosting a public workshop and will be providing background information and context for the overall project as well as asking for feedback from residents and neighbors. The goal of the project is to connect Union Avenue to upcoming NYSDOT improvements between East and Henning Street, improve pedestrian connectivity and walkability, create safe spaces to bike, and make a more welcoming street for all users while respecting the history and architecture of Union Avenue.
